New Individualist Review:

New Individualist Review Milton Friedman, 1981-05 Over its life the Review printed seminal writing on free market and conservative topics by remarkably mature students and by Russell Kirk Ludwig von Mises George Stigler Benjamin Rogge and other already established men What characterized the Review writers was their rigor of thought and concern for principles features that coexist naturally Chronicles Initially sponsored by the University of Chicago Chapter of the Intercollegiate Society of Individualists the New Individualist Review was more than the usual campus magazine It declared itself founded in a commitment to human liberty Between 1961 and 1968 seventeen issues were published which attracted a national audience of readers Its contributors spanned the libertarian conservative spectrum from F A Hayek and Ludwig von Mises to Richard M Weaver and William F Buckley Jr In his introduction to this reprint edition Milton Friedman one of the magazine's faculty advisors writes that the Review set an intellectual standard that has not yet I believe been matched by any of the more recent publications in the same philosophical tradition

New Individualist Review, 1968 A journal of classical liberal thought

Radicals for Capitalism Brian Doherty, 2009-04-28 On Wall Street in the culture of high tech in American government Libertarianism the simple but radical idea that the only purpose of government is to protect its citizens and their property against direct violence and threat has become an extremely influential strain of thought But while many books talk about libertarian ideas none until now has explored the history of this uniquely American movement where and who it came from how it evolved and what impact it has had on our country In this revelatory book based on original research and interviews with more than 100 key sources Brian Doherty traces the evolution of the movement through the unconventional life stories of its most influential leaders Ludwig von Mises F A Hayek Ayn Rand Murray Rothbard and Milton Friedman and through the personal battles character flaws love affairs and historical events that altered its course And by doing so he provides a fascinating new perspective on American history from the New Deal through the culture wars of the 1960s to today's most divisive political issues Neither an exposé nor a political polemic this entertaining historical narrative will enlighten anyone interested in American politics

[The Conservative Intellectual Movement in America Since 1945](#) George H. Nash, 2023-03-28 First published in 1976 George H Nash's celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the book's thirtieth anniversary includes a new preface and conclusion by the author and will continue to instruct anyone interested in how today's conservative movement was born

Crack-Up Capitalism Quinn Slobodian, 2023-04-04 A Fortune best nonfiction book of 2023 In a revelatory dispatch from the frontier of capitalist extremism an acclaimed historian of ideas shows how free marketeers are realizing their ultimate goal an end to nation states and the constraints of democracy Look at a map of the world and you'll see a colorful checkerboard of nation states But this is not where power actually resides Over the last decade globalization has shattered the map into different legal spaces free ports tax havens special

economic zones With the new spaces ultracapitalists have started to believe that it is possible to escape the bonds of democratic government and oversight altogether Crack Up Capitalism follows the most notorious radical libertarians from Milton Friedman to Peter Thiel around the globe as they search for the perfect space for capitalism Historian Quinn Slobodian leads us from Hong Kong in the 1970s to South Africa in the late days of apartheid from the neo Confederate South to the former frontier of the American West from the medieval City of London to the gold vaults of right wing billionaires and finally into the world s oceans and war zones charting the relentless quest for a blank slate where market competition is unfettered by democracy A masterful work of economic and intellectual history Crack Up Capitalism offers both a new way of looking at the world and a new vision of coming threats Full of rich details and provocative analysis Crack Up Capitalism offers an alarming view of a possible future

The Indispensable Milton Friedman

Lanny Ebenstein,2012-09-11 Milton Friedman is one of the most famous economists in history His writings and theories on everything from capitalism and freedom to deregulation and welfare have inspired movements influenced government policies and changed the course of America s economic history Now acclaimed Friedman biographer Dr Lanny Ebenstein brings together twenty of Friedman s greatest essays in his new book The Indispensable Milton Friedman Essays on Politics and Economics The only collection of Friedman s writings to span his entire career The Indispensable Milton Friedman Essays on Politics and Economics features some of Friedman s never before republished writings as well as the best and most timeless of his works These exceptional essays not only illuminate the progression of Friedman s thought but explain how America might overcome some of its most difficult challenges Broken into two sections politics and economics The Indispensable Milton Friedman shows how we can ultimately turn America around and is more necessary than ever during this critical election year and time of economic uncertainty

Total Freedom

Chris Matthew Sciabarra,2000 Building upon his previous books about Marx Hayek and Rand Total Freedom completes what Lingua Franca has called Sciabarra s epic scholarly quest to reclaim dialectics usually associated with the Marxian left as a methodology that can revivify libertarian thought Part One surveys the history of dialectics from the ancient Greeks through the Austrian school of economics Part Two investigates in detail the work of Murray Rothbard as a leading modern libertarian in whose thought Sciabarra finds both dialectical and nondialectical elements Ultimately Sciabarra aims for a dialectical libertarian synthesis highlighting the need not sufficiently recognized in liberalism to think of the totality of interconnections in a dynamic system as the way to ensure human freedom while avoiding totalitarianism such as resulted from Marxism

