Parrish-Harra, Sarah Leigh Brown, 1994 The Great Transition Ann Frazier West Ed.D., 2014-01-31 Have you ever wondered if it is possible to stay in touch with your loved ones and share their journey in the afterlife What happens after death is far too important for us to rely on hand me down teachings We need the authority of first hand experience This is what Ann West provides in her moving narrative of her remarkable attempt to continue her friendship with three extraordinary women for many years after their deaths As we join her on her excursions we learn about lifestyle and real estate options on the Other Side the anatomy of subtle bodies and how the law of attraction applies in all realities She describes her personal journey including her discovery of the consequences of bleedthroughs from past or parallel lives with candor and humility She draws on the theory and practice of esoteric orders but comes to understand that the heart of the matter is very simple we can dream with the deceased and in dreaming we travel to the realms where they are at home The Great Transition confirms that there is life beyond life and that learning and creative evolution never cease ROBERT MOSS author of Conscious Dreaming Dreamgates and The Boy Who Died and Came Back This book will take you on a very unusual journey with warmth wit and wonder Dr West describes in vivid detail life in the next world as revealed in her own dreams and intriguing visions Anyone seeking to gain a synthesis of the after death experience will find value insight and I dare say inspiration in this deeply researched and intriguingly written text REVEREND LEROY E ZEMKE author of Thoughts for Transformation Inspired by three remarkable women in her life Ann invites you to embark upon an incredible journey with her to continue relationships with loved ones as they make the great transition to the Other Side of life Ann shares her personal experiences of contact with other dimensions the afterlife to help you discover new and less painful ways to approach the loss of loved ones in your life It is comforting to know that the connection is still there and that our goodbyes do not have to be permanent Because of an increase in reports of the phenomenon of near death experiences NDEs great interest in the evidence of an afterlife has arisen igniting a growing trend of research on the topic In this book Ann captivatingly reveals past research as well as current scientific research about our contact with the afterlife dimensions

Parrish-Harra, 2019-03-05 Cosmic Mysteries By Carol E Parrish Harra In her newest book Cosmic Mysteries author Carol E Parrish Harra provides deep insights for the exploration of the inner path that can only be detailed by the one who has gleaned awareness through a personal journal Carol s work has long been noted for clarity and the details of the path dreamed of by many and traveled by the few Mysticism within the Occult Tradition is held close realizing how delicately balanced it is With many years of esoteric studies Carol shares her understanding of invisible qualities to be explored and the tests each element Fire Air Water and Earth presents to be mastered as they are integrated into human life The importance of daily mindfulness prepares us to move ourselves into the Christ Mind brought about by

