Bristow, 2018-07-01 In his day Walter Wellman 1858-1934 was one of America's most famous men To his contemporaries he seemed like a character from a Jules Verne novel He led five expeditions in search of the North Pole two by dogsled and three by dirigible airship and in 1910 made the first attempt to cross the Atlantic Ocean by air which the self-styled expert on aerial warfare saw as a mission of world peace He endured hardships cheated death on more than one occasion and surrounded himself with a team of assistants as eccentric and audacious as he was In addition to his daring adventures Wellman became a nationally known political reporter and unofficial spokesman for the McKinley and Roosevelt administrations He was not the first newspaper sponsored adventurer but more than any of his predecessors he turned exploration into a real time media event and his reputation both flourished and suffered because of it Wellman lived during a time of rapid social and technological change when explorers were racing to fill in the last remaining blank spots on the map and when aviation promised to fulfill humanity's greatest hopes and darkest fears *Flight to the Top of the World* is a window into Wellman's time and illuminates many of its dreams and contradictions **The Super Friends Save Christmas/Race to the North Pole (DC Super Friends)** Billy Wrecks, J.
