of additional information for student research      **Women at Work in World Wars I and II** Paul Chrystal, 2024-04-04 This book is about women in World Wars I II women working in factories and on farms or toiling perilously in field stations just behind the front lines in inhospitable hospitals and convalescent homes It is therefore about the prodigious contribution women made to the war efforts from 1914 1918 and 1939 1945 standing in for the men who had left their places of work for the various theatres of war from Greece and Italy to Belgium from Mesopotamia to France Their tasks were many and various keeping the troops supplied with shells bullets and explosives keeping the nation from starving to death keeping hundreds of thousands of wounded troops alive so that they might fight another day The book is in short the uplifting but sometimes tragic story of the many women who stepped up to work in the factories hospitals field stations in transport and in civil defense on the farms and shipyards or signed up to the various military and civil services during the two world wars of the 20th century wars to end all wars The book is different because it deals with women s labour in both world wars and in all occupations it covers the discrimination and prejudice they faced from men at every level military and civilian even when they had demonstrated beyond doubt that they were quick learners industrious and proficient and usually as good as any man The book raises the embarrassing question why it has taken so long for the prodigious contribution women made in both wars to be recognized and why some women workers still remain air brushed from our military history after more than a century As it turned out little was beyond their capabilities and it is reasonable to suppose that without their huge efforts and accomplishments both wars might have turned out very differently for us      **Eyewitness RAF** James Goulty, 2020-12-14 A detailed realistic picture of what it was like to serve in the Royal Air Force during WWII both on the ground and in the air using firsthand accounts Much has been written about the Royal Air Force during the Second World War memoirs biographies histories of Fighter and Bomber commands technical studies of the aircraft accounts of individual operations and exploits but few books have attempted to take the reader on a journey through basic training and active service as air or ground crew and eventual demobilization at the end of the war That is the aim of James Goulty s Eyewitness RAF Using a vivid selection of testimony from men and women he offers a direct insight into every aspect of wartime life in the service Throughout the book the emphasis is on the individual s experience of the RAF the preparations for flying flying itself the daily routines of an air base time on leave and the issues of discipline morale and motivation A particularly graphic section describes in the words of the men themselves what it felt like to go on operations and the impact of casualties airmen who were killed injured or taken prisoner What emerges is a fascinatingly varied inside view of the RAF that is perhaps less heroic and glamorous than the image created by some postwar accounts but gives readers today a much more realistic appreciation of the whole gamut of life in the RAF seventy plus years ago      *The Women Behind the Few* Sarah-Louise Miller, 2023-03-09 The courageous pilots of the Royal Air Force who faced the Luftwaffe in the Battle of Britain affectionately known as the Few are rightly hailed as heroes Recently efforts have been made to recognise the thousands who supported

RAF operations behind the scenes And yet one group remains missing from the narrative the Women s Auxiliary Air Force WAAFs worked within the Dowding System the world s most sophisticated air defence network Throughout the Blitz they used radar to aid Fighter and Bomber Commands in protecting Britain s civilians WAAFs were also behind the discovery of the terrifying German V weapons Their work was critical ahead of the Normandy landings and they were present in their hundreds at Bletchley Park In this thrilling book Sarah Louise Miller celebrates their wartime contribution to British military intelligence Hidden behind the Few but vital to their success WAAFs supplied the RAF with life saving information Here for the first time is their story     Stress in Post-War Britain, 1945-85 Mark Jackson,2016-12-05

In the years following World War II the health and well being of the nation was of primary concern to the British government The essays in this collection examine the relationship between health and stress in post war Britain through a series of carefully connected case studies

*The Storm Child* Rita Bradshaw,2020-11-12 From the top ten bestselling author of *One Snowy Night* Rita Bradshaw comes *The Storm Child* a sweeping family saga set during the run up to WW2 in the north east of England It s mid winter and in the throes of a fierce blizzard Elsie Redfern and her husband discover an unknown girl in their hay barn about to give birth After the young mother dies Elsie takes the infant in and raises her as her own daughter her precious storm child Gina grows into a beautiful little girl but her safe haven turns out to be anything but Torn away from her home and family the child finds herself in a nightmare from which there s no waking but despite her misery and bewilderment Gina s determined to survive Years pass With womanhood comes the Second World War along with more heartbreak grief and betrayal Then a new but dangerous love beckons can Gina ever escape the dark legacy of the storm child     **The Rainbow Years** Rita Bradshaw,2010-03-04 As soon as she finds happiness her past threatens to snatch it away Rita Bradshaw writes a heart warming saga in *The Rainbow Years* the story of a young woman finding happiness and independence during the dark days of war Perfect for fans of Kate Thompson and Nadine Dorries Expect the unexpected in this enthralling story with a wealth of colourful characters Coventry Evening Telegraph Born during World War One Amy Shawe gets off to a bad start as her unmarried mother dies in the 1919 flu epidemic and Amy is only spared the workhouse because her uncle grudgingly takes her in Her cousin torments her as she grows up and when she gets the chance to marry a rather older and apparently loving man she seizes the chance to escape what is becoming a dangerous situation Tragically she s gone from the frying pan into the fire and endures some difficult years with a violent husband made bearable only by the arrival of a baby When tragedy strikes she joins the WAAF at the start of WWII in her new life she keeps her marriage a secret and eventually falls in love with a Spitfire pilot Nick Her chance of happiness with him seems to be blighted though when fate compels her to care for her now ailing husband but her suffering has not in the end been in vain and Nick will be waiting when the time is right What readers are saying about *The Rainbow Years* I could not bear to put it down What a wonderful book full of love hope sadness and triumph over adversity Rita Bradshaw has written a captivating book which kept me enthralled A beautiful story with a

