RACE, RELIGION & RACISM

Volume 1

A Bold Encounter With
Division in the Church

Race Religion Racism

**Aisha M. Beliso-De Jesús, Jemima
Pierre, Junaid Rana**

Race Religion Racism:

Race, Religion & Racism: Jesus, Christianity & Islam Frederick K. C. Price, 1999 A full two years before the September 11 2001 plane crashes pulverized New York's World Trade Center before Osama Bin Laden's name became a household word and before the country ever strained to sort out the issue of muslim aggression this book was on its way *Race, Religion, and the Continuing American Dilemma* C. Eric Lincoln, 2011-04-01 A classic work on religion and the racial problems of modern America now brought up to date Since the early days of the Republic Americans exuberant unchastened idealism their commitment to the notion of a perfect society in the New World has clashed with the reality of ugly American society and religious groups have all too often accommodated themselves to these injustices In *Race Religion and the Continuing American Dilemma* C Eric Lincoln reevaluates what Gunnar Myrdal called the American dilemma and studies particularly the influence of the black church This revised edition takes into account the weakening of welfare and affirmative action and argues that the black church must serve today as a vital moral authority to lead us in to the twenty first century *Race, Religion, and the Continuing American Dilemma* Charles Eric Lincoln, 1990 **Race, Religion & Racism: A bold encounter with division in the church** Frederick K. C. Price, 1999 Divided by Faith Michael O. Emerson, Christian Smith, 2000-07-20 Through a nationwide telephone survey of 2 000 people and an additional 200 face to face interviews Michael O Emerson and Christian Smith probed the grassroots of white evangelical America They found that despite recent efforts by the movement's leaders to address the problem of racial discrimination evangelicals themselves seem to be preserving America's racial chasm In fact most white evangelicals see no systematic discrimination against blacks But the authors contend that it is not active racism that prevents evangelicals from recognizing ongoing problems in American society Instead it is the evangelical movement's emphasis on individualism free will and personal relationships that makes invisible the pervasive injustice that perpetuates racial inequality Most racial problems the subjects told the authors can be solved by the repentance and conversion of the sinful individuals at fault Combining a substantial body of evidence with sophisticated analysis and interpretation the authors throw sharp light on the oldest American dilemma In the end they conclude that despite the best intentions of evangelical leaders and some positive trends real racial reconciliation remains far over the horizon **Race, Religion and Racism** Frederick K. Price, 1999 This no holds barred volume presents a broad picture of how racism has become so firmly entrenched in America via the church It accurately addresses such issues as the church's role in slavery the truth about interracial marriage and biblical facts about the Curse of Ham **The Specter of Genocide** Robert Gellately, Ben Kiernan, 2003-07-07 Genocide mass murder and human rights abuses are arguably the most perplexing and deeply troubling aspects of recent world history This collection of essays by leading international experts offers an up to date comprehensive history and analyses of multiple cases of genocide and genocidal acts with a focus on the twentieth century The book contains studies of the Armenian genocide the victims of Stalinist terror the Holocaust and

Imperial Japan Several authors explore colonialism and address the fate of the indigenous peoples in Africa North America and Australia As well there is extensive coverage of the post 1945 period including the atrocities in the former Yugoslavia Bali Cambodia Ethiopia Rwanda East Timor and Guatemala The book emphasizes the importance of comparative analysis and theoretical discussion and it raises new questions about the difficult challenges for modernity constituted by genocide and other mass crimes

Ethnicity, Race, Religion Katherine M. Hockey, David G. Horrell, 2018-06-28 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Religion ethnicity and race are facets of human identity that have become increasingly contested in the study of the Bible largely due to the modern discipline of biblical studies having developed in the context of Western Europe concurrent with the emergence of various racial and imperial ideologies The essays in this volume address Western domination by focusing on historical facets of ethnicity and race in antiquity the identities of Jews and Christians and the critique of scholarly ideologies and racial assumptions which have shaped this branch of study The contributors critique various Western European and North American contexts and bring fresh perspectives from other global contexts providing insights into how biblical studies can escape its enmeshment in often racist notions of ethnicity race empire nationhood and religion Covering issues ranging from translation and racial stereotyping to analysing the significance of race in Genesis and the problems of an imperialist perspective this volume is vital not only for biblical scholars but those invested in Christian Jewish and Muslim identity

