New Essays On Go Tell It On The Mountain:

New Essays on Go Tell It on the Mountain Trudier Harris, 1996-03-29 A collection of critical essays on James Baldwin's *Go Tell It on the Mountain* James Baldwin's Go Tell it on the Mountain Carol E. Henderson, 2006 The publication of James Baldwin's *Go Tell It on the Mountain* ushered in a new age of the urban telling of a tale twice told yet rarely expressed in such vivid portraits *Go Tell It* unveils the struggle of man with his God and that of man with himself Baldwin's intense scrutiny of the spiritual and communal customs that serve as moral centers of the black community directs attention to the striking incongruities of religious fundamentalism and oppression This book examines these multiple impulses challenging the widely held convention that politics and religion do not mix CliffsNotes on Baldwin's Go Tell It on the Mountain Sherry Ann McNett, 2001-03-07 The original CliffsNotes study guides offer expert commentary on major themes plots characters literary devices and historical background The latest generation of titles in this series also feature glossaries and visual elements that complement the classic familiar format CliffsNotes on *Go Tell It on the Mountain* explores the Great Migration a time in American history characterized by a mass exodus of African Americans from the rural south to northern cities Follow the simple story of a young boy coming of age a tale that gains complexity as it interweaves with the experiences of his mother father and aunt This concise supplement to James Baldwin's book about religion racism and familial expectations features summaries and commentaries on each part within the novel Other features that help you study include Background on the author Descriptive character map and analyses Critical essays on racism the church and homosexuality as a subtext A quiz plus suggested essay questions and practice projects Classic literature or modern day treasure you'll understand it all with expert information and insight from CliffsNotes study guides **New Essays on Go Tell it on the Mountain**, *Depictions of Home in African American Literature* Trudier Harris, 2021-12-06 In *Depictions of Home in African American Literature* Trudier Harris analyzes fictional homespaces in African American literature from those set in the time of slavery to modern urban configurations of the homespace She argues that African American writers often inadvertently create and follow a tradition of portraying dysfunctional and physically or emotionally violent homespaces Harris explores the roles race and religion play in the creation of homespaces and how geography space and character all influence these spaces Although many characters in African American literature crave safe happy homespaces and frequently carry such images with them through their mental or physical migrations few characters experience the formation of healthy homespaces by the end of their journeys Harris studies the historical cultural and literary portrayals of the home in works from well-known authors such as Richard Wright James Baldwin Toni Morrison and August Wilson as well as lesser-studied authors such as Daniel Black A J Verdelle Margaret Walker and Dorothy West **New Essays on Go Tell it on the Mountain**, 1996 **James Baldwin** Harold Bloom, 2007 A collection of essays presenting critiques and analysis of the major works of the African American author **James Baldwin's Later Fiction** Lynn O. Scott, 2002-02-28 James Baldwin's

Later Fiction examines the decline of Baldwin's reputation after the middle 1960s his tepid reception in mainstream and academic venues and the ways in which critics have often misrepresented and undervalued his work Scott develops readings of *Tell Me How Long the Train's Been Gone* *If Beale Street Could Talk* and *Just Above My Head* that explore the interconnected themes in Baldwin's work the role of the family in sustaining the arts the price of success in American society and the struggle of black artists to change the ways that race sex and masculinity are represented in American culture Scott argues that Baldwin's later writing crosses the cultural divide between the 1950s and 1960s in response to the civil rights and black power movements Baldwin's earlier works his political activism and sexual politics and traditions of African American autobiography and fiction all play prominent roles in Scott's analysis [A Political Companion to James Baldwin](#) Susan J. McWilliams, 2017-11-15 Uniformly excellent essays on the work of the renowned author and his extraordinary relevance in the present moment Choice In seminal works such as *Go Tell It on the Mountain* *Notes of a Native Son* and *The Fire Next Time* acclaimed author and social critic James Baldwin expresses his profound belief that writers have the power to transform society engage the public and inspire and channel conversation to achieve lasting change While Baldwin is best known for his writings on racial consciousness and injustice he is also one of the country's most eloquent theorists of democratic life and the national psyche In this book prominent scholars assess the prolific author's relevance to present day political challenges Together they address Baldwin as a democratic theorist activist and citizen examining his writings on the civil rights movement religion homosexuality and women's rights They investigate the ways in which his work speaks to and galvanizes a collective American polity and explore his views on the political implications of individual experience in relation to race and gender This volume not only considers Baldwin's works within their own historical context but also applies the author's insights to recent events such as the Obama presidency and the Black Lives Matter movement emphasizing his faith in the connections between the past and present These incisive essays will encourage a new reading of Baldwin that celebrates his significant contributions to political and democratic theory **Salvific Manhood** Ernest L. Gibson, 2019-10-01 *Salvific Manhood* foregrounds the radical power of male intimacy and vulnerability in surveying each of James Baldwin's six novels Asserting that manhood and masculinity hold the potential for both tragedy and salvation Ernest L. Gibson III highlights the complex and difficult emotional choices Baldwin's men must make within their varied lives relationships and experiences In *Salvific Manhood* Gibson offers a new and compelling way to understand the hidden connections between Baldwin's novels Thematically daring and theoretically provocative he presents a queering of salvation a nuanced approach that views redemption through the lenses of gender and sexuality Exploring how fraternal crises develop out of sociopolitical forces and conditions *Salvific Manhood* theorizes a spatiality of manhood where spaces in between men are erased through expressions of intimacy and love Positioned at the intersections of literary criticism queer studies and male studies Gibson deconstructs Baldwin's wrestling with familial love American identity suicide art incarceration and

