## Out Of Arkansas:

**Out of Arkansas** Will Clift, 2009-11 Sometimes a person wakes up in the middle of their life and can finally see how things were but sometimes they never wake up until the end of their life As for Will Clift he believes that you must keep adjusting to the changes make note of them and then fill in the gaps and just go with it Most often it is our mothers who make the most important changes to our lives Will's mother was a good woman with a lot of spiritual direction which was a strong challenge to him especially in his later years His family moved a lot during his life and lived in many different parts of the country which was difficult for him since he had to adjust to each new place This meant that he never had any strong roots which became a blessing in disguise since it meant that he could easily adapt to new places more quickly than others Being from a mixed family meant that he was able to mingle freely with all types of people that's just who he is Out of Arkansas is the story of his life his family and his travels

Everett,2014-05-27 Boundaries lines imposed on the landscape shape our lives dictating everything from which candidates we vote for to what schools our children attend to the
