possibilities of biology utopian and dystopian and reimagined them in ways that still influence the public's understanding of the life sciences The Arrival of the Fittest recovers the fascinating long forgotten origins of ideas that have informed works of fiction from Brave New World to the X Men movies all while reflecting on the lessons positive and negative that this period might offer us **Existential Threats** Lisa Vox, 2017-07-03 In Existential Threats Lisa Vox explores the growth of dispensationalist premillennialism alongside scientific understandings of the end of the world and contends that these two allegedly competing visions have converged to create an American apocalyptic imagination *Women of Other Worlds* Helen Merrick, Tess Williams, 1999 Feminist science fiction is a rich space at the intersection of popular literature and feminist thought This book examines this phenomenon collecting work from all aspects of feminist SF fiction poetry criticism fan writing even a recipe It presents an international sampler of a vibrant form of women's writing Upton Sinclair Lauren Coodley, 2020-04-01 Had Upton Sinclair not written a single book after The Jungle he would still be famous But Sinclair was a mere twenty five years old when he wrote The Jungle and over the next sixty five years he wrote nearly eighty more books and won a Pulitzer Prize for fiction He was also a filmmaker labor activist women's rights advocate and health pioneer on a grand scale This new biography of Sinclair underscores his place in the American story as a social political and cultural force a man who more than any other disrupted and documented his era in the name of social justice Upton Sinclair California Socialist Celebrity Intellectual shows us Sinclair engaged in one cause after another some surprisingly relevant today the Sacco Vanzetti trial the depredations of the oil industry the wrongful imprisonment of the Wobblies and the perils of unchecked capitalism and concentrated media Throughout Lauren Coodley provides a new perspective for looking at Sinclair's prodigiously productive life Coodley's book reveals a consistent streak of feminism both in Sinclair's relationships with women wives friends and activists and in his interest in issues of housework and childcare temperance and diet This biography will forever alter our picture of this complicated unconventional often controversial man whose whole life was dedicated to helping people understand how society was run by whom and for whom **Science Fiction Studies** ,1997 **The Year's Best Science Fiction** ,1996 Modern Midrash Adam Nathan Chalom, 2005
