

A landscape photograph showing a sunset or sunrise. The sun is a bright, glowing orb positioned behind a line of trees, creating a silhouette effect. The sky is filled with soft, wispy clouds that catch the low light of the sun. The foreground is dark, showing the silhouettes of trees and a field. The overall mood is peaceful and hopeful.

Pipher,2022-07-22 Traumatized as a child Marty Wilkens struggles to come to grips with himself and to understand the dark forces driving his life He may have been seen as living a normal childhood But inwardly Marty lived in a world of his own creation It was a dark and dangerous world which influenced everything he thought and did and which ultimately framed his perception of himself small weak not very bright and always a failure Fortified by one misadventure after another that perception was firmly implanted in his mind All that changed however when Marty joined the US Navy where removed from his childhood environment he was able to gauge himself against other boys his own age And he found that he wasn t what he thought he was Instead he was a strong confident popular successful and typical young sailor that is until his childhood trauma came back to haunt him this time with a vengeance that all but destroyed his life Returning home after his service he found that nothing had changed and soon was again the boy he once was but now driven to succeed if for no other reason than to prove to himself that he could do it Faced with a choice of majors he chose electronic engineering because it was thought to be the most difficult course of study Later sensing that something was wrong with him emotionally and deeming it psychological he embarked on a private journey hoping to unearth the root cause of his problems After reading several books on psychology he attempted self analysis The effects were devastating He became paranoid and began having thoughts of suicide Ultimately an unexpected event forced him to confront the truth and his childhood trauma was finally brought into the light of day From Darkness Into Light Erwin Von Greiff,2008-12 Recalling Gurdjieff s intent for his first series To destroy mercilessly without any compromises whatsoever in the mentation and feelings of the reader the beliefs and views by centuries rooted in him about everything existing in the world For years Gurdjieff s followers have been working reading struggling to understand his writing We are like miners chipping away at the rocks of his books seeking the dog he so carefully buried That dog has been waiting patiently to be disinterred but we have been digging with the wrong tools A few new shovels and picks which may be helpful are suggested in this book They are here for the taking use them as you will As a word of caution though be careful when you

pull the dog out He can be at times a bit wild And let s face it he s probably hungry after fifty years underground That is to say that dog could jump up and bite the legs right out from under some of your more treasured beliefs or it might even bite you somewhere dearer The purpose of the second series is To acquaint the reader with the material required for a new creation and to prove the soundness and good quality of it It is a ripening of time The seeds of Gurdjieff s Picture form language have been planted for over five decades and are now ready to burst through the soil of our Psyche to reveal the holographic images of the messages he intended for us And the purpose of the third series To assist the arising in the mentation and in the feelings of the reader of a veritable nonfantastic representation not of that illusory world which he now perceives but of the world existing in reality And with regard to languages Russian and English Gurdjieff said both these languages are like the dish which is called Moscow Solinka and into which everything goes except you and me in fact everything you wish and even the after dinner chesma veil of Sheherazade And from behind that veil Gurdjieff s hand now reaches to pull back the curtain enabling us to see if we will but open our eyes to the images hidden behind the words the esoteric teaching
