English Cathedral Music and Liturgy in the Twentieth Century Martin Thomas, 2016-03-09 This book examines the stylistic development of English cathedral music during a period of liturgical upheaval looking at the attitudes of cathedral clergy liturgists composers leading church music figures and organisations to music and liturgy Arguments that were advanced for retaining an archaic style in cathedral music are considered including the linking of musical style with liturgical language the recommending of a subservient role for music in the liturgy and the development of a language of fittingness to describe church music The roles of the RSCM and other influential bodies are explored Martin Thomas draws on many sources the libraries and archives of English cathedrals contemporary press coverage and the records of church music bodies publishing practices secondary literature and the music itself Concluding that an arresting of development in English cathedral music has prevented appropriate influences from secular music being felt Thomas contrasts this with how cathedrals have often successfully and dynamically engaged with the world of the visual arts particularly in painting and sculpture Presenting implications for all denominations and for patronage of the arts by churches and the place of musical aesthetics in the planning of liturgy this book offers an important resource for music theology liturgy students and ministry teams worldwide

Eucharist Shaping and Hebert's Liturgy and Society Andrew Bishop,2016-03-31 The contemporary Church of England is wrestling with issues around the relationship between its worship and mission and relating both to wider society Much of this hinges on an understanding of the nature of the Church Gabriel Hebert s seminal book *Liturgy and Society* 1935 took as its subtitle *The Function of the Church in the Modern World* For many this book inspired engagement with Eucharistic worship with new patterns emerging paving the way for further liturgical reform in the second half of the twentieth century *Eucharist Shaping and Hebert s Liturgy and Society* re examines Hebert s work doing so uniquely in the light of the current dialogue about Church liturgy and mission Andrew Bishop argues that Hebert s contribution has been overlooked latterly and that a re appreciation opens up fruitful ways of thinking and acting making this book a distinctive contribution to a lively debate If the options are reaction or novelty *Eucharist Shaping and Hebert s Liturgy and Society* shows how Hebert s thinking subtly undermines both

How Does God Act in the World? David Wilkinson,2025-05-29 Does God act in the world and if God does then how These questions are central questions for Christian theology and Christian mission and ministry Is God simply a creator who then goes on holiday and leaves the universe to develop or is God the one who is embodied in Jesus the God of signs and wonders death and resurrection And what does this mean for signs and wonders today in the life of individuals and local churches From *The Simpsons* to a wedding in Cana from grace to quantum theory and from the problem of evil to eschatology David Wilkinson argues that the biblical picture of a God who acts in the world makes sense in the light of modern science but how God acts cannot be reduced to simple models
