Out-of-Body Experiences Robert Peterson, 2013-01-01 Throughout history people have reported spiritual experiences that we now identify as out of body experiences or OBEs In recent times modern researchers like Robert Monroe have pioneered the scientific study and practice of OBEs Increasingly people are remembering spontaneous OBEs especially from early childhood Also OBEs are a typical feature of near death experiences and have been described as beautiful painless and ecstatic This is the comprehensive manual for inducing out of body experiences and managing the experience Peterson not only explores the stages of his own development but also concludes each chapter with a specific exercise that takes you to the next level From wiggling out of your body for the first time the author did a back flip his first time to traveling through other realms and dealing with your encounters this is one of the most practical step by step guides to OBEs available He clearly demonstrates how this consciousness expanding experience is accessible to anyone willing to make the leap into the great beyond This is the ultimate manual on how to leave home alone

Out-of-Body Experiences: A Handbook Janet Lee Mitchell, 2017-11-17 What is the best safest method to induce an OBE Is there a limit to how far away one should go from the body Is it possible to go out and not be able to get back in the body Do I need a teacher to learn how to have this experience Have astral bodies actually been photographed What are the main fears that hold one back from an OBE Based on laboratory investigations by a veteran parapsychologist this unique book suggests that a person s conscious awareness can detach itself from the person s body and travel for an extended period of time Is it science fact or science fiction Decide for yourself with this complete guide to OBEs including First person accounts Comprehensive history of occurrences through the ages across all cultures The 90 most commonly asked questions about OBEs

My Little Journal of Out-of-Body Experiences Denise

Martinson,2009-11 This is not a book about how to teach out of body experiences OBEs There are many good books already written on how to induce them It is not about the history of OBEs Even though there have been numerous studies in the field that still challenges nonphysical existence such as near death experiences NDEs and other metaphysical subjects it is the OBE that aids in our growth and development and most especially our awareness about eternity Scientists who are unable to solve out of body experiences or near death experiences try to explain them as the body s way of tricking itself into believing it lives after death They say it is the loss of oxygen to the brain or a psychological episode that causes hallucinations When in truth we leave our bodies every single night not under any defense apparatus but our natural nightly ritual called dreams which are really out of body experiences In fact an NDE is not necessary in order to have an OBE or being ill or under drugs but they still may bring them on Some researchers believe the mind separates while in the OBE or altered state of consciousness This is because consciousness has the ability to be in two places at once Just like when we were born we had to grow and learn and while this was happening the mind acquired new knowledge as it traveled on the other side In other words our soul stays with the body except during an OBE until we pass over because it is the body that shuts down and dies not the soul or consciousness It releases itself completely to the other side after death During an OBE I still had my body all five of my senses and an extremely alert and a sharp mental state They have helped me to never fear death In fact each experience enriched my life even more Especially when I was quiet and was able to tune into the energy within where I easily entered other dimensions and received guidance Believe me it is not easy to write a book about OBEs It is not an everyday subject to focus on or for us to understand But once the reader enters my journal of out of body experiences they will journey with me to the other side visit other dimensions see the light and hopefully be able to understand their own spirituality along the way Note The Brain Bits sections have the most information and answers many questions Even the great Edgar Cayce once said that other people could leave their bodies like he did [Zarathustra's Out of Body Experience: How Humans Become Angels](#) Jack Tanner,2020-03-02 Come and follow Zarathustra s incredible journey through lucid dreaming out of body experiences and near death experiences Come and discover how everything in human reality is about brain waves What brain waves do angels have Do angels even have brains Or are they pure minds pure intellects that always engage in out of body experiences Don t you want to undergo a metamorphosis into a higher being an angel Then come inside and find out how **Out of Body Experiences** Akhena Akhena,2013-09 40 years of practical today shared for the first time My out of body experiences have given shape to my life right up to the present time Over the years out of body experience has become as normal to me as sleeping or dreaming My out of body experiences have opened up enormous new perspectives Through practice I have been able to control this phenomenon and teaching it has become my vocation Numerous students have learned to use the techniques I have developed and thereby to undergo profound personal experiences I also to hope to be able to shed light on the many astonishing or terrifying accounts relating to this subject and to dispel the mystical magical or

fantastical associations which mean that the work is often not taken seriously In this book I share some of my most remarkable experiences in order to demonstrate the unlimited potential of OBE which for me constitutes the regal path of true awakening

Astral Dynamics Robert Bruce,1999 Astral projection is the classic term for what today is more commonly called out of body experience or OBE In this fascinating volume Robert Bruce has drawn on his lifetime s experience not only traveling in the astral dimension but teaching others to do so Astral Dynamicsprovides all in one package a personal narrative a how to a troubleshooting guide and a theoretical perspective Whether you are a skeptic a veteran astral projector a novice or an armchair traveler there is treasure here Astral Dynamicsprovides the intelligent and motivated reader with everything needed to put theory into practice Elements of Projection Bruce s mind split theory of what actually goes on during projection New Energy Ways NEW His stunningly practical method of raising awareness by using touch which Bruce calls tactile imaging Core Skills How to succeed at the three tasks that are essential to success in astral projection Projection Technique What you need to know to stop reading about astral projection and actually do it The Akashic Connection Speculations on things seen and heard while traveling in astral realms Written in an engaging unpretentious manner Astral Dynamicsis already considered to be a classic
