New Dimensions In Marketing Quality Of Life Research:

Handbook of Quality-of-Life Research M. Joseph Sirgy, 2013-04-18 This handbook provides students of quality of life QOL research with an understanding of how QOL research can be conducted from an ethical marketing perspective a perspective based on positive social change The handbook covers theoretical philosophical and measurement issues in QOL research The handbook also approaches selected QOL studies in relation to various populations in various life domains The marketing approach is highly pragmatic because it allows social and behavioral scientists from any discipline to apply marketing concepts to plan social change and assess the impact of intervention strategies on the QOL of targeted populations

Quality of Life Research Mark Rapley, 2003-03-18 Many books have been published on quality of life research in recent years but few are as thought provoking or original as this one It is essential reading for anyone who a serious and critical interest in this topic Nurse Researcher This was a fun book to read and I would suggest it be used for a graduate level seminar where of course it would lead to a lively discussion Quality of Life Research Quality of life is one of the fastest growing areas of research and policy The concept has an intuitive appeal as a measure of the well being of individuals communities and nations It is increasingly promoted as an aid for political decisions and public funding But what does the concept really mean And how can it be operationalized in teaching and research This is the first introductory text to offer a critical overview of the concept of quality of life and the ways in which it is researched Using an inter disciplinary approach the book covers every aspect of the concept and its application from the calculation of Quality Adjusted Life Years to conversation analysis and from the estimation of the quality of life of nation states to ethnographic studies of the life quality of individual disadvantaged people The book fills a huge gap in teaching and research Written with authority and the need to produce an accessible critical introduction to the field it will be of interest to students of sociology psychology public health and nursing health economics politics and medicine

New Dimensions in Marketing/quality-of-life Research M. Joseph Sirgy, A. Coskun Samli, **Handbook of Tourism and Quality-of-Life Research** Muzaffer Uysal, Richard Perdue, Joseph Sirgy, 2012-01-07 Quality of life QOL research in tourism has gained much momentum over the last two decades Academics working in this area research issues related to tourists and host communities Practitioners are becoming increasingly interested in understanding the science that allows them to develop better marketing and managerial programs designed to enhance the quality of life of tourists Tourism bureaus and government agencies are increasingly interested in issues of sustainable tourism specifically in understanding and measuring the impact of tourism on the quality of life of the residents of the host communities This handbook covers all relevant topics and is divided into two parts research relating to travelers tourists and research relating to the residents of host communities It is the only state of the art reference book in its field and will prove invaluable to academics interested in QOL research as well as tourism practitioners interested in applying the science of QOL in the tourism industry

The Psychology of Quality of Life M. Joseph Sirgy, 2012-06-20 The

second edition will be an update and further elaboration of the literature related to subjective well being happiness and life satisfaction It will have a new substantial section that focuses on reviewing much of the literature of subjective well being within specific life domains social life material life leisure life work life community life spiritual life family life health life sex life travel life etc In the 1st edition the research in these various life domains was discussed only briefly The second edition will maintain the same organizational structure of the first edition that is Part 1 will focus on introduction definitions and distinctions examples of measures of subjective well being happiness and life satisfaction and motives underlying subjective well being Part 2 will focus on psychological strategies that allow people to optimize subjective well being by engaging in psychological processes related to the relationship between and among life domains e g social life family life love life spiritual life community life financial life etc This part will contain four chapters related to these various inter domain processes bottom up spillover top down spillover horizontal spillover and compensation Part 3 of the book will focus on intra domain psychological strategies designed to optimize subjective well being These include re evaluation based on personal history re evaluation based on self concept re evaluation based on social comparison goal selection goal implementation and attainment and re appraisal Part 4 of the book will focus on balance processes how people attempt to create balance in their lives using psychological processes within specific life domains intra domain strategies and processes that relate one domain to another inter domain strategies

Work and Quality of Life Nora P. Reilly, M. Joseph Sirgy, C. Allen Gorman, 2012-05-31 Employees have personal responsibilities as well as responsibilities to their employers They also have rights In order to maintain their well being employees need opportunities to resolve conflicting obligations Employees are often torn between the ethical obligations to fulfill both their work and non work roles to respect and be respected by their employers and coworkers to be responsible to the organization while the organization is reciprocally responsible to them to be afforded some degree of autonomy at work while attending to collaborative goals to work within a climate of mutual employee management trust and to voice opinions about work policies processes and conditions without fear of retribution Humanistic organizations can recognize conflicts created by the work environment and provide opportunities to resolve or minimize them This handbook empirically documents the dilemmas that result from responsibility based conflicts The book is organized by sources of dilemmas that fall into three major categories individual organizational internal policies and procedures and cultural social forces external to the organization including an introduction and a final integration of the many ways in which organizations can contribute to positive employee health and well being This book is aimed at both academicians and practitioners who are interested in how interventions that stem from industrial and organizational psychology may address ethical dilemmas commonly faced by employees

