*The New Harmony Communities* George Browning Lockwood,1902      **The New Harmony Communities (Classic Reprint)** George Browning Lockwood,2016-09-05 Excerpt from *The New Harmony Communities* By strange coincidence New Harmony became the scene of the most notable experiments yet attempted by the social architects of two of these three classes Among religious communists the Rappites founders of Harmony have been most successful and their residence in Indiana marked the high tide of their growth in wealth and numbers There has not been another trial of philosophical communistic association so auspiciously undertaken or so thoroughly carried to a conclusion as that which Robert Owen inaugurated at New Harmony more than three quarters of a century ago Brook Farm has occupied a larger place in literature but as a serious effort at solving the social problems of its time it did not approach New Harmony in importance To New Harmony Brook Farm was as a playground to a workshop Brook Farm afforded temporary amusement to a congenial coterie of literary celebrities who cherished romantic ideals in common but it bequeathed little to the world except their individual contributions to the literature of that period The New Harmony experiment was conducted in a less romantic atmosphere but it was more earnest thorough and satisfying and to the modern student of sociology it is more significant as a social venture As Owenism was the forerunner of Fourierism so New Harmony was the forerunner of Brook Farm As Brook Farm was the center of a group of Fourieristic phalansteries or colonies so New Harmony was the inspiration of a large number of Owenite experiments scattered over so wide a range of territory that they assumed the proportions of a national movement Robert Owen declared Emerson says and Owen is not the only witness to the fairness of his contention that Fourier learned all he knew of communism from a study of Owenism If this be true Brook Farm was only a far off reflection of the great experiment at New Harmony About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **The New Harmony Communities** George Browning Lockwood,2023-07-18

**Rethinking Thomas Jefferson's Writings on Slavery and Race** M. Andrew Holowchak,2020-01-10 Revisionism has been the historical vogue for well over two decades concerning Jeffersonian scholarship This movement has been an attempt to neutralize the avowed hagiographical scholarship on Jefferson by aiming to offer an all too human Thomas Jefferson The regrettable result has been a depiction iterated and reiterated uncritically by scholars of a less than human Jefferson

presenting him as an inveterate hypocrite and racist Thus Jeffersonian scholarship as argued here has become an exercise in useless fatuous repetition of the same claims that has impeded attempts by serious scholars to gain fresh insights into the mind of one of the greatest Americans This book offers a stimulating provocative challenge to the stale revisionist claims on Jefferson concerning his hypocrisy and racism It will appeal to mavens of Jefferson as well as scholars intent on moving forward with Jeffersonian scholarship The book will also appeal to those persons who believe it is time to resituate Jefferson on his little mountain
