The New Lawyer's Wit and Wisdom Bruce M. Nash, Allan Zullo, 1995

Secretly Inside Hans Warren, 2006 In the Dutch countryside the war seems far away For most people at least But not for Ed a Jew in Nazi occupied Holland trying to find some safe sanctuary Compelled to go into hiding in the rural province of Zeeland he is taken in by a seemingly benevolent family of farmers But as Ed comes to realize the Van t Westeindes are not what they seem Camiel the son of the house is still in mourning for his best friend a German soldier who committed suicide the year before And Camiel's fiery unstable sister Mariete begins to nurse a growing unrequited passion for their young guest just as Ed realizes his own attraction to Camiel As time goes by Ed is drawn into the domestic intrigues around him and the farmhouse that had begun as his refuge slowly becomes his prison

International Interplay Riddhi Dasgupta, 2014-09-26 Are international tribunals heading towards greater sovereignty or towards greater liberalisation of property rights Can we glean specific deductions from prevailing cases outside the expropriation arena How can we justifiably extrapolate principles from international investment arbitration before modifying and applying these lessons to international human rights the World Trade Organization regime and other dispute settlement systems What if any degree of deference attends the assessment of various claims undertaken by international tribunals Does this depend on high commerce force majeure military or paramilitary control urgent nuclear and environmental considerations transboundary harms political instability fraud and deception or other special circumstances Where do textually strict treaty interpretations end and the general principles of international law take over Can autonomous treaty interpretation by international tribunals be reconciled with the host State's prerogative of defining its own protected public interests Where is the tipping point too frequently fraught with the potential to deprive States of the incentive to stay within the applicable international compact These issues must be comparatively addressed Contemporary international law developments and dislocations are occurring at a break neck pace We pause and contemplate the implications Riddhi Dasgupta analyses the standards of Expropriation Exhaustion of Local Remedies Continuous Nationality Non Discrimination National Treatment Most Favoured Nation and Domestic Discrimination Fair and Equitable Treatment Minimum Standard of Treatment and Compensation across international dispute settlement The foundational and evolving concept of consent is required to justify all public international law from genesis onwards The potency of expropriation based claims will continue

to expand and the comparative lessons drawn from various international law regimes will interplay to stirring effect Writing accessibly Dasgupta proposes various legal strategies going forward and makes analytical prognostications about this area of international law Dasgupta presents influential interview and anecdotal results as well as statistics concerning the growing flow of investments in targeted jurisdictions and sectors For the international lawyer s benefit the final chapter condenses the book s tactical scenario planning and advice Institutional dialogues among tribunals as well as tribunal dialogues with politicians investors NGOs and of course citizens the ultimate boson will assume absolutely indispensable significance This will be the true tipping point in the eye of the storm Legitimacy transparency justice efficiency and economy candour party autonomy coherence incentives and the tense clash of interests reappear as the constant motifs in this important but relatively unknown saga Studiedly neutral in its orientation this book strives to promote constructive solutions as well as public awareness

Lowering the Bar Marc Galanter, 2006-10-10 What do you call 600 lawyers at the bottom of the sea Marc Galanter calls it an opportunity to investigate the meanings of a rich and time honored genre of American humor lawyer jokes *Lowering the Bar* analyzes hundreds of jokes from Mark Twain classics to contemporary anecdotes about Dan Quayle Johnnie Cochran and Kenneth Starr Drawing on representations of law and lawyers in the mass media political discourse and public opinion surveys Galanter finds that the increasing reliance on law has coexisted uneasily with anxiety about the legalization of society Informative and always entertaining his book explores the tensions between Americans deep seated belief in the law and their ambivalence about lawyers