The Somatechnics of Whiteness and Race Elaine Marie Carbonell Laforteza, 2016-03-09 Investigating the emergence of a specific mestiza mestizo whiteness that facilitates relations between the Philippines and Western nations this book examines the ways in which the construction of a particular form of Philippine whiteness serves to deploy positions of exclusion privilege and solidarity Through Filipino Filipino Australian and Filipino American experiences the author explores the operation of whiteness showing how a mixed race identity becomes the means through which racialised privileges authority and power are embodied in the Philippine context and examines the ways in which colonial and imperial technologies of the past frame contemporary practices such as skin bleaching the use of different languages discourses of bilateral relations secularism development and the movement of Filipino Australian and American bodies between and within nations Drawing on key ideas expressed in critical race and whiteness studies together with the theoretical concepts of somatechnics biopolitics and governmentality The Somatechnics of Whiteness and Race sheds light on the impact of colonial and imperial histories on contemporary international relations and calls for a queering or resignification of whiteness which acknowledges permutations of whiteness fostered within national boundaries as well as through various nation state alliances and fractures As such it will appeal to scholars of cultural studies sociology and politics with interests in whiteness postcolonialism and race

Race and Theology Dr. Elaine A. Robinson, 2012-10-01 White privilege and racial injustice persist in the Church and despite a commitment to promote justice for all racism is a reality of life and has been since before the founding of our nation

In addition throughout most of our nation's history theology as a discipline has remained silent about racism and at its worst overtly supported racist practices This book examines 1 what racism is and how it functions especially in the contemporary setting 2 how the United States has claimed to be God's chosen nation yet systematically disadvantages persons of color 3 how theology's silence sustains racial injustice in the Church rather than excises it and 4 how reformulating theological discourse can contribute to racial justice within ecclesial communities and the larger landscape of society The Horizons in Theology series offers brief but highly engaging essays on the major concerns and questions in theological studies Each volume addresses in a clear and concise style the scope and contours of a fundamental question as it relates to theological inquiry and application sketches the nature and significance of the subject and opens the broader lines of discussion in suggestive evocative and programmatic ways Written by senior scholars in the field and ideally suited as supplements in the classroom Horizons will be an enduring series that brings into plain language the big questions of theology It will inspire a new generation of students to eagerly embark on a journey of reflective study

The Anthropology of White Supremacy

Aisha M. Beliso-De Jesús, Jemima Pierre, Junaid Rana, 2025-01-28 An anthology of original essays that examine white supremacy around the globe through the lens of anthropology White supremacy an entrenched global system that emerged alongside European colonialism is based on presumed biological and cultural differences racist practices the hypervaluation of whiteness and the devaluation of nonwhites Anthropology has been shaped by and has helped to shape white supremacy yet the discipline also offers powerful tools for understanding this system at a global scale The Anthropology of White Supremacy gathers original essays from a diverse international group of anthropologists to explore how this phenomenon works both within anthropology and in cultural and political structures around the world The book features historical and ethnographic analysis about Brazil Iceland Japan Mexico Nigeria Palestine Senegal South Africa and the United States and addresses the ways white supremacy impacts a broad range of issues including finance advertising and media representations militarism police training migration and development The Anthropology of White Supremacy demonstrates not only how anthropology can help us to better comprehend white supremacy but also how the discipline can help us begin to dismantle it The contributors include Omolade Adunbi Samar Al Bulushi Aisha M Beliso De Jes's Michael L Blakey Mitzi Uehara Carter Subhadra Mitra Channa Celina de S Vanessa D az Britt Halvorson Faye V Harrison Sarah Ihmoud Anthony R Jerry Darryl Li Krist'n Loftsd'ttir Christopher A Loperena Keisha Khan Y Perry Jemima Pierre Jean Muteba Rahier Laurence Ralph Renya K Ramirez Junaid Rana Joshua Reno Rhea Rahman Jonathan Rosa Shalini Shankar Shannon Speed and Maria Dyveke Styve

Critical Faith Joni Schwartz-Chaney, 2024-04-23 Near hysteria has erupted in the media state and federal legislatures community boards and churches around critical race theory CRT Despite the term's history development and clearly defined meaning it has become a catch all for white America's fears deflections and equivocations on race society and the law Christians are no exception Their critiques routinely claim that CRT is rewriting of American history that it is anti

democratic and even heretical Critical Faith presents a counter argument to these claims and insists that CRT is a tool to grapple with the thorny issue of race in both society and the church In a reasoned tone Critical Faith defines the origins of CRT explains what the theory is and demonstrates its merits from teaching experiences of the author Schwartz Chaney argues that CRT is the victim of what Patricia Williams calls definitional theft and that by recovering its original meaning Christians can move past mischaracterizations and caricatures toward a more nuanced view of race racism and the tools available to make progress in the church and in society

