

# **‘new’ Englishes**

- Spoken in US, Canada, Australia, New Zealand, and South Africa
- Developed independently of and differently from British English, due to 1) mixture of dialects and accents of the early settlers; and 2) influence of the languages of the indigenous locals
- Direct decadence from British English + spoken as mother tongues → strong element of continuity in use

# New Englishes

## New Englishes:

**World Englishes** Kingsley Bolton, Braj B. Kachru, 2006      *Englishes in English Language Teaching* Marzieh Sadeghpour, 2019-07-23 The unprecedented growth and recognition of new world Englishes call for English language teaching programs to consider the place and relevance of the paradigm of World Englishes to the content and delivery of their curricula. This concern is particularly compelling in the multi-varietal contexts such as Australia where speakers from different Kachruvian Circles interact frequently with one another. Investigating the place and pertinence of World Englishes in English language teaching in Australia, this book explores the perceptions of English language teachers from culturally and linguistically diverse backgrounds working in Australia. Looking at the effect on teachers' confidence when dealing with different varieties of English, the pedagogical implications and the causes of varying degrees of perception among teachers. The author highlights the possible changes that could take place that would pave the ground for the development of World Englishes-informed curriculum and pedagogy for English as an International Language which would in turn provide opportunities for learners to develop requisite competencies for intercultural communication. These are the skills which enable learners to successfully interact with speakers of various Englishes and negotiate and navigate with their interlocutors the differing cultural conceptualisations associated with the varieties of English during international and intercultural communication. Vital reading for anyone researching English language teaching or varieties of English and those teaching English as an international language anywhere in the world.

**World Englishes** Jennifer Jenkins, 2003 Assuming no prior knowledge, this book offers an accessible overview of English dialects with activities, study questions, sample analyses, commentaries, key readings. It is structured around four sections: introduction, development, exploration, extension.

**The Oxford Handbook of World Englishes** Markku Filppula, Juhani Klemola, Devyani Sharma, 2017 This collection heralds a direct, mutually constructive engagement with current linguistic theories, questions and methodologies toward World Englishes. It achieves this through areal overviews, theoretical chapters and case studies. Its 36 articles are divided between four themes: Foundations, World Englishes and Linguistic Theory, Areal Profiles and Case Studies. Cumulatively, it offers detailed accounts of the structure and social histories of specific varieties of English spoken across the globe.

*The Variability of Current World Englishes* Eugene Green, Charles F. Meyer, 2014-08-27 *Faces of English* explores the phenomenon of increasing dialects, varieties and creoles even as the spread of globalization supports an apparently growing uniformity among nations. The book's chapters supply descriptions of Jamaican English in Toronto, English as an L2 in a South African mining township, Chinese and English contact in Singapore, unexpected emergent variants in Canadian English and innovations in the English of West Virginia. Further, the book offers some perspective on internet English as well as on abiding uniformities in the lexicon and grammar of standard varieties. In the analyses of this heterogeneous growth, such considerations as speakers' sociolinguistic profiles, phonological, morpho-syntactic and lexical variables, frequencies and

typological patterns provide ample insight in the current status of English both in oral and electronic communities The opening chapter presents a theoretical framework that argues for linguistic typology as conceptually resourceful in accommodating techniques of analysis and in distinguishing the wide arrays of English found throughout the globe One clear function for Faces of English is that of a catalyst to spur studies of diversities in English and in other languages to suggest approaches to adapt to invite counterargument and developments in analysis Getting at GET in World Englishes

Elisabeth Bruckmaier, 2017-02-20 Despite its exceptional frequency and versatility GET has never been a focus of research in its entire variability which goes from lexical to grammatical uses nor in large amounts of data from different varieties of English The present corpus based study deals with over 11 600 tokens of GET in written and spoken language from three varieties of English and thus provides new insights for variationist linguistics Firstly it offers a comprehensive semasiological syntactic analysis of GET i e an analysis of all its meanings and all the constructions into which it enters suggesting ten categories as being necessary for its complete description Secondly it contributes to the understanding of factors that are at work in variation in World Englishes and lead to quantitative differences between regional standard varieties Thus the present study demonstrates that the use of GET in the New Englishes analysed is less affected by substrate effects than by the effects of Second Language Acquisition and the varying influence of British and American English norms Moreover it can be shown that the New Englishes display more grammatical uses of GET than does British English **World Englishes**