memory by magnifying the potent idea of salvific manhood Ultimately Salvific Manhood calls for an alternate reading of Baldwin s novels introducing new theories for understanding the intricacies of African American manhood and American identity all within a space where the presence of tragedy can give way to the possibility of salvation *All Those Strangers* Douglas Field,2015-06-02 Adored by many appalling to some baffling still to others few authors defy any single critical narrative to the confounding extent that James Baldwin manages Was he a black or queer writer Was he a religious or secular writer Was he a spokesman for the civil rights movement or a champion of the individual His critics as disparate as his readership endlessly wrestle with paradoxes not just in his work but also in the life of a man who described himself as all those strangers called Jimmy Baldwin and who declared that all theories are suspect Viewing Baldwin through a cultural historical lens alongside a more traditional literary critical approach All Those Strangers examines how his fiction and nonfiction shaped and responded to key political and cultural developments in the United States from the 1940s to the 1980s Showing how external forces molded Baldwin s personal political and psychological development Douglas Field breaks through the established critical difficulties caused by Baldwin s geographical ideological and artistic multiplicity by analyzing his life and work against the radically transformative politics of his time The book explores under researched areas in Baldwin s life and work including his relationship to the Left his FBI files and the significance of Africa in his writing while also contributing to wider discussions about postwar US culture Field deftly navigates key twentieth century themes the Cold War African American literary history conflicts between spirituality and organized religion and transnationalism to bring a number of isolated subjects into dialogue with each other By exploring the paradoxes in Baldwin s development as a writer rather than trying to fix his life and work into a single framework All Those Strangers contradicts the accepted critical paradigm that Baldwin s life and work are too ambiguous to make sense of By studying him as an individual and an artist in flux Field reveals the manifold ways in which Baldwin s work develops and coheres Faithful Vision James W.

Coleman,2009-08-01 This is a marvelous and sustained discussion of faithful vision and its significant influence on African American literature American Literature In Faithful Vision James W Coleman places under his critical lens a wide array of African American novels written during the last half of the twentieth century In doing so he demonstrates that religious vision not only informs black literature but also serves as a foundation for black culture generally The Judeo Christian tradition according to Coleman is the primary component of the African American spiritual perspective though its syncretism with voodoo hoodoo a religion transported from West Africa through the West Indies and New Orleans to the rest of black America also figures largely Reviewing novels written mainly since 1950 by writers including James Baldwin Randall Kenan Toni Morrison John Edgar Wideman Alice Walker Gloria Naylor Erna Brodber and Ishmael Reed among others Coleman explores how black authors have addressed the relevance of faith especially as it relates to an oppressive Christian tradition He shows that their novels no matter how critical of the sacred or supernatural or how skeptical the characters viewpoints

ultimately never reject the vision of faith With its focus on religious experience and tradition and its wider discussion of history philosophy gender and postmodernism Faithful Vision brings a bold critical dimension to African American literary studies An insightful interrogation of the complexities of religious discourse in the African American literary tradition Because it superbly translates complex spiritual ethos into literary tradition this remarkable book is a must for anyone interested in intersections of the sacred and the secular in black cultural productions Southern Literary Journal Faithful Vision both looks intently into faith and shows us how to look Christianity and Literature