magical ending     In Their Own Words Rachel Vogelesen, 2015-10-19 Rachel Vogelesen is a professional photographer specialising in women's portraits and fashion Her fascination with the Second World War was sparked by her discovery as a child that her grandfather from Alsace had had to fight for the Germans against Russia This book the culmination of ten years of research is a collection of portraits and testimonials recording the experiences of 21 women who volunteered during World War II interviewed by the author The accounts have been left as far as possible in the women's original words so that their voices can be heard clearly and faithfully The women featured in this book are among many who did much behind the scenes without much in the way of recognition It was not until 2005 that their contribution to the war effort was recognised with a memorial dedicated to the women of World War Two in Whitehall London These women are some of the last alive to speak about their wartime experiences in their own words     **The Man Who Tested Parachutes** Andrew Colley, John

Neil, 2025-05-30 Charles Agate's daring parachute testing at RAF Ringway transformed airborne warfare while his post war struggles reveal a complex legacy By 1940 the Allies had fallen behind the Axis powers in parachute design and research Other than as a means of escape from a doomed aircraft the British regarded parachuting as of little military value All that changed when the Germans used paratroops the Fallschirmjäger to devastating effect in the invasion of the Low Countries and Churchill demanded immediate action The call went out for men who would be prepared to risk their lives testing parachutes jumping and landing techniques Charles Agate was a 34 year old schoolteacher with a taste for adventure when he joined a pioneering group of mavericks at RAF Ringway in Manchester The breath taking risks they took alongside the essential work of the women of the WAAF changed the course of the war and the face of airborne warfare Their work though often came at a terrible cost Between 1941 and 1945 Agate and his fellow Parachute Jump Instructors PJIs completed thousands of jumps often from low altitude or using prototype parachutes They jumped carrying heavy kit bags had sandbags strapped to their legs and landed in deep freezing water They also trained thousands of raw recruits for the key airborne operations of the war as well as over 600 Special Operation Executive agents for dropping into enemy territory frequently accompanying them as dispatchers on these hazardous flights They were proud of the knowledge they were acquiring and imparting at Ringway but as the authors reveal this led to disputes with the Americans over tactics and equipment as they prepared for the Allied invasion of France Agate amassed a record 1 601 jumps and was awarded the Air Force Cross He and his fellow PJIs at Ringway were also personally thanked by Churchill for their unique contribution to the war effort His last jump in 1946 with his flying suit stuffed with winnings won on a horse called Airborne at the Epsom Derby was reported in the press worldwide He acknowledged after the war that he had seen 21 good soldiers hit the deck during training at RAF Ringway and these tragedies as well as the effects of risking his life on a daily basis took a heavy emotional toll on him and many of the other PJIs **The Man Who Tested Parachutes** explores Agate's lost post war years his struggles with his mental health and the impact on his family It charts his journey to becoming the unconventional head teacher of a village school and

his clashes with local authorities Finally it describes unflinchingly the last dark twist in the life of this complex man alone in his flat overlooking the sea just before Christmas 1986 This book tells the story of an ordinary man who took extraordinary risks and the men and women who served alongside him It also remembers the young recruits who died before they were able to take part in the key battles for which they were being trained *Saffron Skies and New Beginnings* Rita Bradshaw,2024-09-12 Set during WW2 *Saffron Skies and New Beginnings* is a story of overcoming betrayal and learning to love once more From Rita Bradshaw author of *A Woman of Courage* Bella McFadyen has led a privileged life but from a young age she has not been afraid to kick against the restrictive narrow minded upper class society Particularly where the female sex is concerned When a terrible family secret is revealed tragedy follows Bella loses everything and everyone she has ever known including the man she loves But there are more important things at stake than personal happiness war is declared and Bella enlists in the WAAF Eventually she is posted abroad on top secret work In the years that follow Bella s strength of mind is tested to the limit and her journey is one of heartache and devastating pain Will she ever find peace and happiness and will she be able to trust herself enough to embrace another chance at love **Encyclopedia of World War II: D-K** Spencer Tucker,Priscilla Mary Roberts,2005 Covers every important battle and weapons system every involved nation and significant geographic location and every political military and civilian leader around the world who played a significant role in the war s onset course and aftermath Compiles significant documents relating to the period Features include analysis of wartime conferences crucial battlefield and diplomatic turning points and lingering historical controversies geopolitical and military maps as well as numerous photographs illustrations and charts in depth coverage of the causes of the war and its effects on life on the home fronts including morale and attitudes political events and the economies and work forces inside the nations in conflict P 4 of cover **Re-living Britain in the 1940s** Robin Wichard,2023-01-24 The 1940s remains an iconic period in world history and retains a fascination for so many Re enacting the 40s is becoming increasingly popular but there is little available information explaining how to start in the hobby This book is the first to offer enthusiasts of the 40s a way to advance their interest whether it be military or civilian Each chapter deals with a different aspect of re enacting from civilian roles including children to military roles with many different potential impressions explored for each area Each chapter is lavishly illustrated with many previously unseen color photographs of contemporary re enactors and events There are further chapters introducing those people who portray wartime political and military leaders as well as those who bring back to life some of the most iconic musicians and performers of the period For those choosing to enter the hobby through ownership of a civilian or military vehicle that is also covered with many examples of some of the most well known vehicles Each chapter offers a brief contextual history with detailed notes on where to obtain uniform and equipment some of the best groups to join as well as links to related sites and recommendations for wider reading No book can cover every single possible role but this offers an excellent starting point