Gunnel Melchers, Philip Shaw, Peter Sundkvist, 2019-06-05 The third edition of World Englishes provides an engaging overview of the global variations in vocabulary grammar phonology and pragmatics of English as it is used worldwide This book introduces the principles of linguistic variation and provides coverage on the roots of English the spread of English variations of English as a second language and trends for the future Thoroughly updated throughout in line with recent research this third edition now also includes 43 audio examples of speakers of native 17 and of non native 26 English reflecting the global variety of the language available to download from [www.routledge.com/9781138487659](http://www.routledge.com/9781138487659) descriptions of selected twenty first century developing varieties including Chinese English Russian English and Vietnamese English greater linguistic detail on second language English in many areas improved and updated descriptions of first language varieties a new framework for describing lexical variation full discussion throughout of English in social media Offering a thorough and detailed descriptive account of all the main varieties of English across the globe World Englishes provides a balanced discussion of political issues and the sociolinguistic background to variation in English spoken and written face to face on paper and online in the twenty first century This book is essential reading for students approaching this topic for the first time English as a Contact Language Daniel Schreier, Marianne Hundt, 2013-01-17 Highlights the complexity of contact induced language change throughout the history of English by bringing together cutting edge research from historical linguistics variationist sociolinguistics pidgin creole linguistics and language acquisition With contributions from leading

experts the book offers fresh and exciting perspectives as well as an up to date overview of the respective fields

*The Handbook of Asian Englishes* Kingsley Bolton, Werner Botha, Andy Kirkpatrick, 2020-10-06 Winner of the 2021 PROSE Humanities Category for Language Linguistics The first volume of its kind focusing on the sociolinguistic and socio political issues surrounding Asian Englishes The Handbook of Asian Englishes provides wide ranging coverage of the historical and cultural context contemporary dynamics and linguistic features of English in use throughout the Asian region This first of its kind volume offers a wide ranging exploration of the English language throughout nations in South Asia Southeast Asia and East Asia Contributions by a team of internationally recognized linguists and scholars of Asian Englishes and Asian languages survey existing works and review new and emerging areas of research in the field Edited by internationally renowned scholars in the field and structured in four parts this Handbook explores the status and functions of English in the educational institutions legal systems media popular cultures and religions of diverse Asian societies In addition to examining nation specific topics this comprehensive volume presents articles exploring pan Asian issues such as English in Asian schools and universities English and language policies in the Asian region and the statistics of English across Asia Up to date research addresses the impact of English as an Asian lingua franca globalization and Asian Englishes the dynamics of multilingualism and more Examines linguistic history contemporary linguistic issues and English in the Outer and Expanding Circles of Asia Focuses on the rapidly growing complexities of English throughout Asia Includes reviews of the new frontiers of research in Asian Englishes including the impact of globalization and popular culture Presents an innovative survey of Asian Englishes in one comprehensive volume Serving as an important contribution to fields such as contact linguistics World Englishes sociolinguistics and Asian language studies The Handbook of Asian Englishes is an invaluable reference resource for undergraduate and graduate students researchers and instructors across these areas Winner of the 2021 PROSE Humanities Category for Language Linguistics

**The Evolution of Englishes** Sarah Buschfeld, Thomas Hoffmann, Magnus Huber, Alexander Kautzsch, 2014-09-15 This two part volume provides a collection of 27 linguistic studies and contributions that shed light on the evolution of different Englishes world wide varieties learner Englishes dialects creoles from a broad spectrum of different perspectives including both synchronic and diachronic approaches What makes the volume unique is that it is the first ever contribution to the field which includes a section exclusively committed towards testing discussing and refining Schneider s 2007 Dynamic Model against recent realities of English world wide Part 1 These realities include a wide variety of case studies ranging from regions socio linguistically as diverse as South Africa the Phillipines Cyprus or Germany Part 2 goes beyond the Dynamic Model and offers both empirical and theoretical perspectives on the evolution of World Englishes In doing so it provides contributions with a theoretical focus on the topic as well as cross varietal accounts it sheds light on individual Englishes from different geographical regions and offers new perspectives on old varieties

**World English** Janina Brutt-Griffler, 2002-01-01 This text traces the history of English language spread from the 18th to the

beginning of the 21st century combining that with a study of its language change. It links linguistic and sociolinguistic variables that have conditioned the evolution and change of English, putting forward a new framework of language spread and change.

