Teaching International Law, 2023-12-18. Teaching International Law is a topic of great importance in international law academia. In the past, renowned international lawyers and research institutions have dealt with this matter. This book brings

together a larger number of established international lawyers who not only present the state of the art of this discipline but also their own vision and perspective. Traditionally teachers of international law had considerable influence on the development and the understanding of this subject. The international legal system has profoundly changed but in time of enormous challenges for the survival of mankind the voice of the teachers should again be heard. **Engaging with**

Foreign Law Basil S Markesinis, Jörg Fedtke, 2009-03-30 This book presents a developed theory of how national lawyers can approach, understand and make use of foreign law. Its theme is pursued through a set of detailed essays which look at the courts as well as business practice and with the help of statistics demonstrate what type of academic work has any impact on the real world. Engaging with Foreign Law thus aims to carve out a new niche for comparative law in this era of globalisation and may also be the only book which deals in some depth with both private and public law in countries such as England, Germany, France, South Africa and the United States.
