New Design In Weaving:

New Design in Weaving Donald J. Willcox, 1970 **Design of New Weave Patterns** Radostina A. Angelova, 2019 This book presents a systematic study on methods used for the creation of weave patterns for simple structures Firstly it explains known techniques for designing new weave patterns classified as patterns merge motifs patterns insertion and change of the displacement number These are discussed as possibilities to create different textures and weaving effects supported by figures of patterns colour view and fabric appearance simulation Secondly it explains original methods for design of new weave patterns based on Boolean operations musical scores written texts and braille alphabet including transformations performed advantages disadvantages possible applications and designs , **Design in Motion** Laura A. Frahm, 2022-07-19 The first comprehensive history in English of film at the Bauhaus exploring practices that experimented with film as an adaptable elastic polymedium With *Design in Motion* Laura Frahm proposes an alternate history of the Bauhaus one in which visual media and film in particular are crucial to the Bauhaus's visionary pursuit of integrating art and technology In the first comprehensive examination in English of film at the Bauhaus Frahm shows that experimentation with film spanned a range of Bauhaus practices from textiles and typography to stage and exhibition design Indeed Bauhausler deployed film as an adaptable elastic polymedium malleable in shape and form unfolding and refracting into multiple material aesthetic and philosophical directions Frahm shows how the encounter with film imbued the Bauhaus of the 1920s and early 1930s with a flexible notion of design infusing painting with temporal concepts sculptures with moving forms photographs with sequential aesthetics architectural designs with a choreography of movement Frahm considers among other things student works that explored light and the transparent features of celluloid and cellophane weaving practices that incorporate cellophane experimental films social documentaries and critical reportage by Bauhaus women and the proliferation of film strips in posters book covers and other typographic work Viewing the Bauhaus's engagement with film through a media theoretic lens Frahm shows how film became a medium for design in motion Movement and process rather than stability and fixity become the defining characteristics of Bauhaus educational aesthetic and philosophical ethos
