Between Distant Modernities Brittany Powell Kennedy, 2015-02-12 For centuries Spain and the South have stood out as the exceptional other within US and European nationalisms During Franco's regime and the Jim Crow era both violently asserted a haunting brand of national selfhood Both areas shared a loss of

splendor and a fraught relation with modernization and retained a sense of defeat Brittany Powell Kennedy explores this paradox not simply to compare two apparently similar cultures but to reveal how we construct difference around this self other dichotomy She charts a transatlantic link between two cultures whose performances of otherness as assertions of selfhood enact and subvert their claims to exceptionality Perhaps the greatest example of this transatlantic link remains the War of 1898 when the South tried to extract itself from but was implicated in US imperial expansion and nation building Simultaneously the South participated in the end of Spain as an imperial power Given the War of 1898 as a climactic moment Kennedy explores the writings of those who come directly after this period and who attempted to regenerate what was perceived as traditional in an agrarian past That desire recurs over the century in novels from writers as diverse as William Faulkner Camilo Jos Cela Walker Percy Eudora Welty Federico Garc a Lorca and Ralph Ellison As these writers wrestle with ideas of Spain and the South they also engage questions of how national identity is affirmed and contested Kennedy compares these cultures across the twentieth century to show the ways in which they express national authenticity Thus she explores not only Francoism and Jim Crow but varied attempts to define nationhood via exceptionalism suggesting a model of performativity that relates to other exceptional geographies

This Ghostly Poetry Daniel Aguirre-Oteiza, 2020-04-02 The Spanish Civil War was idealized as a poet's war The thousands of poems written about the conflict are memorable evidence of poetry's high cultural and political value in those historical conditions After Franco's victory and the repression that followed numerous Republican exiles relied on the symbolic agency of poetry to uphold a sense of national identity Exilic poems are often read as claim making narratives that fit national literary history This Ghostly Poetry critiques this conventional understanding of literary history by arguing that exilic poems invite readers to seek continuity with a traumatic past just as they prevent their narrative articulation The book uses the figure of the ghost to address temporal challenges to historical continuity brought about by memory tracing the discordant disruptive ways in which memory is interwoven with history in poems written in exile Taking a novel approach to cultural memory This Ghostly Poetry engages with literature history and politics while exploring issues of voice time representation and disciplinarity

The Gaze on the Past Olga López-Valero Colbert, 2007 This book explores Antonio Muñoz Molina's creation of compelling narratives about Spain's immediate past by engaging in a dynamic dialogue with popular culture subgenres and the media. The author asserts that popular culture functions in Muñoz Molina's novels as provider of a series of strategies that represent in the text aspects of Francoism and the Transition that because of their relevance are part of the structure of feeling of those periods. The study focuses on the role of popular music, film, photography, the thriller, the romance novel, as well as the radio and other gadgets of modern technology in Muñoz Molina's novels. *The Gaze on the Past* argues that through the incorporation of popular culture in texts, Muñoz Molina undertakes a deliberate and intense reflection on memory and on the creation of historical moments, highlighting their desire to be heard from posterity. Representing the Rural Catherine Fowler, Gillian Helfield, 2006-09-13 Students and film scholars will appreciate this unique volume. **A Companion to Federico García Lorca** Federico Bonaddio, 2007 Lorca icon and polymath in all his manifestations. **Performing Parenthood** Heather Jerónimo, 2024-07-05 *Performing Parenthood* reveals different enactments of motherhood and fatherhood in twentieth and twenty-first century Spain, showing how the family has adapted or at times failed to do so within the context of Spain's changing socioeconomic reality. Through an examination of examples of non-normative parenthood in contemporary Spanish literature and film, including gay literary father figures, subversive physical touch between mother and child, fathers who cross-dress, lesbian maternal community building, non-biological parenting, and disabled bodies, the book argues that current conceptualizations of parenthood should be amplified to reflect the various existing identities and performances of motherhoods and fatherhoods. Connecting canonical works to recent works, the book establishes a unique dialogue that will expand the conversation about the Spanish family beyond the traditional view, bringing visibility to alternative family models. It argues that parental identities exist on a spectrum, enabling many parental figures to disregard heteronormative standards imposed upon the role and allowing them to experience parenthood in meaningful ways. Bringing visibility to literary and cinematic examples of alternative Spanish families, *Performing Parenthood* provides a glimpse into an evolving society influenced by national and global changes. Literary Adaptations in Spanish Cinema Sally Faulkner, 2004 In this survey of the history of Spanish cinema in the Spanish dictatorship and democratic periods, the author argues that studies of adaptations must simultaneously address questions of text, formal issues central to the study of film and literature, and context, crucial ideological concerns. **Iberian Crime Fiction** Nancy Vosburg, 2011-02-15 *Iberian Crime Fiction* is the first volume in English to provide an extensive overview of crime fiction in Spain and Portugal. While the origins of peninsular crime fiction are traced in Nancy Vosburg's introductory chapter, to the volume, the essays focus on specific topics that provide readers with a sense of the development of the genre in the second half of the 20th century and current trends in the 21st century. Patty Hart, whose *The Spanish Sleuth* introduced English-speaking readers to early crime fiction in Spain, provides a summary account of the development of the crime novel from the 1950s through the 1980s, highlighting the major

