New Essays On Rabbit Run:

New Essays on Rabbit, Run, 1993 **New Essays on Rabbit Run** Stanley Trachtenberg, 1993-09-24 The essays in this collection examine the technical mastery and thematic range of John Updike's novel *Rabbit Run* New Essays on Rabbit, Run, 2000 **New essays on Rabbit, Run**, 1993 New essays on Rabbit, Run, 1991 A Study Guide for John Updike's "Rabbit, Run" Gale, Cengage Learning, 2016-06-29 A Study Guide for John Updike's *Rabbit Run* excerpted from Gale's acclaimed *Novels for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Novels for Students* for all of your research needs *The Moderate Imagination* Yoav Fromer, 2020-05-07 In the aftermath of Donald Trump's victory in 2016 Americans finally faced a perplexing political reality Democrats purported champions of working people since the New Deal had lost the white working class voters of Middle America For answers about how this could be Yoav Fromer turns to an unlikely source the fiction of John Updike Though commonly viewed as an East Coast chronicler of suburban angst the gifted writer in fact a native of the quintessential Rust Belt state Pennsylvania was also an ardent man of ideas political ideas whose fiction Fromer tells us should be read not merely as a reflection of the postwar era but rather as a critical investigation into the liberal culture that helped define it Several generations of Americans since the 1960s have increasingly felt left behind In Updike's early work Fromer finds a fictional map of the failures of liberalism that might explain these grievances *The Moderate Imagination* also taps previously unknown archival materials and unread works from his college years at Harvard to offer a clearer view of the author's acute political thought and ideas Updike's prescient literary imagination Fromer shows sensed the disappointments and alienation of rural white working and middle class Americans decades before conservatives sought to exploit them In his writing he traced liberalism's historic decline to its own philosophical contradictions rather than to only commonly cited external circumstances like the Vietnam War racial strife economic recession and conservative backlash A subtle reinterpretation of John Updike's legacy Fromer's work complicates and enriches our understanding of one of the twentieth century's great American writers even as the book deftly demonstrates what literature can teach us about politics and history Rabbit (un)redeemed Peter J. Bailey, 2006 This book approaches Updike's oeuvre by illuminating its ongoing pervasive conflict between faith and doubt Concentrating on a trio of Olinger stories the *Rabbit* Angstom tetralogy *In the Beauty of the Lilies* and *Rabbit Remembered* and dramatizing most emphatically Updike's career spanning dialogue with his complexly fragile religious beliefs Bailey interprets the *Rabbit* saga as fictionalized spiritual autobiography in which through imposing Harry Angstom's perceptual limitations upon his own stylistic gifts Updike set himself the toughest trial of his ethical and aesthetic creed of the spirit affirming capacities of human perception and expression *The John Updike Encyclopedia* Jack De Bellis, 2000-09-30 John Updike is one of the most seminal American writers of the 20th century and one of the most prolific as well In addition to his best selling novels

he has written numerous poems short stories reviews and essays His writing consistently reveals stylistic brilliance and through his engagement with America's moral and spiritual problems his works chronicle America's hopes and dreams failures and disappointments Though he is an enormously popular writer the complexity and elegance of his works have elicited growing scholarly attention Through several hundred alphabetically arranged entries this book provides both casual and serious readers an exceptional guide to his life and writings Whether the reader is seeking a novel summary an authoritative analysis of subjects elucidation of an allusion or a point about Updike's life or manner of composition the encyclopedia is indispensable A chronology summarizes the major events in Updike's career while an introductory essay examines his progress as a writer from his crafted light verse and informed reviews to his innovative novels and stories The entries that follow summarize Updike's books describe all major characters explain allusions identify major images and symbols analyze principal subjects discuss his life and career and draw on the most significant scholarship Entries include bibliographies and the volume closes with a list of works for further reading