for further research and involvement while stressing the need to always remain respectful of those we seek to commemorate

**Making the Best of It** Sarah Glassford, Amy J. Shaw, 2020-04-15 Many women who lived through the Second World War believed it heralded new status and opportunities but scholars have argued that very little changed How can these interpretations be reconciled *Making the Best of It* examines the ways in which gender and other identities intersected to shape the experiences of female Canadians and Newfoundlanders during the war The contributors to this thoughtful collection consider mainstream and minority populations girls and women and different parts of Canada and Newfoundland They reassess topics such as women in the military and in munitions factories and tackle entirely new subjects such as wartime girlhood in Quebec Collectively these essays broaden the scope of what we know about the changes the war wrought in the lives of Canadian women and girls and address wider debates about memory historiography and feminism Minerva

, 2001 **Amazons to Fighter Pilots: R-Z** Reina Pennington, Robin Higham, 2003 With entries overviewing groups such as the Amazons women in the Spanish Civil War and Native American women and entries profiling over 300 women tells their stories focusing particularly on women who fought With a focus on those who fought this two volume reference for scholars and general readers contains alphabetically arranged entries on some 300 military women from antiquity to the present The entries are also listed by geographic region time period branch of service prisoner status and by group or organization Pennington affiliation not cited presents a historical overview of women in the military and in war in the introduction while an extensive timeline traces the accomplishments of women in military history reaching back to 9000 BCE Bibliographic surveys of women as prisoners of war and women's participation in military medicine are found in the appendix *World War II Memoirs: The European Theater (LOA #385)* Charles B. MacDonald, J. Glenn Gray, Mary Lee Settle, Elmer Bendiner, 2024-11-19 On the 80th anniversary of the war's end 5 classic memoirs capture firsthand the shock terror and courage of the American fight against the Axis powers in Europe The emotional environment of warfare has always been compelling writes J Glenn Gray in his incomparable World War II memoir and meditation *The Warriors* Reflection and calm reasoning are alien to it The struggle to make sense of the experience of war to find some meaning in the savagery and senseless destruction animates the five brilliant and unforgettable memoirs gathered here *Company Commander 1947* by Charles B MacDonald describes with startling immediacy and candor the cold dirty rough frightened miserable life of the infantryman and company commander from the aftermath of D Day in September 1944 through the war's terrifying final days *The Warriors* 1959 by J Glenn Gray a counterintelligence officer who served in Italy France and Germany and a scholar with a PhD in philosophy is a sensitive and revelatory meditation on the nature of war and its effects on both soldiers and civilians interspersed with his letters journals and wartime memories *All the Brave Promises* 1966 is novelist Mary Lee Settle's memoir of her year as an airfield radio operator in the Royal Air Force Settle brilliantly evokes both the working class culture of the Women's Auxiliary Air Force's other ranks and the petty and demeaning regimentation inherent in military life *The Fall of*

Fortresses 1980 by former B 17 navigator Elmer Bendiner vividly recalls the fear and excitement he experienced flying bomber missions deep into Germany in 1943 without fighter escort The Buffalo Saga 2009 is James Harden Daugherty's heartfelt account of his frontline service as a Black soldier in the 92nd Infantry Division as he fights the Germans endures the harsh Italian winter and confronts the racism of his own army This deluxe Library of America volume includes full color endpaper maps of the European Theater an eight page photo insert an introduction by West Point professor Elizabeth D Samet and detailed notes Call of Duty: A Montana Girl in World War II Grace Porter Miller, 1999 Reconstructing Women's Wartime Lives Penny Summerfield, 1998 The effects of World War II on women's sense of themselves forms the basis of this exploration of the interaction between cultural representations of men and women in World War II and women's own narratives of their wartime lives