authors and works that set the stage for the boom that followed the establishment of the novela negra tradition in the 1970s. This tradition spearheaded by Manuel Vazquez Montalban is the subject of a separate essay by Maria Balibrea that analyzes the socio political conditions that gave rise to the novela negra. Nancy Vosburg studies the emergence of a feminine feminist crime novel in the 1980s and 1990s and the subversion of masculine codes associated with crime fiction while Stewart King analyzes crime fiction from the Catalan Basque and Galician autonomous regions of Spain focusing on the political realities that resulted in a different use of the genre as a vehicle of regional nationalism. David Knutson traces contemporary trends in Spanish crime fiction beginning in the 1990s and up to the present. Paul Castro's essay documents the emergence of crime fiction in Portugal and the major works authors through to the present.

The Routledge Companion to Iberian Studies Javier Muñoz-Basols, Manuel Delgado Morales, Laura Lonsdale, 2017-03-16. This book provides a comprehensive state of the art account of the field reaffirming Iberian Studies as a dynamic and evolving discipline offering promising areas of future research. It is an essential tool for research in Iberian Studies.

Iberian Modalities Joan Ramon Resina, 2013-02-01. Of late the term Iberian Studies has been gaining academic currency but its semantic scope still fluctuates. For some it is a convenient way of combining the official cultures of two states Portugal and Spain yet for others the term opens up disciplinary space altering established routines. A relational approach to Iberian Studies shatters the state's epistemological frame and complexifies the field through the emergence of lines of inquiry and bodies of knowledge hitherto written off as irrelevant. This timely volume brings together contributions from leading international scholars who demonstrate the cultural and linguistic complexity of the field by reflecting on the institutional challenges to the practice of Iberian Studies. As such the book will be required reading for all those working in the field.

The Theatre of Antonio Buero Vallejo Catherine O'Leary, 2005. This monograph examines the complex relationship between Antonio Buero Vallejo 1916-2000 and the ideologies of Francoist and post Franco Spain. This monograph examines the complex relationship between Antonio Buero Vallejo 1916-2000 and the ideologies of Francoist and post Franco Spain. The central focus of the study is Buero's political theatre and his employment of myth and history to challenge the notion of an España eterna. It also considers Buero's creation of his own myths and his revision of history in order to rationalize and justify his own stance. In his determination to write and stage committed drama in a repressive society Buero's choice with its inherent contradictions and ambiguities was *posibilismo*. This book looks at this pragmatic employment of language and silence both in his art and in his dealings with the censors and with other representatives of the hegemony and analyses how *posibilismo* both aided and limited him. The monograph also considers Buero's neglected post Franco theatre examining the reasons for its initial negative reception and its renewed importance in today's Spain. In these days of digging up the past Buero's post Franco insistence on rejecting the *pacto de olvido* is perhaps more relevant than ever before.