Answered Prayer Guaranteed! Fred Price,2011-10 There is a way to pray so that you know God hears you and will answer your prayer There is a way to pray in faith all the time a way to get answers Amazon com

Holocaust Memory and Racism in the Postwar World Shirli Gilbert,Avril Alba,2019-07-08 Holocaust Memory and Racism in the Postwar World is intended for students and scholars of Holocaust and genocide studies professionals working in museums and heritage organizations and anyone interested in building on their knowledge of the Holocaust and the discourse of racism

Researching 'Race' and Ethnicity Yasmin Gunaratnam,2003-09-03 Drawing upon ethnographic research the author uses detailed case study examples to show how race and ethnicity is produced negotiated and resisted in qualitative research encounters

How to Fight Racism Jemar Tisby,2021-01-05 Winner of the 2022 ECPA Christian Book Award for Faith Culture How do we effectively confront racial injustice We need to move beyond talking about racism and start equipping ourselves to fight against it In this follow up to the New York Times Bestseller the Color of Compromise Jemar Tisby offers an array of actionable items to confront racism How to Fight Racism introduces a simple framework the A R C Of Racial Justice that teaches readers to consistently interrogate their own actions and maintain a consistent posture of anti racist behavior The A R C Of Racial Justice is a clear model for how to think about race in productive ways Awareness educate yourself by studying history exploring your personal narrative and grasping what God says about the dignity of the human person Relationships understand the spiritual dimension of race relations and how authentic connections make reconciliation real and motivate you to act Commitment consistently fight systemic racism and work for racial justice by orienting your life to it Tisby offers practical tools for following this model and suggests that by applying these principles we can help dismantle a social hierarchy long stratified by skin color He encourages rejection passivity and active participation in the struggle for human dignity There is hope for transforming our nation and the world and you can be part of the solution

Hannah Arendt: Challenges of Plurality Maria Robaszkiewicz,Tobias Matzner,2021-11-15 This volume explores challenges posed by plurality as understood by Hannah Arendt but also the opportunities it offers It is an interdisciplinary collection of chapters including contributions from different traditions of philosophy political science and history The book offers novel perspectives on central issues in research on Arendt reconfiguring the existing interpretations and reinforcing the line of interpretation illuminating the phenomenological facets of Arendt s theory The authors of the contributions to this volume decisively put the notion of plurality in the center of the

collected interpretations pointing out that plurality in its dialectic form of commonality and difference is not only as assumed by default one of the most important notions in Arendt's theory but the very central one. At the same time plurality is a central issue in many current debates from populism and hate speech to migration and privacy. This collection therefore connects the theoretical advancements regarding Arendt and other political thinkers with some of the most pressing contemporary issues. This book will be of interest to scholars and advanced students from philosophy, political theory and related fields studying contemporary challenges of plurality as well as scholars interested in the work of Hannah Arendt.

The Gospel Beyond the Grave Lewis Brogdon, 2025-06-09 Will Black lives matter beyond the grave at history's end and on the day of judgment? In *The Gospel Beyond the Grave: Toward a Black Theology of Hope* Lewis Brogdon brings the history and experiences of Black people to bear on eschatology. Not only questioning why Black people have been ignored from the consideration of last things, he argues that a theologically sound eschatology must include a divine reckoning for slavery and racism. Brogdon also gives a fresh contextual lens to Christ's reconciliatory work that provides hope for our salvation from the sins of racism and a future together in a new heaven and new earth.

Slavery's Long Shadow James L. Gorman, Jeff W. Childers, Mark W. Hamilton, 2019-02-12 How interactions of race and religion have influenced unity and division in the church. At the center of the story of American Christianity lies an integral connection between race relations and Christian unity. Despite claims that Jesus Christ transcends all racial barriers, the most segregated hour in America is still Sunday mornings when Christians gather for worship. In *Slavery's Long Shadow*, fourteen historians and other scholars examine how the sobering historical realities of race relations and Christianity have created both unity and division within American churches from the 1790s into the twenty-first century. The book's three sections offer readers three different entry points into the conversation: major historical periods, case studies, and ways forward. Historians as well as Christians interested in racial reconciliation will find in this book both help for understanding the problem and hope for building a better future.

Contributors: Tanya Smith Brice, Joel A. Brown, Lawrence A. Q. Burnley, Jeff W. Childers, Wes Crawford, James L. Gorman, Richard T. Hughes, Loretta Hunnicutt, Christopher R. Hutson, Kathy Pulley, Edward J. Robinson, Kamilah Hall Sharp, Jerry Taylor, D. Newell Williams.
