Return to a Chinese Village Jan Myrdal,1984 **Return to a Chinese Village** Jan Myrdal,1984 **A Chinese Village** Martin C. Yang,2013-07-04 This is Volume I of six in a collection on the Sociology of East Asia Originally published in 1948 this study looks at the village of Taitou in the Shantung Province **Moral Politics in a South Chinese Village** Hok Bun Ku,2003-08-25 Exploring sensitive issues often hidden to outsiders this engaging study traces the transformation and economic development of a south China village during the first tumultuous decade of reform Drawing on a wealth of intimate detail Ku explores the new sense of risk and mood of insecurity experienced in the post reform era in Ku Village a typical hamlet beyond the margins of richer suburban areas or fertile farmland Villagers dissatisfaction revolves around three key issues the rising cost of living mounting agricultural expenses and the forcible implementation of birth control quotas Faced with these daunting problems villagers have developed an array of strategies Their weapons include resisting policies they consider unreasonable by disregarding fees evading taxes and ignoring strict family planning regulations challenging the rationale of official policies and the legitimacy of the local government and its officials and reestablishing clan associations to supercede local Party authority Using lively everyday narratives and compelling personal stories Ku argues that rural people are not in fact powerless and passive instead they have their own moral system that informs their everyday family lives work and political activities Their code embodies concepts of fairness and justice a concrete definition of the relationship between the state and its citizens an understanding of the boundaries and responsibilities of each party and a clear notion of what constitutes good and bad government and officials On the basis of these principles they may challenge existing policies and deny the authority of officials and the government thereby legitimizing their acts of self defense Through his richly realized ethnography Ku shows the reader a world of memorable fully realized individuals striving to control their fate in an often arbitrary world **Marriage, Gender and Sex in a Contemporary Chinese Village** Sun-Pong Yuen,Pui-Lam Law,Yuk-Ying Ho,Fong-Ying Yu,2015-07-17 This book explores changing concepts of marriage and gender relationships and attitudes toward sex in a rural Chinese community over the past five decades The book is based on a study of an industrialized peasant village in Guangdong Province from 1994 to 1996 and subsequent visits from 2000 to 2002 According to the authors the rural economic reforms of the 1980s in southern China have challenged and reinforced the deep structure of Chinese familism and this has lead to tensions between tradition and modernity The first section of the book explores how attitudes toward marriage and courtship have changed over the past fifty years through personal accounts of three different marriages from different generations In Part II the transition from a traditional to a modern society is discussed from the perspective of several women from different generations The third section focuses on sexual relationships and the growing sex trade in the village Part IV includes updates to the original survey and takes a look at village politics *Chinese Transnational Networks* Chee-Beng Tan,2006-10-19 This innovative volume examines both China and Chinese overseas in

Returning Home with Glory Michael Williams, 2018-01-16 Employing the classic Chinese saying returning home with glory man zai rong gui as the title Michael Williams highlights the importance of return and home in the history of the connections established and maintained between villagers in the Pearl River Delta and various Pacific ports from the time of the Californian and Australian gold rushes to the founding of the People's Republic of China Conventional scholarship on Chinese migration tends to privilege nation state factors or concepts which are dependent on national boundaries Such approaches are more concerned with the migrants settlement in the destination country downplaying the awkward fact that the majority of the overseas Chinese huaqiao originally intended to and eventually did return to their home villages qiaoxiang Williams goes back to the basics by considering the strong influence exerted by the family and the home village on those who first set out in order to give a better appreciation of how and why many modest communities in southern China became more modern and affluent He also gives a voice to those who never left their villages women in particular Designed as a single case study this work presents detailed research based on the more than eighty villages of the Long Du district near Zhongshan City in Guangdong Province as well as the three major destinations Sydney San Francisco and Honolulu of the huaqiao who came from this region Out of this analysis of what truly mattered to the villagers the choices they had and made and what constituted success and failure in their lives a sympathetic portrayal of the huaqiao emerges Returning Home with Glory inaugurates the Hong Kong University Press book series Crossing Seas From the very local qiaoxiang or home village of migrants to the transnational destinations in America and Australia this book is a model of how to write diaspora into modern Chinese history The Cantonese Pacific comes alive in this highly readable book that is sure to capture our imagination Evelyn Hu DeHart Brown University A perceptively conceptualized and well researched case study of an emigrant community in the Pearl River Delta that extended its reach to Sydney the Hawaiian Islands and San Francisco Williams offers a refreshing qiaoxiang perspective through which to understand the experiences of Chinese immigrants in the late nineteenth and early twentieth centuries Yong Chen University of California Irvine This welcome study of Chinese mobility among settler societies of the Pacific places the family and the village at its heart just as its subjects did over the century under review to 1949 A path breaking study based on first hand research John Fitzgerald Swinburne University of Technology

