Warren, Sharon L. Eisenstat, 1996 One of America s largest collections of quilts containing almost 400 examples at the time of this publication and steadily growing belongs to the Museum of American Folk Art in New York City As it is a national not a regional institution the Museum does not restrict its collection by location nor is it restricted by time period The quilts have been made all over the country and range in date from the late eighteenth to the late twentieth century Until this publication however there has been no comprehensive guide to the Museum s quilts almost all of which have been donated by collectors in the field Highlights from the collection have been published and exhibited many times but the purpose of this book is to provide an opportunity for quiltmakers collectors scholars and others to explore the collection
