Lieberman,2021-09-02 Volume 5 examines the history of Judaism in the Islamic World from the rise of Islam in the early sixth century to the expulsion of Jews from Spain at the end of the fifteenth This period witnessed radical transformations both within the Jewish community itself and in the broader contexts in which the Jews found themselves The rise of Islam had a decisive influence on Jews and Judaism as the conditions of daily life and elite culture shifted throughout the Islamicate world Islamic conquest and expansion affected the shape of the Jewish community as the center of gravity shifted west to the North African communities and long distance trading opportunities led to the establishment of trading diasporas and flourishing communities as far east as India By the end of our period many of the communities on the other side of the Mediterranean had come into their own while many of the Jewish communities in the Islamicate world had retreated from their high water mark

Discovering Cyrus: The Persian Conqueror

Astride the Ancient World Reza Zaghamee,2015-09-25 Discovering Cyrus The Persian Conqueror Astride the Ancient World Some of the most fascinating human epochs lie in the borderlands between history and mystery So it is with the life of Cyrus the Great founder of the Persian Empire in the sixth century B C By conquest or gentler means he brought under his rule a dominion stretching from the Aegean Sea to the Hindu Kush and encompassing some tens of millions of people All across this immense imperium he earned support and stability by respecting local customs and religions avoiding the brutal ways of tyranny and efficiently administering the realm through provincial governors The empire would last another two centuries leaving an indelible Persian imprint on much of the ancient world The Greek chronicler Xenophon looking back from a distance of several generations wrote Cyrus did indeed eclipse all other monarchs before or since The biblical prophet Second Isaiah anticipated Cyrus repatriation of the Jews living in exile in Babylon by having the Lord say He is my shepherd and will accomplish all that I please Despite what he achieved and bequeathed much about Cyrus remains uncertain Persians of his era had no great respect for the written word and kept no annals The most complete accounts of his life were composed by Greeks More fragmentary or tangential evidence takes many forms among them archaeological remains administrative records in subject lands and the always tricky stuff of legend Given these challenges Discovering Cyrus The Persian Conqueror Astride the Ancient World is a remarkable feat of portraiture In his vast sweep Reza S Zaghamee draws on sources of every kind painstakingly assembling detail and always weighing evidence carefully where contradictions arise He describes the background of the Persian people the turbulence of the times and the roots of Cyrus policies His account of

the imperial era itself delves into religion military methods commerce court life and much else besides The result is a living breathing Cyrus standing atop a distant world that played a key role in shaping our own **Mennonite mirror** ,1981
