Northrop Frye and American Fiction Claude Le Fustec, 2015-01-01 Northrop Frye and American Fiction challenges recent interpretations of American fiction as a secular pursuit that long ago abandoned religious faith and the idea of transcendent experiences Inspired by recent philosophical thinking on post secularism and by Northrop Frye's theorizing on the connections between the Bible and the development of Western literature Claude Le Fustec presents insightful readings of the presence of transcendence and biblical imagination in canonical novels by American writers ranging from Nathaniel Hawthorne to Toni Morrison Examining these novels through the lens of Frye's ambitious account of literature's transcendent or kerygmatic power Le Fustec argues that American fiction has always contained the seeds of a rejection of radical skepticism and a return to spiritual experience Beyond an insightful analysis of Frye's ideas Northrop Frye and American Fiction is powerful testimony of their continued interpretive potential *Wasteland Modernism* Rebeca Gualberto Valverde, 2021-09-06 This book proposes a renewed myth critical approach to the so called wasteland modernism of the 1920s to reassess certain key texts of the American modernist canon from a critical prism that offers new perspectives of analysis and interpretation Myth criticism and more specifically the critical survey of myth as an aesthetic and ideological strategy fundamental for the comprehension of modernist literature leads to an engaging discussion about the disenchantment of myth in modernist literary texts This process of mythical disenchantment inextricable from the cultural and historical circumstances that define the modernist zeitgeist offers a possibility for revising from a contemporary standpoint a set of classic texts that are crucial to our understanding of the modern literary tradition in the United States This study carries out an exhaustive and updated myth critical examination of works by T S Eliot John Dos Passos F Scott Fitzgerald Ernest Hemingway John Steinbeck and Djuna Barnes to broaden the scope of familiar themes and archetypes enclosing the textual analysis of these works in a wider exploration about the purpose and functioning of myth in literature particularly in times of crisis and transformation *Handbook of the American Novel of the Twentieth and Twenty-First Centuries* Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and

researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s The Ambassadors to McCarthy s The Road These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification

Fitzgerald's Mentors Ronald Berman,2012-02-06 This book is a study of three of writer F Scott Fitzgerald s literary and artistic mentors who helped to intellectually and philosophically influence his life and writings Intertextual Encounters in American Fiction, Film, and Popular Culture Michael Dunne,2001 Intertextual encounters occur whenever an author or the author s text recognizes references alludes to imitates parodies or otherwise elicits an audience member s familiarity with other texts F Scott Fitzgerald and Nathanael West use the fiction of Horatio Alger Jr as an intertext in their novels The Great Gatsby and A Cool Million Callie Khouri and Ridley Scott use the buddy road picture genre as an intertext for their Thelma and Louise In all these cases intertextual encounters take place between artists between texts between texts and audiences between artists and audiences Michael Dunne investigates works from the 1830s to the 1990s and from the canonical American novel to Bugs Bunny and Jerry Seinfeld **Desire** Per Bjørnar Grande,2020-07-01 Desire can take many forms Hegel related desire to acceptance Nietzsche to power and Freud to the erotic In novels and plays by Gustave Flaubert Marcel Proust F Scott Fitzgerald and Arthur Miller and music by Lana Del Rey desire operates in a complex slippery way that eludes philosophical and psychoanalytic attempts to pin it down These and other great works of literature corroborate Ren Girard s understanding of desire as taking shape according to the other s desire The mimetic approach frees desire from the preconceptions of both subject and object oriented psychologies and puts literary criticism in touch with the concrete substance of fictional narratives Drawing on both modern masterpieces and iconic works of contemporary pop culture Per Bjørnar Grande sketches a Girardian phenomenology of desire one that sheds new light on the frustrating and repetitive nature of human relations in a world of vanishing taboos **The Foreign Critical Reputation of F. Scott Fitzgerald, 1980-2000** Linda C. Stanley,2004-10-30 This bibliography extends the work of Stanley s first volume The Foreign Critical Reputation of F Scott Fitzgerald An Analysis and Annotated Bibliography to the final two decades of the 20th century It includes literature from the former countries of the USSR Romania India and Canada as well as countries that were covered in the first volume such as Britain France Italy Germany and Japan One of the major findings that emerges is that Fitzgerald s poetic prose is extremely difficult to translate but new translations continue to appear The introduction to this volume provides a synthesis of Fitzgerald scholarship abroad at the turn of the 21st century and points to new directions already suggested that may represent challenges to current scholarship An extended analysis introduces each chapter Each chapter

also includes a chronological list of translations and editions of Fitzgerald's work from his earliest appearances in print to those appearing in 2000. The most substantial section of each chapter features fairly detailed annotations of monographs, collections, book chapters, essays, conference papers, articles, reviews, and school editions. This compilation will intrigue anyone interested in the work of F. Scott Fitzgerald.