The Lawyer Myth Rennard Strickland, Frank T. Read, 2008 Publisher Description

In the Interests of Justice Deborah L. Rhode, 2003-04-10 Two thousand years ago Seneca described advocates not as seekers of truth but as accessories to injustice smothered by their prosperity This unflattering assessment has only worsened over time The vast majority of Americans now perceive lawyers as arrogant unaffordable hired guns whose ethical practices rank just slightly above those of used car salesmen In this penetrating new book Deborah L. Rhode goes beyond the commonplace attacks on lawyers to provide the first systematic study of the structural problems confronting the legal profession A past president of the Association of American Law Schools and senior counsel for the House Judiciary Committee during Clinton s impeachment proceedings Rhode brings an insider s knowledge to the labyrinthine complexities of how the law works or fails to work for most Americans and often for lawyers themselves She sheds much light on problems with the adversary system the commercialization of practice bar disciplinary processes race and gender bias and legal education She argues convincingly that the bar s current self regulation must be replaced by oversight structures that would put the public s interests above those of the profession She insists that legal education become more flexible by offering less expensive degree programs that would prepare paralegals to provide much needed low cost assistance Most important she calls for a return to ethical standards that put public service above economic self interest Elegantly written and touching on such high profile cases as the O J Simpson trial and the Starr investigation *In the Interests*

of Justice uncovers fundamental flaws in our legal system and proposes sweeping reforms A Strategic and Tactical Approach to Global Business Ethics Lawrence A. Beer, 2010-04-18 Ethics is a compendium of moral interpretations steeped in a multitude of religious and philosophical applications It is subject to various cultural intrusions as well as independent personal interpretation The study of international business and all related managerial disciplines usually includes ethical content The majority of global management textbooks offer a chapter on ethics and its often misaligned cousin social responsibility They tend to cover the subject matter by stating the problem and then reciting laws enacted to combat social injustice as well as including philosophical theories intended to provide generic direction This iceberg approach a topical view of the issues leaves the average MBA student along with executive cadre longing for more specific guidelines **Jews and the Law** Ari Mermelstein, Victoria Saker Woeste, Ethan Zadoff, Marc Galanter, 2014-06-10 Jews are a people of law and law defines who the Jewish people are and what they believe This anthology engages with the growing complexity of what it is to be Jewish and more problematically what it means to be at once Jewish and participate in secular legal systems as lawyers judges legal thinkers civil rights advocates and teachers The essays in this book trace the history and chart the sociology of the Jewish legal profession over time revealing new stories and dimensions of this significant aspect of the American Jewish experience and at the same time exploring the impact of Jewish lawyers and law firms on American legal practice This superb collection reveals what an older focus on assimilation obscured Jewish lawyers wanted to make it but they also wanted to make law and the legal profession different and better These fascinating essays show how despite considerable obstacles they succeeded Daniel R Ernst Professor of Law Georgetown University Law Center Author of Tocqueville's Nightmare The Administrative State Emerges in America 1900-1940 This fascinating collection of essays by distinguished scholars illuminates the distinctive and intricate relationship between Jews and law Exploring the various roles of Jewish lawyers in the United States Germany and Israel they reveal how the practice of law has variously expressed reinforced or muted Jewish identity as lawyers demonstrated their commitments to the public interest social justice Jewish tradition or personal ambition Any student of law lawyers or Jewish values will be engaged by the questions asked and answered Jerold S Auerbach Professor Emeritus of History Wellesley College Author of Unequal Justice and Rabbis and Lawyers **Searching the Law, 3d Edition** Frank Bae, Edward Bander, Francis Doyle, Joel Fishman, Paul Richert, 2021-12-13 *Kidd's new guide to Boulogne. three chapters concerned with theoretical discussions of proverbs in cognition and culture The three chapters in the second part ponder proverbs within a cognitive cross cultural perspective The third part of the volume includes three chapters that deal with the proverbs of individual languages and cultures The three chapters in the fourth part study proverbs and or related phenomena from a cognitive and cultural perspective snowclones idioms and proverbial phrases This book will be of interest to academics interested in proverbs within a cognitive linguistic framework and to scholars in the areas of language studies applied linguistics language teaching and learning and Cognitive Linguistics in general and to those researchers who wish to refine their knowledge about the cognitive activities featuring proverb use and their interaction with sociocultural contextual variables
