New Light On Old Mysteries:

Old Truths in a new light; or, an ... endeavour to reconcile material science with spiritual science and with scripture
Marie SINCLAIR (Countess of Caithness and Duchess de Pomar.),1876 *Shipwrecks and Mysteries of the Great Lake*

Mysteries Gordon Ziegler,2014-01-22 Some prophecies like Daniel 2 for the most part have been well understood by God s people for hundreds of years Daniel 11 is different Though the symbols are thrown off in that prophecy and the angel prophesies in plain language the prophecy has been more difficult because so many applications have presented themselves to scholars and it has not been clear which application is correct That is particularly true of the last verses of Daniel 11 The author has solved that problem by making all of the applications correct one after another in a sequence He finds there are more applications of the last verses of Daniel 11 than of any other known prophecy of scripture seven No wonder the prophecy has been intractable so long The author does careful exegesis and develops an unparalleled hermeneutic base for accurate interpretations 24 hermeneutic principles The research is not fruitless or moot because several earth shaking results are brought to view Ellen White points out the truth that the promises and threatenings of God are alike conditional 1SM 67 If the conditions were right any of the last day prophecies could be shortened by a Revelation 11 15 19 experience

Then let not the reader become irrevocably fixed on the scenario of events in this book Prophecy will still be fulfilled no matter how events come to pass And the 24 hermeneutic principles will hold true regardless The reader will recognize the truth of the prophecies however they are fulfilled God bless the reader as he she reads and attempts to digest this book May you learn from it precious things showing the nearness of the coming of Jesus Amen *The Lost Continent of Mu* James Churchward,2007-08 This classic book on the theory of a lost continent in the Pacific imparts the fascinating travel stories and theories of James Churchward *In Quest of Lost Worlds* Byron Khun de Prorok,2002-10 The reprint of Count Byron de Prorok s classic archaeology adventure book first published in 1936 by E P Dutton and Co in New York In this exciting and well illustrated book de Prorok takes us into the deep Sahara of forbidden Algeria to the Queen of the Tuaregs and many prehistoric ruins Then he on to the Siwa Oasis in Egypt and then to Ethiopia De Prorok continues on to Mexico and the remote jungles of Chiapas to discover a lost Mayan tribe and a lost city and a search for King Solomon s mines in Ethiopia Great reading history and adventure Includes Tin Hinan Legendary Queen of the Tuaregs The mysterious A Haggar Range of southern Algeria Jupiter Ammon and Tripolitania The Talking Dune The Land of the Garamantes Mexico and the Poison Trail Seeking Atlantis Shadowed by the Little People Ancient Pyramids of the Usamasinta and Piedras Negras in Guatemala In Search of King Solomon s Mines and the Land of Ophir Ancient Emerald Mines of Ethiopia Also includes 24 pages of special illustrations of the famous Search For the Tassili Frescoes by Henri Lhote 1959 A visual treat Of a remote area of the world that is even today forbidden to outsider **The Time Travel Handbook** David Hatcher Childress,1999 An authoritative chronicling of real life time travel experiments teleportation devices and more **New Light from the Great Pyramid** Albert Ross Parsons,1893 **The Mystery of the Copper Scroll of Qumran** Robert Feather,2003-06-23 Introduces a radical new perspective on the historical foundations of monotheism based on the enigma of the Copper Scroll of the Essenes Confirms the link between ancient Judaism and the pharaoh Akhenaten Decodes the system of measurements encrypted on the Copper Scroll that has confounded scholars for over 50 years leading to the identification of fabulous lost treasures Points to a radical new understanding of the origins of monotheism The famous Dead Sea Scrolls comprise the oldest collection of Biblical documents ever discovered Of the Dead Sea Scrolls none has baffled experts more than the 2 000 year old Copper Scroll discovered in 1952 by a team of Bedouin led by Henri de Contenson of the Ecole Biblique in East Jerusalem Appearing to be a list of buried treasure engraved on copper pieces the Copper Scroll is considered to be the work of a secretive Jewish sect of devout Essenes who lived by the Dead Sea around the time of Jesus No one has been able to explain its meaning or discover any of the 64 locations where the Biblical treasures it lists were buried Robert Feather combining his background as a metallurgist with his journalistic expertise has unraveled the enigma of the Copper Scroll in a fascinating study that takes the reader on a journey from ancient Mesopotamia through Canaan into Egypt and back to the shores of the Dead Sea His exploration links the scroll to the ancient Egyptian king Akhenaten confirming a long suspected influence of

this pharaoh's religious beliefs on those of the Hebrews. The author's findings not only reveal the locations of most of the treasures listed on the Copper Scroll but they also point to a radical new understanding of the origins of monotheism, the basis of the three great religions of Judaism, Islam and Christianity.

Greek Myths and Christian Mystery Hugo Rahner, 1971

Tayos Gold Stan Hall, 2007 In 1976 Scottish engineer Stan Hall organised a landmark expedition to the caves of the Tayos Indians in Ecuador, involving a dozen institutions, joint Special Forces, and astronaut professor Neil Armstrong as Honorary President and participant. Hall was driven by curiosity about Erich von Däniken's report of a Metal Library allegedly found in the caves by investigator Juan Moricz in the mid 1960s, published in von Däniken's 1972 blockbuster *Gold of the Gods*. This idea was considered unorthodox in the absence of any ancient written script in South America. In Hall's odyssey into the heart of global enigmas, he researches the origins of mankind, Atlantis, Ptolemy's lost city of Cattigara, and the sudden rise and fall of wonder civilisations. This journey ended with his identification of Atlantis and Cattigara and the entrance to the Metal Library along the Pastaza River in Ecuador. Imagination, action, and danger combine explosively in the story of this spectacular British Ecuadorian expedition to the Tayos Caves of Ecuador.

Pyramid Quest Robert M. Schoch, Robert Aquinas McNally, 2005-06-02 The Egyptologist acclaimed for re-dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity: the Great Pyramid of Giza. What is the Great Pyramid of Giza? Ask that basic question of a traditional Egyptologist and you get the basic traditional answer: a

fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings

Pirates and the Lost Templar Fleet David Hatcher Childress,2003 Here stands the New Man His conception of reality is a dance of electronic images fired into his forebrain a gossamer construction of his masters designed so that he will not under any circumstances perceive the actual This New Man s happiness is delivered to him through a tube or an electronic connection His God lurks behind an electronic curtain when the curtain is pulled away we find the CIA sorcerer the media manipulator Jeff Keith is one of the foremost writers and researchers on political conspiracy in the world today Publisher description

Post Green Murali Sivaramakrishnan,Animesh Roy,2023-12-15 The idea in Post Green Literature Culture and the Environment is not to create another binary like East West but rather a call for a shift in the order of perception The contributors signal a movement from the conventional understanding of green thinking acknowledging human centered limitations of the green approaches and recognising the immense possibilities and holistic perspectives that a symbiotic human nature perspective offers This book proposes to move beyond the monoculture of the mind toward a celebration of diversity and plurality While the movement from red to green was a politics of difference as essays in this book emphasize the shift toward post green is based on an all inclusive and holistic vision that contains within itself both difference and multiplicity something that is quintessential for the stability of our ecosystem Such affirmative bio politics toward an alternative symbiosis challenges intellectual theorising without minimizing the need for radical questioning It urges the need to do away with disciplinary boundaries drawing hopes for a new spiritual geography of the mind to surface