both our choices and Karma as we go forward with little awareness in life **The Seven Sages** Patricia Anne Dye,2013-04 Many world legends suggest that at any given time seven sages walk the Earth tasked with the responsibility to anchor wisdom on behalf of humanity Each one stands as the personification of a different rung of human consciousness Together they represent humanity s innate ability to save itself or doom itself Earthwhisperer knows the secrets of the Earth its pleasures and its pains Lila understands the nature and workings of sacred pleasure Solomon has learned how to wield both moral and ethical power Philomel has captured the art of immaculate loving and heartfelt joy Dattatreya lives out his version of crazy wisdom with his innovative family Marianina is fey with a vast and accurate perspective on the human soul and its cosmic context Horus is a human sun the indicator of human destiny well above normal human consciousness At this time the sages have the profound challenge to help humanity reclaim balance compassion and hope when these qualities seem lost forever Through a whirling cascade of shifts in perception can the sages inspire each person to embrace his or her unique brand of wisdom in time **Womanist Ethical Rhetoric** Annette D. Madlock,Cerise L. Glenn,2021-01-14 Womanist thought remains of critical importance given contemporary issues of social justice and advocacy Womanist Ethical Rhetoric centers discourses of religious rhetoric and its influence on Black women s aims for voice empowerment and social justice in these turbulent times The chapters utilize womanism in conjunction with other frames to examine how Black women incorporate different aspects of their identities into struggles for empowerment and celebrations of who they are in holistic ways that center love and community This approach embraces both the commonalities and differences between womanists through theoretical and applied contexts It advances the work of womanist predecessors and pays homage to them most notably Rev Dr Katie Cannon s work on womanism and religion Topics analyzed include Black women s spiritual and professional identities in religious organizations the role of Black churches in Black Lives Matter and the inclusion of all Black women in racial academic achievement gaps Chapters also examine Black women s leadership and activism including church leaders and representations in popular culture and women s inclusion in the beloved community This collection centralizes the plurality of Black women s lives which is key to advancing their voices *Remember to Remember: the Mayan Mysteries* Carol E. Parrish-Harra Ph. D.,2011-10-28 Compilation and Insights Remember to Remember The Mayan Mysteries As told by a wisdom Teacher Awakening to Mythological thinking is difficult any time but to depart from institutional thinking and enter into the world of intuitive awareness is the opportunity of today This compilation and personal Insights to the Mayan Prophecies brings a new comprehension in Remember to Remember The Lost Mysteries as the known and unknown carry us toward a new height of understanding When one approaches the Maya Mysteries as parables and legends as well as calendars and mathematics a new doorway opens Beginning with the lost worlds of Lemuria and Atlantis we find ourselves caught up in the story of an empire that has left its impact An adventure awaits true but this glimpse of a future more creative and hopeful takes us to the wonders of a world unknown From a false belief of envisioning our native forefathers and

mothers as primitive natives we gain an awesome recognition of the wonders of encoded hieroglyphs we move into respect and understanding through parables legends and oral teachings A major aspect of the authors perspective is to integrate the contribution of the Maya with other wisdom traditions Many of the lingering myths of questionable ideas are clearly included in the mythology of these people Terms avoided in the rational and intellectual community rest in the psyche of all America and as we stir these ideas come alive The goal of evolution is presented clearly in the unfolding of these long secreted concepts such as sky people hollow earth theory and others From spirit space to science religion we get an amazing understanding of what is in store for humanity at the close of the Ninth Hell Has Humanity achieved it goal or has it missed the mark

Revelation of St. John Zachary F. Lansdowne, 2006-05-20 The Revelation of St John the last book of the canonical Bible has been a mystery since it first appeared No other part of the Bible has caused more controversy Traditional interpretations of the book fall into one of three categories the major prophecies that are supposed to have been fulfilled in the destruction of Jerusalem in 70 A D the historical view that Revelation predicts the course of human events from the founding of Christianity to the end of the world or the futurist view that Revelation predicts events that will occur at the end of the world It s actually none of the above writes Zachary F Lansdowne a leading expert in the field of spiritual initiation In the Introduction to this rich and complex interpretation he writes According to its own verses the Revelation is concerned with the present time which is whatever time we happen to be reading it and contains information that we can apply immediately to become blessed This is not a book about end times or Armageddon and when it might come This is a book written entirely in symbols concealing a path for early Christians and for the contemporary reader Lansdowne has applied a unique psychological method of interpretation that takes each symbol as depicting some aspect of human consciousness rather than an eternal event thus showing that the Revelation is actually a detailed instruction for the spiritual journey a map to the wakening of higher consciousness Moreover while the Revelation appears in the great lineage of Judeo Christian tradition Lansdowne shows that its instruction can be appreciated and applied to seekers from any tradition Lansdowne s line by line and verse by verse interpretation presented here in an easy to read side by side format is a manual for the true seeker who would follow teachings of Jesus as they were and are laid out rather than as they have been interpreted by theologians and biblical historians The Revelation of St John when unlocked by the key of psychological methodology is revealed to contain ideas from many diverse wisdom traditions and philosophies archangels in Judaism chakras and kundalini in Hinduism Buddhist mindfulness the redemptive power of love in Christianity and absolute standards of comparison in Platonic philosophy Zachary Lansdowne s revelatory text makes these teachings of the path to true soul initiation available to seekers from every spiritual tradition