Lin Juren,Xie Yuxi,2018-05-04 Over the last half century China has evolved from a poor rural country to a geopolitical powerhouse Rapid urbanization has been at the heart of that transformation and as migrant laborers have left their villages what has become of the rural communities that were once the center of economic social and cultural life And how do contemporary Chinese scholars understand those changes These are the questions that this compelling book answers Lengshuigou village located near the Shandong provincial capital of Jinan was first studied by Japanese social scientists in the early 1940s and then again in the 1980s and 1990s Building on these rich surveys this book traces changes from the early twentieth century to the present day in family and lineage social stratification personal networks annual and life cycle rituals village politics and elite formation Drawing on their own large scale survey of contemporary village households the authors analyze the physical and institutional changes that have altered the community as well as the shifts in interpersonal relations and attitudes that have upended centuries old systems of patriarchy and generational order This important book presents for the first time in English analysis by Chinese sociologists on the radical transformation of Chinese rural society Chinese in Eastern Europe and Russia Pál Nyiri,2007-10-18 This book provides a comprehensive overview of the Chinese in Russia and Eastern Europe from the nineteenth century to the present day *Diasporic Chinese Voluntary Associations in Transition* Ningning Chen,Emily Hertzman,Sylvia Ang,2025-02-17 Recent studies of Chinese voluntary associations CVAs have attempted to highlight the theoretical significance of CVAs for understandings of community re making However the power dynamics inherent in community re making have rarely been expounded In recognition of this this book weaves together case studies across countries in the Asia Pacific to explore the complex power relations played out in and through the transformation of CVAs Collectively CVAs are understood as ever changing heterogeneous ancestral communities composed of common ancestral ties be it origin locality surname religion or language Contributions to this book focus on CVAs in three ways 1 by foregrounding CVAs as sites of power relations through unpacking ethnic relations and gender hierarchies 2 by illuminating Chinese diaspora transnationalism beyond political economic perspectives and 3 by examining the contemporaneous transformation of ethnic Chinese communities in shifting times including amidst China s rise as a global power This book was originally published as a special issue of Ethnic and Racial Studies Chinese Village Life Today Gonçalo Santos,2021-08-22 An intimate look at twenty first century households in rural China China has undergone a remarkable process of urbanization but a significant portion of its citizens still live in rural villages To gain better access to jobs health care and consumer goods villagers often travel or migrate to cities and that cyclical transit and engagement with new technoscientific and medical practices is transforming village life In this thoughtful ethnography Gon alo Santos paints a richly detailed portrait of one rural township in Guangdong Province north of the industrialized Pearl River Delta region Unlike previous studies of rural urban relations and migration in China Chinese Village Life Today based on Santos s more than twenty years of field research starts from a rural community s point of view rather than the perspective of major urban

centers Santos considers the intimate choices of village families in the face of larger forces of modernization showing how these negotiations shape the configuration of daily village life from marriage childbirth and childcare to personal hygiene and public sanitation Santos also outlines the advantages of a rural existence including a degree of autonomy over family planning and community life that is rare in urban China Filled with vivid anecdotes and keen observations this book presents a fresh perspective on China s urban rural divide and a grounded theoretical approach to rural transformation *The Saturday Evening Post* ,1925 Drink Water, But Remember the Source Ellen Oxfeld,2010-09-20 Drink Water But Remember the Source is a lively and readable ethnography that will reshape our understanding of moral discourse in the Chinese countryside Oxfeld greatly improves upon the usual claims that China is losing all forms of communal morality by illustrating the multiplicity of views refracted through concrete events Robert P Weller Boston University **Chinese America** Marlon K.
