New Liturgy And Old Devotions:

In Search of an American Catholicism Jay P. Dolan, 2003 For more than two hundred years American Catholics have struggled to reconcile their national and religious values In this incisive and accessible account distinguished Catholic historian Jay P Dolan explores the way American Catholicism has taken its distinctive shape and follows how Catholics have met the challenges they have faced as New World followers of an Old World religion Dolan argues that the ideals of democracy and American culture in general have deeply shaped Catholicism in the United States as far back as 1789 when the nation's first bishop was elected by the clergy and the pope accepted their choice Dolan looks at the tension between democratic values and Catholic doctrine from the conservative reaction after the fall of Napoleon to the impact of the Second Vatican Council Furthermore he explores grassroots devotional life the struggle against nativism the impact and collision of different immigrant groups and the disputed issue of gender Today Dolan writes the tensions remain as we see signs of a resurgent traditionalism in the church in response to the liberalizing trend launched by John XXIII and also a resistance to the conservatism of John Paul II In this lucid account the unfinished story of Catholicism in America emerges clearly and compellingly illuminating the inner life of the church and of the nation In this lucid account the unfinished story of Catholicism in America emerges clearly and compellingly illuminating the inner life of the church and of the nation **A**

Eucharist-shaped Church Marshall E. Crossnoe, Daniel J. Handschy, Donna R. Hawk-Reinhard, 2022-03-02 A Eucharist shaped Church Prayer Theology Mission is a historical theological survey of major movements and thinkers that have shaped sacramental theology and liturgical worship within the Anglican Episcopal tradition The contributors attend closely to the interplay between Christian thinking praying and living in order to distil lessons for liturgical revision and worship renewal Each chapter explores a major thinker or movement and explores how the theological liturgical ecclesiological and missiological commitments of the thinker or movement interacted and shaped the thinker's or movement's overall thought This serves a two fold purpose 1 Much scholarship about Anglican eucharistic theology treats some aspect of that theology in isolation presence sacrifice etc from other aspects and from the context in which the theology was developed This approach shows how these various aspects and contexts in fact have mutual explanatory power 2 The interaction of these various aspects of eucharistic theology provide a framework for those involved in liturgical revision to think through the commitments communicated by the proposed revisions **Theology and Life Series** [Anonymus AC00270737], 1983

Until Justice and Peace Embrace Nicholas Wolterstorff, 1983 Analyzes the structure of the modern social order and examines the Christian's proper goals of working for peace and justice **Devotional Experience and Erotic Knowledge in the Literary Culture of the English Reformation** Rhema Hokama, 2023-02-20 This study explores the way Calvinist experientialism provided both a theology and an epistemology in the poetry of five early modern English poets William Shakespeare Robert Herrick John Donne Fulke Greville and John Milton In both official church ecclesiology and informal

devotional practice the Reformation introduced the idea that an individual's experience of devotion did not only entail feeling but also thought For early modern English people bodily experience offered a means of corroborating and verifying devotional truth making the invisible visible and knowable This volume maintains that these religious developments gave early modern thinkers and poets a new epistemological framework for imagining and interpreting devotional intention and access These Reformed models for devotion not only shaped how people experienced their encounters with God the changing religious landscape of post Reformation England also held profound implications for how English poets described sexual longing and access to earthly beloveds in the literary production of the period In placing the works of English poets in conversation with devotional writers such as William Perkins Samuel Hieron Joseph Hall and William Gouge this book demonstrates how the English Calvinist tradition attributed epistemological potential to a wide range of ordinary experience including sexual experience