The Critical Reception of James Baldwin, 1963-2010 Conseula Francis, 2014 Examines the major divisions in criticism of this major African American writer paying particular attention to the way each critical period defines Baldwin and his work for its own purposes

Reviving the Children of Nimrod A. Pinn, 2019-06-12 As Anthony Pinn argues in his latest collection humanism comes in many colors When more attention is given to issues of race as connected to other forms of oppression it is easier to see the manner in which humanism has lived and functioned within African American communities Using the biblical figure Nimrod as symbol African American Humanist Principles demonstrates African American humanists intellectual and praxis related grounding in a history of rebellion against over determined and oppressive limitations on human doing and being Pinn maintains that it is this quest for a fuller sense of being for greater existential and ontological worth that informs the basic principles of African American humanism African American Humanist Principles is one of the only books to present the inner workings of humanist principles as the foundation for humanism from the African American perspective its form and content nature and meaning

The Delectable Negro Vincent Woodard, Dwight McBride, Justin A Joyce, E. Patrick Johnson, 2014-06-27 A groundbreaking study of the connections between homoeroticism cannibalism and cultures of consumption in American literature and US slave culture Scholars of US and transatlantic slavery have largely ignored or dismissed accusations that Black Americans were cannibalized Vincent Woodard takes the enslaved person's claims of human consumption seriously focusing on both the literal starvation of the slave and the tropes of cannibalism on the part of the slaveholder and further draws attention to the ways in which Blacks experienced their consumption as a fundamentally homoerotic occurrence The Delectable Negro explores these connections between homoeroticism cannibalism and cultures of consumption in the context of American literature and US slave culture Utilizing many staples of African American literature and culture such as the slave narratives of Olaudah Equiano Harriet Jacobs and Frederick Douglass as well as other less circulated materials like James L Smith's slave narrative runaway slave advertisements and numerous articles from Black newspapers published in the nineteenth century Woodard traces the racial assumptions political aspirations gender codes and philosophical frameworks that dictated both European and white American arousal towards Black males and hunger for Black male flesh Woodard uses these texts

to unpack how slaves struggled not only against social consumption but also against endemic mechanisms of starvation and hunger designed to break them He concludes with an examination of the controversial chain gang oral sex scene in Toni Morrison s Beloved suggesting that even at the end of the twentieth and beginning of the twenty first century we are still at a loss for language with which to describe Black male hunger within a plantation culture of consumption Praise for The Delectable Negro Winner of the 2015 LGBT Studies Award presented by the Lambda Literary Foundation A bold and brilliant book Carla L Peterson author of Black Gotham A Family History of African Americans in Nineteenth Century New York City With unflinching clarity The Delectable Negro exposes and examines the pervasive cultural fantasies that have rendered the enslaved black body into a consumable object from the eighteenth century to the present Its powerful insights will continue to generate new lines of important inquiry for years to come American Historical Review Gay and Lesbian Historical Fiction N. Jones,2007-05-28 The first extensive study of gay and lesbian historical fiction this book demonstrates how the highly popular sub genre helps us understand gay and lesbian history It shows not only why the sub genre should be taken more seriously by historians but also how it implicitly works to ameliorate divisions between Christianity and homosexuality

James Baldwin and Bayard Rustin to Joseph Beam and Brother Grant Michael Fitzgerald Mumford analyzes the ways in which movements for social change both inspired and marginalized black gay men Drawing on an extensive archive of newspapers pornography and film as well as government documents organizational records and personal papers Mumford sheds new light on four volatile decades in the protracted battle of black gay men for affirmation and empowerment in the face of pervasive racism and homophobia

The Impact of Racism on African American Families Paul C. Rosenblatt, 2016-03-03 In spite of the existence of statistics and numerical data on various aspects of African American life including housing earnings assets unemployment household violence teen pregnancy and encounters with the criminal justice system social science literature on how racism affects the everyday interactions of African American families is limited How does racism come home to and affect African American families If a father in an African American family is denied employment on the basis of his race or a wife is demeaned at work by racist slurs how is their family life affected Given the lack of social science literature responding to these questions this volume turns to an alternative source in order to address them literature Engaging with novels written by African American authors it explores their rich depictions of African American family life showing how these can contribute to our sociological knowledge and making the case for the novel as an object and source of social research As such it will appeal to scholars and students of the sociology of the family race and ethnicity cultural studies and literature