Star Authors Joe Moran, 2000-02-20 In America authors are as likely to be seen on television talk shows or magazine covers as in the more traditional settings of literary festivals or book signings Is this literary celebrity just another result of dumbing down Yet another example of the mass media turning everything into entertainment Or is it a much more unstable complex phenomenon And what does the American experience tell us about the future of British literary celebrity In *Star Authors* Joe Moran shows how publishers the media and authors themselves create and disseminate literary celebrity He looks at such famous contemporary authors as Toni Morrison J D Salinger Thomas Pynchon Don DeLillo John Updike Philip Roth Kathy Acker Nicholson Baker Paul Auster and Jay McInerney Through an examination of their own work biographical information media representations and promotional material Moran illustrates the nature of modern literary celebrity He argues that authors actively negotiate their own celebrity rather than simply having it imposed upon them from reclusive authors such as Salinger and Pynchon famed for their very lack of public engagement to media friendly authors such as Updike and McInerney *Star Authors* analyses literary celebrity in the context of the historical links between literature advertising and publicity in America the economics of literary production and the cultural capital involved in the marketing and consumption of books and authors

Encyclopedia of American Literature Manly, Inc., 2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Bruccoli George Parker Anderson Judith S

Becoming John Updike Laurence W. Mazzeno, 2013 When John Updike died in 2009 tributes from the literary establishment were immediate and fulsome However no one reading reviews of Updike's work in the late 1960s would have predicted that kind of praise for a man who was known then as a brilliant stylist who had nothing to say What changed Why And what is likely to be his legacy These are the questions that *Becoming John Updike* pursues by examining the journalistic and academic response to his writings Several things about Updike's career make a reception study appropriate First he was prolific he began publishing fiction and essays in 1956

published his first book in 1958 and from then on brought out at least one new book each year Second his books were reviewed widely usually in major American newspapers and magazines and often in foreign ones as well Third Updike quickly became a darling of academics the first book about his work was published in 1967 less than a decade after his own first book More than three dozen books and hundreds of articles of academic criticism have been devoted to Updike The present volume will appeal to the continuing interest in Updike s writing among academics and general readers alike Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson and Matthew Arnold for Camden House s Literary Criticism in Perspective series Stories Rabbits Tell Susan E. Davis, Margo DeMello, 2003 Comprehensive look at the rabbit as a wild animal ancient symbol pop culture icon commercial product pet and intelligent feeling creature Also describes how the rabbit is one of the most misunderstood and abused of animals *The Quest for Epic in Contemporary American Fiction* Catherine Morley, 2008-09-25 This volume explores the confluences between two types of literature in contemporary America the novel and the epic It analyses the tradition of the epic as it has evolved from antiquity through Joyce to its American manifestations and describes how this tradition has impacted upon contemporary American writing John Updike Remembered Jack A. De Bellis, 2017-11-21 Fifty three individuals present a prismatic view of the two time Pulitzer Prize winner and his work through anecdote and insight Interviews and essays from family friends and associates reveal sides of the novelist perhaps unfamiliar to the public the high school prankster the golfer the creator of bedtime stories the charming ironist the faithful correspondent with scholars the devoted friend and the dedicated practitioner of his craft The contributors include his first wife Mary Pennington and three of their children high school and college friends authors John Barth Joyce Carol Oates and Nicholson Baker journalists Terri Gross and Ann Goldstein and scholars Jay Parini William Pritchard James Plath and Adam Begley Updike s biographer

Political Vision in the Rabbit Tetralogy of John Updike Ms. Long Na, Dr. Zhao Yang, 2023-01-06 The majority of the critics have hailed John Updike as a great literary giant of the postmodern age who spent fifty long years in writing short stories and fiction Updike is seriously concerned about the problems and challenges faced by the American people Investigating the texts and themes of Updike Despite in the new millennium his apocalyptic vision can be conveniently understood His novels written during fifty years of his writing career provide deep insight into the American culture After the World War II a new age was ushered in America and three decades from 1950s to 1970s America made tremendous strides during the rule of two Presidents Franklin Roosevelt and Kennedy President Truman and Eisenhower also made drastic changes in culture and society They brought in America an era consumerism mass culture and urbanization Growth of capitalism industrial unrest and class struggles were new development in America after the Second World War By 1956 a majority held white collar jobs working as corporate managers teachers salespersons and office employees More and more Americans now considered themselves part of the middle class The expansion of Political Vision in the Rabbit Tetralogy of John Updike 8 suburbs

was a noticeable change easy credit cheap fuel mass production and housing and the growth of the automobiles revolutionized American society David Riesman in his book *The Lonely Crowd* talks about the alienation of man with the growing prosperity and affluence in America