The Romance of Regionalism in the Work of F. Scott and Zelda Fitzgerald Kirk Curnutt, Sara A. Kosiba, 2022-09-07. The Romance of Regionalism in the Work of F. Scott and Zelda Fitzgerald. The South Side of Paradise explores resonances of Southernness in works by American culture's leading literary couple. At the height of their fame, F. Scott and Zelda Fitzgerald dramatized their relationship as a romance of regionalism as the charming tale of a Northern man wooing a Southern belle. Their writing exposes deeper sectional conflicts, however, from the seemingly unexorcisable fixation with the Civil War and the historical revisionism of the Lost Cause to popular culture's depiction of the South as an artistically deprived, economically broken backwater. The couple challenged early twentieth-century stereotypes of life below the Mason-Dixon line. From their most famous efforts, *The Great Gatsby* and *Save Me the Waltz*, to their more overlooked and obscure, Scott's 1932 story *Family in the Wind* and Zelda's *The Iceberg* published in 1918 before she even met her husband, Scott and Zelda returned obsessively to the challenges of defining Southern identity in a country in which going south meant decay and dissolution. Contributors to this volume tackle a range of Southern topics, including belle culture, the picturesque, and the Gothic. Confederate commemoration and race relations and regional reconciliation. As the collection demonstrates, the Fitzgeralds' fortuitous meeting in Montgomery, Alabama, in 1918 sparked a Southern renaissance in miniature.

A Historical Guide to F. Scott Fitzgerald Kirk Curnutt, 2004. The historical context of Fitzgerald's writing is explored in these essays, which, among other topics, discuss the literary marketplace of the 1920s and 1930s, the influence of public figures such as Walter Lippmann, the mass-market motion pictures, the aftermath of the Great War.

Sixteen Modern American Authors Jackson R. Bryer, 1989. Praise for the earlier edition: Students of modern American literature have for some years turned to *Fifteen Modern American Authors* (1969) as an indispensable guide to significant scholarship and criticism about twentieth-century American writers. In its new form, *Sixteenth Modern American Authors*, it will continue to be indispensable. If it is not a desk book for all Americanists, it is a book to be kept in the forefront of the bibliographical compartment of their brains.

A Companion to the American Novel Alfred Bendixen, 2014-11-17. Featuring 37 essays by distinguished literary scholars, *A Companion to the American Novel* provides a comprehensive single-volume treatment of the development of the novel in the United States from the late 18th century to the present day. Represents the most comprehensive single-volume introduction to this popular literary form currently available. Features 37 contributions from a wide range of distinguished literary scholars. Includes essays on topics and genres, historical overviews, and key individual works, including *The Scarlet Letter*, *Moby-Dick*, *The Great Gatsby*, *Beloved*, and many more.

Camera Works Michael North, 2005. *Camera Works* is about the impact of photography and film on modern art and literature. With

examples from the avant garde of the little magazine and from classic authors like Fitzgerald and Hemingway it argues that literature and art become modern by responding to these new means of representation

Literature and Modern Time

Trish Ferguson, 2020-05-06 Literature and Modern Time is a collection of essays that explore literature in the context of a wave of challenges to linear conceptions of time introduced by thinkers such as Bergson Einstein McTaggart Freud and Nietzsche These challenges were not uniform in character The volume will demonstrate that literature of the era under scrutiny was not simply reacting to new theories of time in some cases it is actually inspiring and anticipating them Thus Literature and Modern Time promises to offer a genuine dialogue between literature and time theory and in doing so will uncover and examine influences and connections sometimes unexpected between philosophers and writers of the era It will examine literary attempts to transcend and escape time and also challenge rupture based accounts of modernist time by demonstrating that literary texts commonly associated with brokenness decline or stasis also at the same time maintain faith in healing renewal and mobility This collection contains interdisciplinary research of the quite highest kind to see so many different kinds of time narrative historical mechanical subjective non linear time myth and nostalgia as well as time space discussed here is very stimulating indeed Professor Simon James
