Our New Religion:

Woke Religion: Unmasking the False Gospel of Social Justice Wes Carpenter, 2021-08-03 In today's society many including Christians want to be woke But has woke become simply another religion another ploy of Satan's to shred the fabric of Christianity As woke critical theory seeps through the teachings of the Church many Christians are being misled by their own spiritual leaders to take part in the newest attempt for their souls In *Woke Religion Unmasking the False Gospel of Social Justice* Wes Carpenter unashamedly addresses these heretical teachings calling on those in spiritual authority to deny woke philosophies and cling to the teachings of Scripture Follow Wes as he takes the reader from the stirrings of woke critical theory in Church history to the teachings that are pervading the Church today *We Want to Believe* Amy M. Donaldson, 2011-04-14 From the first episode to the latest feature film two main symbols provide the driving force for the iconic television series *The X-Files* Fox Mulder's I Want to Believe poster and Dana Scully's cross necklace Mulder's poster may feature a flying saucer but the phrase I want to believe refers to more than simply the quest for the truth about aliens The search for extraterrestrial life the truth that is out there is a metaphor for the search for God The desire to believe in something greater than ourselves is part of human nature we want to believe Scully's cross represents this desire to believe as well as the internal struggle between faith and what we can see and prove *The X-Files* depicts this struggle by posing questions and exploring possible answers both natural and supernatural Why would God let the innocent suffer Can God forgive even the most heinous criminal What if God is giving us signs to point the way to the truth but we're not paying attention These are some of the questions raised by *The X-Files* In the spirit of the show this book uses the symbols and images presented throughout the series to pose such questions and explore some of the answers particularly in the Christian tradition With a focus on key themes of the series faith hope love and truth along the way this book journeys from the desire to believe to the message of the cross **Paganism In Depth** John Beckett, 2019-06-08 Deepen Your Connection to the Gods Your Ancestors the World Around You There are many rewards in taking your spiritual practice deeper but there are also new challenges to confront along the way *Paganism In Depth* is a next level book to help you ascend to the next steps in your practice and to be prepared for what you might encounter there Author John Beckett shares practical ideas for connecting to the spirit realm forming sustainable communities and taking on a leadership role as a medium for the divine You will also discover experiential details of sustaining relationships with spiritual entities and what to do when a deity makes demands of you Additionally this book shares several keys to help you find your way forward when you feel you've gone as far as you can including Daily spiritual practice Ancestor veneration Perceiving the otherworld Spiritual ecstasy Direct experience of the gods Offerings Divination Magical practice Devotional practice Your relationships with your community and with the gods and spirits are of the utmost importance John Beckett helps you navigate those relationships so you can give and receive the energy you need on your unique spiritual journey [What About Other Faiths?](#) Martin

Goldsmith,2012-05-24 Today our multi cultural society forces Christians to be aware of those with other equally strong religious convictions In this challenging and popular book Martin Goldsmith answers all the hard questions facing Christians in this area drawing on both biblical material and his own expertise as someone with wide cross cultural experience A brief explanation of other religions concept of God revelation and salvation is included and the question of whether it is right to evangelise those of other faiths is tackled along with a look at practical methods that can be used A brand new chapter asks Why is Jesus so special when each of the world religions have central figure to worship **Life of Robert Gray. views and scholarship on a cultural tension that is at the centre of the lives of countless individuals living in postmodern societies the relationship between the material and the spiritual the sacred and the profane The book examines how a variety of agents religious institutions spiritual leaders marketers and consumers interact and co create spiritual meanings in a post disenchanted society that has been defined as a supermarket of the soul Consumption and Spirituality examines not only religious organizations but also brands and marketers and the way they infuse their products services and experiences with spiritual meanings that flow freely in the circuit of culture and can be appropriated by consumers even without purchase acts From a consumer perspective the book investigates how spiritual beliefs practices and experiences are now embedded into a global consumer culture Rather than condemning consumption the chapters in this book highlight consumers agency and the creative processes through which authentic spiritual meanings are co created from a variety of sources local and global and sacred and profane alike

Think Your Troubles Away Ernest Holmes,2010-12-30 Have you wondered how you can use your mind to experience fewer problems and more joy The majority of the difficulties people encounter are ones they have created by what they think consciously or unconsciously What has been created by one kind of thought can be changed by an opposite thought In Think Your Troubles Away Holmes helps each reader understand how the mind works and the role of the subconscious in our everyday lives With short easy to read yet profound chapters Holmes shows us how to get from where we are to where we want to be using the power of the mind A small gem Think Your Troubles Away is more timely now than when it was originally published

The Perfect Leader Ken Boa,2010-01-01 Ken Boa hits the mark You don t have to look very far today to come across popular ideas of leadership that try hard to mimic biblical principles The problem is that s all they do mimic Boa propels leadership a giant step forward with the revelation of the ultimate Christian leadership model Boa rejects the compromises found in much of today s teaching that force fit secular standards into a biblical mold ideas that hover around humanistic ideas of fairness kindness and basic morality Instead Boa challenges leaders to do a serious evaluation of their approach and to follow the leadership qualities exhibited by God in his Word

Faith in the Shadows Austin Fischer,2018-09-11 People don t abandon faith because they have doubts People abandon faith because they think they re not allowed to have doubts Even as a pastor Austin Fischer has experienced the shadows of doubt and disillusionment Leaning into perennial questions about Christianity he shows that doubt is no reason to leave the faith instead it s an invitation to a more honest faith

The Oxford Handbook of the Bible in America Paul Gutjahr,2017-11-01 Early Americans have long been considered A People of the Book Because the nickname was coined primarily to invoke close associations between Americans and the Bible it is easy to overlook the central fact that it was a book not a geographic location a monarch or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture Few books can lay

claim to such powers of civilization altering influence Among those which can are sacred books and for Americans principal among such books stands the Bible This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation s politics and foreign policy This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible s role in American cultural formation

The Fortnightly Review ,1891 Theos Bernard, the White Lama Paul Hackett,2012-03-27 Theos Bernard the White Lama recounts the real story behind the purported adventures of Theos Casimir Bernard 1908 1947 the self proclaimed White Lama who in 1937 became the third American in history to reach Lhasa the capital city of Tibet Bernard met associated and corresponded with the major social political and cultural leaders of his day from the Regent and high politicians of Tibet to saints scholars and diplomats of British India and from Charles Lindbergh and Franklin Delano Roosevelt to Gandhi and Nehru But he also had his flaws He was an entrepreneur propelled by grandiose schemes a handsome man who shamelessly used his looks to bounce from rich wife to rich wife to support his activities and a master manipulator who concocted his own interpretations of Eastern wisdom to suit his own ends Despite the bright future ahead of him Bernard disappeared in India during the communal violence of the 1947 Partition never to be seen again Through diaries interviews and previously unstudied documents Paul G Hackett shares Bernard s compelling life story along with his efforts to awaken America s religious counterculture to the unfolding events in India Tibet and the Himalayas
