Out of Control Alejandro Rivas-Micoud, 2008-12-17 Blending science fiction with literary thriller a writer wrestles with the destiny of those he loves when he discovers a mythical device that controls the quantum fabric of chance and fate

Self-control. A Novel Mary Brunton, 1847 **Out Of Control** Kevin Kelly, 2009-04-30 Out of Control chronicles the dawn of a new era in which the machines and systems that drive our economy are so complex and autonomous as to be indistinguishable from living things **Out of Control** Dan Gerber, 1974 Selling the Story Jonathan Paine, 2019-08-06 A literary scholar and investment banker applies economic criticism to canonical novels dramatically changing the way we read these classics and proposing a new model for how economics can inform literary analysis Every writer is a player in the marketplace for literature Jonathan Paine locates the economics ingrained within the stories themselves revealing how a text provides a record of its author's attempt to sell the story to his or her readers An unusual literary scholar with a background in finance Paine mines stories for evidence of the conditions of their production Through his wholly original reading Balzac's *The Splendors and Miseries of Courtesans* becomes a secret diary of its author's struggles to cope with the commercializing influence of serial publication in newspapers *The Brothers Karamazov* transforms into a story of Dostoevsky's sequential bets with his readers present and future about how to write a novel Zola's *Money* documents the rise of big business and is itself a product of Zola's own big business his factory of novels Combining close readings with detailed analyses of the nineteenth century publishing contexts in which prose fiction first became a product *Selling the Story* shows how the business of literature affects even literary devices such as genre plot and repetition Paine argues that no book can be properly understood without reference to its point of sale the author's knowledge of the market of reader expectations and of his or her own efforts to define and achieve literary value *Hemingway's Neglected Short Fiction* Susan F. Beegel, 1992 Some 25 Hemingway scholars critique Hemingway's works from the early apprentice fiction of 1919 stories Hemingway wrote dog

Late Modernism and the Avant-Garde British Novel Julia Jordan, 2020-03-24 In the decades following the immediately postwar period in Britain a loose grouping of experimental writers that included Alan Burns Christine Brooke Rose B S Johnson and Ann Quin worked against the dominance as they saw it of the realist novel of the literary mainstream *Late Modernism and the Avant Garde British Novel* reassesses the experimentalism versus realism debates of the period and finds a body of work engaged with rather than merely antagonistic towards the literary culture it sought to renovate Charting these engagements it shows how they have significance not just for our understanding of these decades but for the broader movement of the novel through the century This volume takes some of the claims made about experimental fiction that it is unreadable nonlinear elliptical errant plotless and reimagines these descriptors as historically inscribed tendencies that express the period's investment in the idea of the accidental These novels are interested in the fleeting and the fugitive in discontinuity and shock The experimental novel cultivates an interest in methods of representation that are oblique

attempting to conjure the world at an angle or in the rear view mirror by ellipsis or evasion These concepts error indeterminacy uncertainty accident all bear a relation to that which evades or resists interpretation and meaning Asking what are the wider political ethical and philosophical correlates of this incommensurability Late Modernism and the Avant Garde British Novel reads experimental literature in this light as suffused with anxiety about its adequacy in the light of its status as necessarily imitative and derivative and therefore redolent of the forms of not knowing and uncertainty that mark late modernism more generally

Nabokov and His Books Duncan White, 2017 At the outbreak of the Second World War Vladimir Nabokov stood on the brink of losing everything all over again The reputation he had built as the pre eminent Russian novelist in exile was imperilled In Nabokov and his Books Duncan White shows how Nabokov went to America and not only reinvented himself as an American writer but also used the success of *Lolita* to rescue those Russian books that had been threatened by obscurity Using previously unpublished and neglected material White tells the story of Nabokov the professional writer and how he sought to balance his late modernist aesthetics with the demands of a booming American literary marketplace As Nabokov's reputation grew so he took greater and greater control of how his books were produced making the material form of the book including forewords blurbs covers part of the novel In his later novels including *Pale Fire* *Invitation to a Beheading* and *Invitation of a Small Creature* the idea of the novelist losing control of his work became the subject of the novels themselves These plots were replicated in Nabokov's own biography as he discovered his inability to control the forces the market success of *Lolita* had unleashed With new insights into Nabokov's life and work this book reconceptualises the way we think about one of the most important and influential novelists of the twentieth century
