

# WHAT IS SEXUALITY?

**Sexuality** is how people experience and express themselves as human beings. It involves values, thoughts, feelings and relationships.

The most important thing to understand about **sexuality** is that it is self-defined; that is, that every person is allowed to talk about their own sexuality in their own way that makes sense to them.

**World Health Organization** defines sexuality as "...a central aspect of being human throughout life encompasses sex, gender identities and roles, sexual orientation, eroticism, pleasure, intimacy and reproduction".