Why Americans Hate Politics

E.J. Dionne,2013-10-08 In this new edition of his national bestseller E J Dionne brings up to date his influential proposals for a politics that can and must find a balance between rights and obligations between responsibility and compassion All over the United States Americans are deserting the political process Why In this national bestseller one of our shrewdest political observers traces thirty years of volatile political history and finds that on point after point liberals and conservatives are

framing issues as a series of false choices making it impossible for politicians to solve problems and alienating voters in the process Now with a new afterword discussing the Clarence Thomas confirmation hearings and the 1992 presidential election Dionne explores what has gone wrong with the American system and offers a back to basics approach to politics designed to respond to the anger of America's restive majority From the New Updated Introduction At the heart of Why Americans Hate Politics is the view that ideas shape politics far more than most accounts of public life usually allow I believe ideas matter not only to elites and intellectuals but also to rank and file voters Indeed I often think that the rank and file see the importance of ideas more clearly than the elites who often find themselves surprised by the rise of the movements that arise from the bottom up and shape our politics **Catalog of Copyright Entries** Library of Congress. Copyright Office,1969

Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office Library of Congress. Copyright Office,1961 Right Face Niels Bjerre-Poulsen,2002 Right Face tells the compelling story of how the American conservative movement in the two decades following World War II managed to move from obscurity to the center stage of national politics When Dwight D Eisenhower in 1952 defeated the conservative champion Robert Taft and won the Republican presidential nomination many on the American right felt that they had become homeless within the established party system The brand of liberalism which permeated the nation's intellectual life had also become bipartisan political doctrine The feeling of cultural and political ostracism triggered a quest for an independent conservative network of organizations with the hope of either taking back the Republican Party or creating a viable alternative The first part of Right Face recounts the often bitter struggle to define the meaning of conservatism in modern America Part two concerns the search for influential national outlets for conservative opinion whereas part three focuses on the movement's actual plunge into electoral politics not least on its well planned takeover of the Republican Party machinery in 1964 and the resulting presidential nomination of Senator Barry Goldwater An epilogue attempts to trace main currents in the evolution of American conservatism since the 1960s as well as to assess the extent to which American conservatives have managed to create the Counter Establishment they set out to create more than half a century ago In a sense the conservatives actually set out on two different quests One was for intellectual respectability The other was for political power As this study reveals the two goals were not always compatible Based on extensive archival sources Right Face provides an incisive analysis of the conservative movement and the forces that shaped it With its blending of intellectual and organizational developments it adds an important chapter to the history of American political culture in the 20th century

Opposing the Crusader State Robert Higgs,Carl P. Close,2007-09-01 *Opposing the Crusader State* Alternatives to Global Interventionism edited by Robert Higgs and Carl Close examines the history of American noninterventionism and its relevance in today's world For more than a century U S foreign policy whether conducted by Democrats or Republicans

liberals or conservatives has been based on the assumption that Americans interests are served best by intervening abroad to secure open markets for U S exports fight potential enemies far from American shores or engage in democratic nation building Before the twentieth century however a foreign policy of nonintervention was widely considered more desirable and Washington s and Jefferson s advice that the republic avoid foreign entanglements was largely heeded Arguing that interventionism is not an appropriate default setting for U S foreign policy the book s contributors clarify widespread misunderstandings about noninterventionism question the wisdom of nation building debate the validity of democratic peace theory and make the case for pursuing a peace strategy based on private property rights and free trade Readers will come away from this book with a richer understanding of the noninterventionist movements in U S history write Higgs and Close in the book s introduction Most important perhaps they will have a firmer understanding of why many classical liberals embrace the strengthening of commercial ties between all countries as a means of avoiding war *Friedrich Hayek* Alan

Ebenstein,2024-03-26 This biography tells the story of one of the most important public figures of the twentieth century Friedrich Hayek Here is the first full biography of Friedrich Hayek the Austrian economist who became over the course of a remarkable career the great philosopher of liberty in our time In this richly detailed portrait Alan Ebenstein chronicles the life works and legacy of a visionary thinker from Hayek s early years as the scholarly son of a physician in fin de siecle Vienna on an increasingly wider world as an economist and political philosopher in London New York and Chicago Ebenstein gives a balanced integrated account of Hayek s extraordinary diverse body of work from his fist encounter with the free market ideas of mentor Ludwig Von Mises to his magisterial writings in later life on the legal political ethical and economic requirements of a free society Awarded the Nobel Prize in 1974 Hayek s vision of a renewed classical liberalism of free markets and free ideas in free societies has taken hold in much of the world Alan Ebenstein s clearly written account is an essential starting point for anyone seeking to understand why Hayek s ideas have become the guiding force of our time His illuminating portrait of Hayek the man brings to new life the spirit of a great scholar and tenacious advocate who has become in Peter Drucker s words our time s preeminent social philosopher **Catalog of Copyright Entries. Third Series** Library of

