across a range of fields from business and management to sociology and organization studies **Engendered Economics** Ellen Mutari, Heather Boushey, William Fraher, 2016-09-16 This book provides an overview of current developments within feminist political economy including reformulations of economic theory historical and empirical research on the economic roles and status of women and people of color as well as proposals for broadening the public policy agenda Rather than offering a feminist critique of neoclassical economics this volume presents feminist economics in dialogue with progressive economic theory and public policy It differentiates itself further by addressing issues of class race and sexuality in interaction with gender White Supremacy and Racism in the Post-civil Rights Era Eduardo Bonilla-Silva, 2001 Is a racial structure still firmly in place in the United States White Supremacy and Racism answers that question with an unequivocal yes describing a contemporary system that operates in a covert subtle institutional and superficially nonracial fashion Assessing the major perspectives that social analysts have relied on to explain race and racial relations Bonilla Silva labels the post civil rights ideology as color blind racism a system of social arrangements that maintain white privilege at all levels His analysis of racial politics in the United States makes a compelling argument for a new civil rights movement rooted in the race class needs of minority masses multiracial in character and focused on attaining substantive rather than formal equality **Race and the City** Henry Louis Taylor, 1993 In this collection authors from diverse perspectives explore various social political and economic factors that went into creating the ethnic geography and spatial character of Cincinnati from the city's early days until 1970 The contributors focus on the spatial character of Cincinnati in particular how the influence of its site and situation proscribes the quality of urban life for Black residents Essays on Black leadership residential patterns and occupational opportunity trace the development of American urbanization In addition works on reformers and reform organizations detail how the city's Black residents pursued opportunity and equality The result is an incisive portrait of a midwestern city rich in details of neighborhood development and historical events Publisher's description *Constraint of Race* Linda Faye Williams, 2010-11-01 The winner of the 2004 W E B DuBois Book Award NCOBPS and the 2004 Michael Harrington Award for an outstanding book that demonstrates how scholarship can be used in the struggle for a better world The Many Futures of Work Peter A. Creticos, Larry Bennett, Laura Owen, Costas Spirou, Maxine Morphis-Riesbeck, 2021-11-05 The Many Futures of Work is a collection of essays by scholars journalists and activists from across the United States all exploring what work may eventually look like given trends in the economy globalization technology society and public policy **Three Worlds of Labour Economics** Garth L. Mangum, P. Philips, 2016-07-08 First Published in 1988 More than ever before the economics profession is divided among three competing schools of thought Especially in labor economics neoclassical institutional and radical perspectives contend each approaching its analysis of issues from different world views and separate sets of assumptions This book presents four issues in labor economics income distribution racial discrimination comparable worth and the international division of labor **A History of Marxian**

Economics, Volume II Michael Charles Howard, John Edward King, 2014-07-14 This second volume completes a critical history of the social political and theoretical forces behind Marxian economics the only work in English to offer such comprehensive treatment Beginning with Marxian analyses of the Great Depression and Stalinism it explores the theories developed to explain the long boom in Western capitalism after the Second World War Later chapters deal with post Leninist theories of imperialism and continuing controversies in value theory and the theory of exploitation After outlining recent work on the second slump the integration of rational choice theory into Marxism and the political economy of socialism the book concludes with a review and evaluation of Marxian theory over the whole period since Marx's death Praise for the first volume Howard and King have done an excellent job One comes away with the impression of Marxian economics being a vibrant subject relevant to the problems of these times and useful in practical matters Meghnad Desai The Times Higher Education Supplement Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Alternatives to Economic Orthodoxy** Randy Albelda, 2016-07-08 Exploring the question of whether China's peasantry was a revolutionary force this volume pays particular attention to the first half of the 20th century when peasant based conflict was central to nationwide revolutionary processes It traces key themes of social conflict and peasant resistance **Paying the Social Debt** Richard F. America, 1993-08-18 Richard F America here redefines the complex problems of racial economic injustice poverty inequality and lagging competitiveness and productivity in the United States In a controversial analysis the author argues that there is a true debt owed by White America to Black America that this debt is significant and that it has now come due He estimates the size of Whites debt to Blacks shows how that debt came to be and suggests creative ways of paying it back This book argues persuasively that the social and racial problems in the United States cannot be solved until we acknowledge that the haves truly and literally owe money to the have nots **Gender and Political Economy** ,