*The Typology of Asian Englishes* Lisa Lim, Nikolas Gisborne, 2011-10-05 When considering the structure of New Englishes which have evolved in multilingual mostly post colonial contexts of Asia, thus Asian Englishes, the significant factors to be considered are 1 the varieties of the English lexifier that entered the local context 2 the nature of transmission of English to the local population and 3 the local i.e. substrate languages of the community in which the New English emerges. This third factor is the focus of the five papers in this volume; they investigate the structure of Asian varieties of English by exploring the relationship between the typological profile of substrate languages in the specific linguistic ecology and the grammatical features of the emerging contact variety of English. The contributions to this volume were originally published in *English World Wide* 30.2 2009.

*The Oxford Handbook of the History of English* Terttu Nevalainen, Elizabeth Closs Traugott, 2012-10-10 The availability of large electronic corpora has caused major shifts in linguistic research, including the ability to analyze much more data than ever before and to perform micro analyses of linguistic structures across languages. This has historical linguists to rethink many standard assumptions about language history and methods and approaches that are relevant to the study of it. The field is now interested in and attracts specialists whose fields range from statistical modeling to acoustic phonetics. These changes have even transformed linguists' perceptions of the very processes of language change, particularly in English, the most studied language in historical linguistics due to the size of available data and its status as a global language. The *Oxford Handbook of the History of English* takes stock of recent advances in the study of the history of English, broadening and deepening the understanding of the field. It seeks to suggest ways to rethink the relationship of English's past with its present and make transparent the variety of conditions and processes that have been instrumental in shaping that history. Setting a new standard of cross-theoretical collaboration, it covers the field in an innovative way, providing diachronic accounts of major influences such as language contact and typological processes that have shaped English and its varieties, as well as highlighting recent and ongoing developments of Englishes, celebrating the vitality of language change over the centuries and the many contexts and processes through which language change occurs.

**The Oxford Handbook of the History of English** Terttu Nevalainen (linguiste), Elizabeth Closs Traugott, 2016 This ambitious Handbook takes advantage of recent advances in the study of the history of English to rethink the understanding of the field.

**Changing English** Markku Filppula, Juhani Klemola, Anna Mauranen, Svetlana Vetchinnikova, 2017-10-10 This book examines the special nature of English both as a global and a local language, focusing on some of the ongoing changes and on the emerging new structural and discursive characteristics of varieties of English. Although it is widely recognised that processes of language change and contact bear affinities, for example, to processes observable in second language acquisition and lingua franca use, the research into these fields has so far not been sufficiently brought into contact with each

other The articles in this volume set out to combine all these perspectives in ways that give us a better understanding of the changing nature of English in the modern world

*The Syntax of Spoken Indian English* Claudia Lange, 2012 This book offers an in depth analysis of several features of spoken Indian English that are generally considered as typical but have never before been studied empirically Drawing on authentic spoken data from the International Corpus of English Indian component the book focuses on the domain of discourse organization and examines the form function and distribution of invariant tags such as isn't it and no na non initial existential there focus markers only and itself topicalization and left dislocation By focusing on multilingual speakers interactions the study demonstrates conclusively that spoken Indian English bears all the hallmarks of a vibrant contact language testifying to a pan South Asian grammar of culture which becomes apparent in contact induced language change in spoken Indian English The book will be highly relevant for anyone interested in postcolonial varieties of English contact linguistics standardization and discourse pragmatic sentence structure