Congress. Copyright Office,1968 The Vision of Richard Weaver Joseph A. Scotchie, Richard M Weaver was one of the founders of modern conservatism He is an enduring intellectual figure of twentieth century America Weaver was dedicated to examining the dual nature of human beings and the quest for civilized communities in a corrupted age that believed in the religion of science and in the natural goodness of man The Vision of Richard Weaver is the first collection of essays about this seminal thinker Thirty years after his untimely death Richard Weaver remains a heroic figure to many conservatives and traditionalists concerned about the state of American culture Now a new generation of readers can understand the importance of this pioneer of thought The Vision of Richard Weaver will be of significant value to political theorists philosophers and students of American civilization **Contemporary Perspectives on Rhetoric** Sonja K. Foss,Karen A.

Foss, Robert Trapp, 2014-04-04 The anniversary edition marks thirty years of offering an indispensable review and analysis of thinkers who have exerted a profound influence on contemporary rhetorical theory I A Richards Ernesto Grassi Cha m Perelman and Lucie Olbrechts Tyteca Stephen Toulmin Richard Weaver Kenneth Burke J rgen Habermas bell hooks Jean Baudrillard and Michel Foucault The brief biographical sketches locate the theorists in time and place showing how life experiences influenced perspectives on rhetorical thought The concise explanations of complex concepts are clear engaging insightful and highly accessible serving as an excellent primer for reading the major works of these scholars The critical commentary is carefully chosen to highlight implications and to place the theories within a broader rhetorical context Each chapter ends with a complete bibliography of works by the theorists **Markets, Planning, and Democracy** David L. Prychitko, 2002-01-01 Markets planning and democracy essays after the collapse of communism edited by David L Prychitko

Educating for Liberty Lee Edwards, 2003-10-01 In this superb history which includes portraits of many of the leading figures of the American intellectual conservative movement Edwards recounts the rich fruits of their unremitting labors Moral Discourse in the History of Economic Thought Laurent Dobuzinskis, 2022-06-23 Providing an account of the development of economic thought this book explores the extent to which economic ideas are rooted in moral values Adopting an approach rooted in pragmatism the work explores key questions which have been considered by economists since the classical political economists These include what degree of priority ought to be granted to property rights among all individual liberties whether uncertainties in economic life justify investing political authorities with the power to stabilize business cycles whether it is better to trust entrepreneurial initiatives to resolve societal dilemmas or to centralize policy making in the hands of a benevolent government The chapters argue that economic thought has evolved from an emphasis on sympathy as defined by Adam Smith and that there has more recently been a rediscovery of the significance of sympathy reinvented as fair reciprocity in the wake of the emergence of behavioural economics and its connection to evolutionary psychology This key book is of great interest to readers in the history of ideas political and moral philosophy and political economy *Barbarians in the Saddle* Joseph A. Scotchie, 2020-02-18 Richard M Weaver was one of the founders of modern conservatism and an enduring intellectual figure of twentieth century America He was dedicated to examining the dual nature of human beings and the quest for civilized communities in a corrupted age that believed in the religion of science and in the natural goodness of man Weaver s Ideas Have Consequences sowed the seeds for the traditionalist wing of modern American conservatism On the brink of the twenty first century the triumph of science and technology looms larger than ever Weaver s prophetic writings on post World War II Western decline and his visionary talents however bleak can easily extend into many facets of modern life high divorce rates a declining standard of living the dehumanizing aspects of a corporate economy and the destruction of civil communities *Barbarians in the Saddle* is Joseph Scotchie s intellectual biography of Richard M Weaver It is an in depth study of each of Weaver s published works and an examination of the significant influence

he had on the formation of conservative America Ideas Have Consequences and Visions of Order examine the problem of life in megalopolis where the best of everything is promised to the restless masses by their leaders and a cradle to grave social security state results in dangerous levels of decadence resentment and the loss of civility and culture In The Southern Tradition at Bay and other essays on the American South Weaver expresses his preference for the nonmaterialistic virtuous ethos of the Old South Finally The Ethics of Rhetoric highlights Weaver s devotion to a discipline increasingly out of favor with academia Thirty years after his untimely death Richard Weaver remains a heroic figure to many concerned about the state of American culture and its alienated rootless conditions Now a new generation of leaders can understand the importance of this pioneer of thought Barbarians in the Saddle will be of significant value to political theorists philosophers and students of American civilization
