**Reproductive Laws for the 1990s** Sherrill Cohen, Nadine Taub, 2013-12-01

The Project on Reproductive Laws for the 1990s began in 1985 with the realization that reports of scientific developments and new technologies were stimulating debates and discussions among bioethicists and policymakers and that women had little part in those discussions either as participants or as a group with interests to be considered. With the help of a planning grant from the Rutgers University Institute for Research on Women, the Women's Rights Litigation Clinic at Rutgers University Law School Newark held a planning meeting that June attended by approximately 20 theorists and activists in the area of reproductive rights. Project purposes, methods, and general shape took form at the meeting. Two goals have characterized the Project's work since then: first, to generate discussion, debate, and where possible consensus among those committed to reproductive autonomy and gender equality as to how best to respond to the questions raised by reported advances in reproductive and neonatal technology and new modes of reproduction; and second, to ensure that those shaping reproductive law and policy appreciate the ramifications of these developments for gender equality. In meeting this twofold agenda, the Project focused on six areas: time limits on abortion; prenatal screening; fetus as patient; reproductive hazards in the workplace; interference with reproductive choice; and alternative modes of reproduction. The Project identified individuals to take responsibility for drafting model legislation and position papers in the six areas for the drafters; see the Appendix.

**Just ... Think About It! (2nd edn)** Peg Tittle, 2021-04-05

A collection of think pieces on a variety of topics: the environment, business, rights, and responsibilities, social issues, ethics, education, sports, religion, and so on. Philosophy with an attitude. Because the unexamined life is dangerous. Note that this is an omnibus of the four *Shit that Pisses Me Off* volumes minus the pieces that address sexism, which are anthologized in *Sexist Shit that Pisses Me Off* plus over a hundred additional pieces, some of which were previously in *The Philosophers Magazine*, *Philosophy Now*, *Humanist in Canada*, and *Victoria Times Colonist*, some of which are previously unpublished. An excellent collection of thought-provoking essays and short pieces. *Just Think about It* 2nd edn covers an amazingly wide range of topics that really made me think and reconsider my life, my choices, and our business as usual world. So much of what we are bombarded with on social media and mass media, so-called op-eds, are just a lot of noise. This author provides something very different. These are thought pieces succinctly and logically presented for one's consideration. I came away feeling like I'd had a meaningful interaction and I really enjoyed and appreciated it.

Karen Siddall *Just Think about It* 1st edn covers a wide range of topics too numerous to mention and she has endeavoured to group them together by subject. Some are only a page long; others cover several pages and are more like essays, but they will all make you think.

James M. Fisher *The Miramichi Reader*

Tittle's pieces are atypical of philosophical writing in the best ways of interest to non-specialists, yet instructive and profound, yet entertaining.

and conduct himself as the Administration mankind s single governing body dictates Elliot because of his profession as an