**The Making of Vernacular Singapore English** Zhiming Bao, 2015-08-14 Singapore English is a focal point across the many subfields of linguistics as its semantic syntactic and phonetic phonological qualities tell us a great deal about what happens when very different types of language come together Sociolinguists are also interested in the relative status of Singapore English compared to other languages in the country This book charts the history of Singapore English and explores the linguistic historical and social factors that have influenced the variety as it is spoken today It identifies novel grammatical features of the language discusses their structure and function and traces their origins to the local languages of Singapore It places grammatical system and usage at the core of the analysis and shows that introspective and corpus data are complementary This study will be of interest to scholars and advanced students working on language contact world varieties of English historical linguistics and sociolinguistics

**A Taste for Corpora** Fanny Meunier, Gaëtanelle Gilquin, Magali Paquot, 2011 The eleven contributions to this volume written by expert corpus linguists tackle corpora from a wide range of perspectives and aim to shed light on the numerous linguistic and pedagogical uses to which corpora can be put They present cutting edge research in the authors respective domain of expertise and suggest directions for future research The main focus of the book is on learner corpora but it also includes reflections on the role of other types of corpora such as native corpora expert users corpora parallel corpora or corpora of New Englishes For readers who are already familiar with corpora this volume offers an informed account of the key role that corpus data play in applied linguistics today As for readers who are new to corpus linguistics the overview of approaches methods and domains of applications presented will undoubtedly help them develop their own taste for corpora This volume has been edited in honour of Sylviane Granger who has been one of the pioneers of learner corpus research

Subordination in English Elena Seoane, Carlos Acuña-Fariña, Ignacio Palacios-Martínez, 2018-07-09 This book provides a collection of articles on subordination in English framed from both a synchronic and a diachronic perspective It covers ample areas of the history of the major subordinated

structures of English and their recent development in various native and non native varieties Most contributions are based on large electronic databases and corpora of written and spoken texts The book focuses on the continuum that links subordinated and coordinated structures in a fluid way shows their permanent state of flux and sheds light on the whole system s dynamic essence by discussing a large number of explanatory principles at work in shaping it Many of these are well known from the grammaticalization and the Construction Grammar theories such as the concepts of attractor multi sourcing inheritance categorial incursion metaphorization or exaptation This volume represents the latest trends in the field by some of its most prestigious specialists *English Worldly Expressions* Pasquale De Marco, 2025-03-09 In a world where communication spans borders and cultures English has emerged as the language of global connection This book delves into the fascinating story of English as a worldly language exploring its historical roots diverse variations and profound impact on various aspects of our lives From its origins in the British Isles to its current status as the lingua franca of the world English has undergone a remarkable journey We trace the factors that have contributed to its widespread adoption including the British Empire American influence and the rise of technology This book examines the multitude of English varieties spoken around the globe each with its unique characteristics and cultural nuances We explore the intricate relationship between language and identity as well as the challenges and opportunities that arise from linguistic diversity Furthermore we investigate the role of English in education the workplace the media and popular culture English has become an indispensable tool for communication learning and entertainment shaping our understanding of the world and connecting people from all walks of life We also address the complexities and controversies surrounding English as a global language While its widespread use offers undeniable advantages it also raises concerns about linguistic hegemony cultural dominance and the preservation of indigenous languages With insightful analysis and engaging storytelling this book provides a comprehensive understanding of English as a worldly language It is an essential resource for anyone interested in linguistics globalization and the ever changing landscape of communication If you like this book write a review

## Enjoying the Track of Appearance: An Psychological Symphony within **New Englishes**

In a world used by monitors and the ceaseless chatter of instantaneous conversation, the melodic beauty and emotional symphony created by the published word often diminish into the backdrop, eclipsed by the persistent sound and disruptions that permeate our lives. But, situated within the pages of **New Englishes** a charming fictional prize filled with raw thoughts, lies an immersive symphony waiting to be embraced. Constructed by a masterful composer of language, that captivating masterpiece conducts viewers on a mental trip, skillfully unraveling the concealed songs and profound affect resonating within each carefully crafted phrase. Within the depths of this emotional evaluation, we can investigate the book is main harmonies, analyze its enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

## **New Englishes Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free New Englishes PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need.

Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free New Englishes PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of New Englishes free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

## **FAQs About New Englishes Books**

**What is a New Englishes PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a New Englishes PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a New Englishes PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a New Englishes PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a New Englishes PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are

many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