The Cambridge Companion to John Updike Stacey Olster, 2006-04-06 John Updike is one of the most prolific and important American authors of the contemporary period with an acclaimed body of work that spans half a century and is inspired by everything from American exceptionalism to American popular culture This Companion joins together a distinguished international team of contributors to address both the major themes in Updike's writing as well as the sources of controversy that Updike's writing has often provoked It traces the ways in which historical and cultural changes in the second half of the twentieth century have shaped not just Updike's reassessment of America's heritage but his reassessment of the literary devices by which that legacy is best portrayed With a chronology and bibliography of Updike's published writings this is the only guide students and scholars of Updike will need to understand this extraordinary writer

Understanding John Updike Frederic Svoboda, 2018-04-01 A close look at the extraordinary literary achievements of a popular and prolific American author The winner of every major American literary prize John Updike 1932-2009 was one of the most popular and prolific novelists of his time and a major cultural figure who traced the high point and fall of midcentury American self-confidence and energy A superb stylist with sixty books to his credit he brilliantly rendered the physical surfaces of the nation's life even as he revealed the intense longings beneath those surfaces In *Understanding John Updike* Frederic Svoboda elucidates the author's deep insights into the second half of the twentieth century as seen through the lives of ordinary men and women He offers extended close readings of Updike's most significant works of fiction templates through which his entire oeuvre may be understood A small town Pennsylvanian whose prodigious talent took him to Harvard a staff position at the *New Yorker* and ultimately a life in suburban Massachusetts where the pace of his literary output never slowed Updike was very much in the American cultural tradition His series of Rabbit Angstrom novels strongly echo Sinclair Lewis's earlier explorations of middle America while *The Witches of Eastwick* and related novels are variations on Nathaniel Hawthorne's nineteenth century classic *The Scarlet Letter* His number one best seller *Couples* examines what *Time* magazine called the adulterous society in the last year of the Kennedy administration following the nation's fall from idealism into self-centeredness *Understanding John Updike* will give both new readers and those already familiar with the author a firm grasp of his literary achievement This outline of Updike's professional career highlights his importance in the life of the nation not only as a novelist but also as a gifted essayist reviewer cultural critic and poet

This Mad "instead" Arthur Michael Saltzman, 2000 Saltzman reveals figuration to be both inevitable and inevitably unreliable and he illustrates how these writers treat this condition not as an impasse but as a point of departure indeed as an artistic mandate and creative opportunity

The Oxford Encyclopedia of American Literature Jay Parini, 2004 The *Encyclopedia of American Literature* gathers together 350 essays from over 190 leading scholars on the

whole of American literature from European discovery to the present At the core of the Encyclopedia lie 250 essays on poets playwrights essayists and novelists Figures such as Whitman Melville Faulkner Frost and Morrison are discussed in detail with each examined in the context of his or her times an assessment of the writer s current reputation a bibliography of major works and a list of major critical and biographical works about the writer Fifty entries on major works such as Moby Dick Song of Myself Walden The Great Gatsby The Waste Land Their Eyes Were Watching God Death of a Salesman and Beloved place the work in its historical context and offer a range of possibilities with regard to critical approach The Encyclopedia also contains essays on literary movements periods and themes pulling together a broad range of information and making connections between them Each entry has its own primary and annotated secondary bibliography and a system of cross references helps readers locate information with ease The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature libraries looking for one comprehensive source and readers interested in American literature its authors and its connection with various areas of study
