New Grove Wagner The New Grove Composer Biographies

Barry Millington

New Grove Wagner The New Grove Composer Biographies:

The New Grove Wagner Barry Millington, 2002 Wagner is one of the most controversial of composers and much that has been written about him including his autobiography is misleading Barry Millington draws on the best previous scholarship and his own original research to set the record straight The first part of this book is devoted to biography the second to a detailed study of the operas Millington offers a historical review of the critical interpretation of each opera including a discussion of recent methods of formal analysis In this revised edition two chapters those on Tannhauser and Die Meistersinger include significant new material The bibliography has also been updated **The New Grove Wagner** J. Deathridge, C. Dahlhaus, 1984-08-23 **The New Grove Wagner** John Deathridge, Carl Dahlhaus, 1984 Contains a concise account of Wagner's life by John Deathridge and a treatment of Wagner's music aesthetics and individual operas and music dramas by Carl Dahlhaus which is a tour de force Joseph Kerman New York Review of Books **The New Grove Wagner** John Deathridge, Carl Dahlhaus, 1984 The New Grove Wagner was added to the Composer Biography Series to mark the centenary of Wagner's death The biographical chapters of the book are written by John Deathridge a scholar who has worked on the new Wagner edition and catalogue and whose recent research has met with enthusiastic praise Dr Deathridge has revised the work list and bibliography in light of recent findings For his discussion of Wagner's music and aesthetics much admired when published in The New Grove the renowned scholar Carl Dahlhaus has added a further chapter offering invaluable insights into Wagnerian theories of music and drama *The New Grove Wagner*, 2002 **The New Grove Stravinsky** Stephen Walsh, 2002 This 20th century Russian composer later of French and American nationality led a varied life which was mirrored by often startling changes in his musical style over the course of his life His early years found him in Russia where Rimsky Korsakov and Tchaikovsky were great influences His international career soon exploded with the premieres of the Firebird Petrushka and the Rite of Spring The period from 1920-1939 which he spent in France was that of the great neo classical compositions this stylistic inclination eventually gave way to a highly individual use of serial techniques in his last years when he took up residence in the US The New Grove Stravinsky maps the composer's life and works in the finest of detail bringing this great man and his music to life About The New Grove II Composer Biography Series These new fully re-written editions of some of the most popular titles in the New Grove composer biography series last published in the 1980s build on the enormous success of those books offering fresh new insights drawn from the most recent scholarship Focusing on some of the greatest and most influential composers of the last few centuries of the millennium these titles are derived from the second edition of The New Grove Dictionary of Music and Musicians Most excitingly as they will be published before the dictionary they offer sneak previews of some of the best most up to date entries in this landmark end of the century edition of the most authoritative comprehensive and widely respected music encyclopedia in the world In addition to the re-written editions of The New Grove Wagner The New Grove Haydn and The New Grove Mozart comes for

the first time The New Grove Stravinsky the first in a series of New Grove composer biographies that will cover the great masters of the 20th century never before published as individual volumes This series is edited by Stanley Sadie and John Tyrrell Both men live in the United Kingdom and have edited The New Grove Dictionary of Music and Musicians Second Edition *From Madrigal to Modern Music* Douglas Moore,1942 Examines five great periods the Renaissance Baroque Classic Romantic and Modern and discusses every important type of composition from each era *A History of Song* Denis Stevens,1961 Story of almost a thousand years of song from the time of the troubadours to the present day Ferruccio Busoni and the Ontology of the Musical Work Erinn Elizabeth Knyt,2010 Ferruccio Busoni s conception of the musical work derives from his multiple roles as performer aesthetician editor composer arranger and intellectual Drawing on unpublished scores manuscripts sketches and documents from the Staatsbibliothek in Berlin concert programs from a private collection in Berkeley acoustic recordings information about Busoni s intellectual interests gleaned from an auction catalogue featuring the contents of his extensive library and the published aesthetic writings letters and compositions the present study offers the first comprehensive account of Busoni s work concept By establishing connections between his ideas and his musical practice it explores and clarifies the reasoning behind his idiosyncratic compositional style a style characterized by a blurring of boundaries between original and borrowed material Polystylistic mixtures of the old and new and a distinctive performance style in which Busoni creatively altered and embellished existing texts exemplify his practice in an age in thrall to Werktreue when originality of idea was prized above all else **Bibliographic Guide to Music** Gale Group,2001-07