A Life Devoted to Quality of Life Filomena Maggino, 2015-10-20 This Festschrift is published in honor of Alex C Michalos a great scholar and inspiration to many upcoming and famous academics and practitioners The Festschrift celebrates his lifelong outstanding scientific and cultural contribution to Quality of Life

Research It contains contributions written by the most prestigious and renowned scholars in the field of social indicators research and quality of life studies Taken together the contributions from scholars around the world reflect Michalos stance that even though there may be differences in individual scientific positions the language in the field of quality of life has no limits and boundaries *Handbook of Social Indicators and Quality of Life Research* Kenneth C. Land,Alex C. Michalos,M. Joseph Sirgy,2011-11-25 The aim of the Handbook of Social Indicators and Quality of Life Research is to create an overview of the field of Quality of Life QOL studies in the early years of the 21st century that can be updated and improved upon as the field evolves and the century unfolds Social indicators are statistical time series used to monitor the social system helping to identify changes and to guide intervention to alter the course of social change Examples include unemployment rates crime rates estimates of life expectancy health status indices school enrollment rates average achievement scores election voting rates and measures of subjective well being such as satisfaction with life as a whole and with specific domains or aspects of life This book provides a review of the historical development of the field including the history of QOL in medicine and mental health as well as the research related to quality of work life QWL programs It discusses several of QOL main concepts happiness positive psychology and subjective wellbeing Relations between spirituality and religiousness and QOL are examined as are the effects of educational attainment on QOL and marketing and the associations with economic growth The book goes on to investigate methodological approaches and issues that should be considered in measuring and analysing quality of life from a quantitative perspective The final chapters are dedicated to research on elements of QOL in a broad range of countries and populations *Advances in Quality-of-Life Theory and Research* M. Joseph Sirgy,Don Rahtz,A. Coskun Samli,2013-03-09 *Advances in Quality of Life Theory and Research* is relevant to quality of life researchers working in the areas of Social Medicine Sustainable Development Social Indicators Research and Health Psychology Behavioral Medicine This volume contains 14 chapters that represent a culmination of programmatic research in the science of quality of life QOL Each chapter offers interesting findings in different areas of QOL research and together the chapters reflect the very basic premise that QOL research is a broad interdisciplinary topic explored in a multidisciplinary manner The research methods and conceptual models used by the different authors are exemplary and can induce QOL researchers to conduct future research in QOL in other cultures geographic areas and different socio economic and demographic groups as well as in different QOL domains **Handbook of Tourism and Quality-of-Life Research II** Muzaffer Uysal,M. Joseph Sirgy,2023-09-23 The second volume of this handbook develops on and extends the discussion in the successful first volume published in 2012 This is a timely addition to the literature drawing on the momentum that quality of life QOL research in tourism has gained in the 21st century and on the boom in the tourism industry itself It focuses on four areas of growth in QOL research in the recent past 1 travelers tourists 2 host communities 3 service providers and 4 the role of technology The handbook helps management of tourism firms and policy makers develop specific policies and programs to ensure the most

positive impact of tourism on tourists host communities and service providers The comprehensive coverage of topics in this handbook makes it a state of the art reference Academics interested in QOL research in travel and tourism tourism practitioners interested in applying the science of QOL in the tourism industry as well as policy makers involved in regulating the industry will view the handbook as indispensable source of recent research Best Practices in Marketing and their Impact on Quality of Life Helena Alves, José Luis Vázquez, 2013-06-04 This book is based on the premise that marketing is central to understanding and advancing companies businesses countries major economic areas and every day problems It opposes the view held by some social scientists that the positive effects of marketing in a society are a product of capitalist enterprises and that marketing involves excessive exploitation and is a tool for creating and maintaining their power structures To illustrate its point the book examines successful marketing practices with implications for consumers quality of life Its compilation of cases from all over the world provides a unique and concise review of best practices in marketing and their impact on QOL Each case in the book presents a specific social problem and discusses details of the marketing strategy adopted to resolve it as well as the results obtained both for society at large and in terms of the citizens quality of life In addition each case addresses the theoretical background of the specific area of marketing used in the case **A Quality of Life Approach to Career Development** Geoffrey Peruniak, 2010-04-02 Career development the processes that shape a person's career over his or her life is a relatively new field of research in applied psychology In A Quality of Life Approach to Career Development Geoffrey S Peruniak draws from philosophy sociology literature anthropology psychology political science and economics to form a new holistic approach to career development that extends beyond paid work to include all aspects of life Emphasizing that a person is a whole entity rather than a role or category Peruniak also explores nature and the place of community in relation to career development theories A highly original text with broad theoretical appeal to several disciplines A Quality of Life Approach to Career Development also includes exercises and case studies Most importantly this book provides a new approach that will complement more specialized methods and serve as a foundation for further study in the field *Best Practices in Hospitality and Tourism Marketing and Management* Ana María Campón-Cerro, José Manuel Hernández-Mogollón, José Antonio Folgado-Fernández, 2018-07-30 This volume analyses the positive effects that tourism generates on residents' quality of life and how this influences tourists' quality of life as they enjoy an enriching experience in the destination they visit It provides significant theoretical and empirical contributions as well as case studies related to quality of life in hospitality and tourism marketing and management This volume is the result of the effort that many researchers from all over the world have done to spread some new light on this outstanding research line and add knowledge on the relationship between tourism and quality of life of both residents and tourists This last is highlighted as a fundamental factor to take into account for the development of new tourism practices This volume is a true reference for researchers students and professionals working in tourism marketing and management **Tourists, Tourism**

