Webb,2006-10-01 This volume a revised version of a doctoral dissertation submitted to the University of Sheffield in 1990 places John the Baptist within his first century Jewish context by exploring his public roles and activities as a baptizer and a prophet as they would have been understood within the sociohistorical context of Second Temple Judaism After surveying the relevant traditions concerning John the Baptist in particular Josephus canonical Gospels and extracanonical sources the volume turns to the use of ablutions and immersions in the Hebrew Bible in Second Temple Jewish literature and especially in the Qumran literature In light of this context several functions of John s baptism are proposed both in continuity with his context and in distinction from it Then Webb explores John s role as a prophet in two respects First after surveying the expectation of eschatological figures of judgment and restoration in the Hebrew Bible and Second Temple Jewish literature John s own proclamation of a coming one is understood as describing Yahweh s coming to judge and restore but through an unspecified human agent Second in light of the varieties of prophetic figures in the Second Temple period John is best understood as a popular prophet who uses the symbolic event of the people s baptism in the Jordan River and their return home to symbolize not only their entrance into the true remnant Israel but also their entrance into the Promised Land When this symbolic activity is placed alongside John s prophetic critique of Herod Antipas and of Herod s marriage the social and political implications of this critique become evident The symbolic activity and strong critique led to the Baptist s death under Herod Antipas The Study of the New Testament Antonio Piñero,Jesus Peláez,2019-11-26 The most thorough grounding available in the various disciplines of NT study this is an invaluable tool for students scholars and other serious readers of the earliest Christian writings With a full survey of scholarship on each topic in 600 packed pages the volume gives a reliable in depth presentation of the history of interpretation the NT canon text criticism the language of the NT the historical and literary context methods and approaches **An Index to Novum Testamentum Volumes 1-35** Watson E. Murphy, 2003 Examines how and why the authors of the first three Gospels shaped the story of John the Baptist around the story of Jesus Careful comparison of these foundational texts yields not only the perspectives of the Synoptic authors but also a provisional sketch of the historical figure of the Baptist which is then placed within the religious political and economic context of first century C E Judea Special attention is given to the interface between John and the Qumran community that scholars have proposed ever since the Dead Sea Scrolls were discovered