Reader's Guide to Music Murray Steib,2013-12-02 The Reader s Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3 20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology *Forthcoming Books* Rose Arny,1983

Wagner's Melodies David Trippett,2013-05-02 Wagner s Melodies places the composer s ideas about melody in the context of the scientific discourse of his age The Cambridge Companion to Wagner's Der Ring des Nibelungen Mark Berry,Nicholas Vazsonyi,2020-09-24 This Companion provides an overview and in depth analysis of Wagner s Ring using traditional critical analysis alongside more recent approaches **Dictionary of World Biography: The 20th century, O-Z** Frank Northen Magill,Christina J. Moose,Alison Aves,1999-11 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the

life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography

A Tidal Wave of Encouragement E. Douglas Bomberger, 2001-10-30 In July of 1884 pianist Calixa Lavallée performed a recital of works by American composers that began a highly influential series of such concerts Over the course of the next decade hundreds of all American concerts were performed in the United States and Europe a movement that fostered both the development and the perception of American music as a unique art form A Tidal Wave of Encouragement the title of which is derived from one observer's description of the movement is the first in depth study of this significant period in American music Providing a comprehensive history of the Concerts as well as detailed accounts of the intense critical debate surrounding them author E Douglas Bomberger reveals how one decade shaped the future of American classical music and very much impacted the way we hear it today The movement crucial in focusing discussion on American music and providing performance opportunities for composers and musicians for whom no such opportunities had before existed was far more extensive and widespread than most scholarship had credited it This oversight is due in large part to the dearth of objective studies of the Concerts previous considerations have tended either toward the merely nostalgic or toward the unnecessarily disparaging Bomberger's work is a corrective to this as well as much needed historical and critical account of a project whose influence had yet to be fully acknowledged

Sourcebook for Research in Music, Third Edition Allen Scott, 2015-06-01 Since it was first published in 1993 the Sourcebook for Research in Music has become an invaluable resource in musical scholarship The balance between depth of content and brevity of format makes it ideal for use as a textbook for students a reference work for faculty and professional musicians and as an aid for librarians The introductory chapter includes a comprehensive list of bibliographical terms with definitions bibliographic terms in German French and Italian and the plan of the Library of Congress and the Dewey Decimal music classification systems Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology These enhancements to its already extensive bibliographies ensures that the Sourcebook will continue to be an indispensable reference for years to come

Index to Poetry in Music Carol June Bradley, 2014-03-18 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company

The Biography Book Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and

recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

Operas in German: A Dictionary Margaret Ross Griffel, 2018-01-23 With nearly three thousand new entries the revised edition of *Operas in German: A Dictionary* is the most current encyclopedic treatment of operas written specifically to a German text from the seventeenth century through 2016 Musicologist Margaret Ross Griffel details the operas composers scores librettos first performances and bibliographic sources Four appendixes then list composers librettists authors whose works inspired or were adapted for the opera librettos and a chronological listing of the entries in the A Z section The bibliography details other dictionaries and encyclopedias performance studies collections of plot summaries general studies on operas sources on locales where opera premieres took place works on the history of operas in German and selective volumes on individual opera composers librettists producers directors and designers Finally two indexes list the main characters in each opera and the names of singers conductors producers composers directors choreographers and arrangers The revised edition of *Operas in German* provides opera historians musicologists performers and opera lovers with an invaluable resource for continued study and enjoyment