and the Good Life Philip Pearce, Sebastian Filep, Glenn Ross, 2010-09-13 The recent surge in positive psychology has tremendous potential to augment current tourism study This book examines the linkages between tourists tourism and positive psychology and will interest those who study and practise tourism as well as scholars in a range of disciplines such as psychology business and sociology

The Balanced Life M. Joseph Sirgy, 2022-05-05 The balanced life is a state of equally moderate to high levels of satisfaction in important and multiple life domains that contribute to overall life satisfaction This book strives to improve the reader's understanding of what the balanced life is and how it can be both achieved and maintained Its primary goal is therefore to identify the major principles of life balance and to introduce a comprehensive construct of the balanced life reflective of these principles It discusses how life balance substantially contributes to subjective well being defined as life satisfaction a preponderance of positive over negative feelings and absence of ill being and explores strategies to attain life balance It argues that achieving life balance through manipulating one's thoughts and taking concrete action will lead to increased personal happiness Aimed at professional academic and lay audiences this book is grounded in scientific studies related to work life balance and the balanced life

Co-Creation and Well-Being in Tourism Antónia Correia, Metin Kozak, Juergen Gnoth, Alan Fyall, 2017-04-05 This book offers a wealth of new views and interpretations of well being in tourism emphasizing the role that co creation the creation or enhancement of value through tourist engagement with tourism providers and other tourists is increasingly playing in enriching tourist experiences A combination of theoretical and empirically based contributions relating to various tourism contexts shed light on existing and potential contributions of tourists and destination providers to tourist well being Readers will find novel and compelling insights into both the very nature of wellbeing as perceived by the tourist and the opportunities that are emerging as tourists become savvy decision makers capable of activating their own networks and resources in order to shape their experiences The book will be of interest for all who wish to learn more about the character and the construction of well being within tourism the relationship of well being to a range of factors and the ways in which tourism operators can assist tourists in creating high value experiences

Community Quality-of-Life Indicators M. Joseph Sirgy, Don Rahtz, David Swain, 2007-07-07 This book is the second in a series covering best practices in community quality of life QOL indicators The first volume is a compilation of cases of best work in community indicators research This volume builds on the goal of the series and includes eleven cases describing communities that have launched their own community indicators programs Elements included are the history of the community indicators work within the target region and the planning of community indicators

Leisure, Sport and Tourism, Politics, Policy and Planning, 4th Edition A J Veal, 2017-05-05 The gap between theory and practice in the leisure sport and tourism studies areas seems to have widened as scholars have become more specialized Nevertheless it is imperative that students be as familiar as possible with a wide range of social and political theory and also be able to reconcile that knowledge with their own current and future roles as practicing professionals As well as extensive updating of

sources this new edition examines such topics as libertarianism theocracy anti establishment politics and the concept of generations A new chapter presents discussions of a number of issues and challenges facing the leisure sport and tourism sector Introducing the subject for undergraduate and postgraduate students of leisure sport and tourism this book is also a useful addition to the shelf of any policy maker or practitioner within the industries

Measuring the Impact of the Nonprofit Sector Patrice Flynn, Virginia A. Hodgkinson, 2013-11-11 One of the major tasks facing researchers practitioners and funders is the development of empirical tools to measure the inherent worth of nonprofit organizations as well as the sector as a whole Renowned scholars present chapters on the state of the art of performance measurement in the nonprofit sector and seek to establish a framework for a long term research agenda to identify quantify and self assess those qualities that make the nonprofit sector unique

Emotion and Discourse in L2 Narrative Research Matthew T. Prior, 2015-10-22 This book examines the interactional management of emotionality in second language autobiographical interview research Advancing a discursive constructionist approach it offers a timely methodological and reflexive perspective that brings into focus the dynamic and dilemmatic aspects of interviewee and interviewer identities and experiences and it makes visible the often unexpected and unseen consequences for the research project and beyond The author weaves together critical discussion and empirical analysis based on longitudinal narrative based research with adult immigrants from Southeast Asia living in the US and Canada This interdisciplinary book will be compelling reading for students researchers and others interested in emotion narrative discourse identity interaction interviews and qualitative research
