Out Of The Depths The Story Of Ludmila Javorova Ordained Roman Catholic Priest:

Out of the Depths Miriam Therese Winter, 2001 Javorova may not be the only Catholic woman priest since the first century but she is the first to tell her story publicly Her remarkable journey takes readers from bombings in World War II to the clandestine activities of an underground church in which she functioned as vicar general for nearly 20 years

Women's Ordination in the Catholic Church John O'Brien, 2020-07-30 Women's Ordination in the Catholic Church argues that women can be validly ordained to ministerial office O'Brien shows that claims by Roman dicasteries for an unbroken chain of authoritative tradition on the non-ordainability of women a novel rather than traditional argument are not historically supported In the primitive Church with the offices of deacon presbyter and bishop in process of development women exercised ministries later understood as pertaining to those offices The sub-apostolic period downplayed women's ministry for reasons of cultural adaptation not because it was thought that fidelity to Christ required it Furthermore extensive epigraphical evidence from a wide geographical area references women deacons and presbyters during the first millennium Restrictive developments in the concept of ordination from the twelfth century onwards do not negate how before that women were validly ordained according to contemporary ecclesial understanding Repeated canonical prohibitions on ordaining women show both that women were being ordained and how those bans were very selectively implemented These canons were a cultural practice in search of a theology and the subsequent theological justifications for restricting ordination to men appealed to supposed female inferiority against the background of priesthood as eminence rather than service O'Brien shows that the assertion of women's non-ordainability is a matter of canon law rather than doctrine As such that law can be reformed

The Kidnapped Bishop Thomas Fudge, 2023-04-11 In 1417 a bishop was kidnapped and held in a remote castle in Bohemia where he was forced to consecrate to the priesthood as many as 100 candidates These priests belonged to the heretical movement of Hussite reformers Though well known amongst specialists this unprecedented episode has never been systematically examined with a view to understanding if the coerced ordinations were lawful Issues around legitimacy raise numerous questions and the narrative is situated at the compelling intersection of medieval heresy theology and canon law The notion of kidnapping a bishop and forcing him to perform religious functions consonant with the will of his tormentors is arresting More puzzling the agents of coercion continued to value aspects of a faith they appeared to reject They had no intention of practicing obedience to the Roman Church its hierarchy or laws The modern reader may be perplexed to learn that those responsible for the abduction believed a Roman prelate was necessary as an imprimatur of legitimation if their own religious practices were to survive The episode unique in medieval European history presents an intellectual thriller

55 Years of Struggle for Women's Ordination in the Catholic Church Ida Raming, 2021-11-30 55 years of struggle for women's ordination in the Roman Catholic Church this lifelong effort by the theologian Ida Raming together with her pioneering compatriots some of whom have passed away are described in this documentation She is deeply

convinced that a fundamental renewal of the church can only be achieved together with women who are no longer subject to discrimination and not without them Beginning with the Vatican Council 1962-1965 this endeavor has stretched across several phases of church history all the way into the present Numerous documents bearing witness to internal church developments conflicts and international movements are related in a vivid gripping manner from the perspective of the author The international Women Priests Movement RCWP ARCWP its inception and development is also described in this context This documentation offers an excellent aid in studying the epoch of church history dating from 1962

A Women's History of the Christian Church Elizabeth Gillan Muir, 2019-05-06 Tracing two thousand years of female leadership influence and participation Elizabeth Gillan Muir examines the various positions women have filled in the church From the earliest female apostle and the little known stories of the two Marys the Virgin Mary and Mary Magdalene to the enlightened duties espoused by the nun the abbess and the anchorite and the persecutions of female witches Muir uncovers the rich and often tumultuous relationship between women and Christianity Offering broad coverage of both the Catholic and Protestant traditions and extending geographically well beyond North America *A Women's History of the Christian Church* presents a chronological account of how women developed new sects and new churches such as the Quakers and Christian Science The book includes a timeline of women in Christian history over 25 black and white illustrations a glossary and a list of primary and secondary sources to complement the content in each chapter

Frontiers in Catholic Feminist Theology Susan Abraham, Elena Procaro-Foley, Procaro Foley Elena Book jacket *Desde Lo Honda* Miriam Therese Winter, 2002-09 A feminist theologian captures the beauty and simplicity of the first woman ordained a Catholic priest since the first centuries of Christianity

Women & Catholicism P. Zagano, 2011-06-06 The book investigates three situations in the Catholic Church that point to Catholicism's weak spot the role of women in the Church Zagano sheds light on the Catholic Church's hierarchically imposed laws that keep women at a distance from the holy whether as liturgical ministers as wives of priests or as priests themselves

My Call to Priesthood Ronald Eberley, 2006-01-26 A personal story of one married Roman Catholic male's attempt to become a priest This is the story of Ron Eberley's so far futile effort to become a married priest It is also a clear account of the chequered history and tortuous theology of mandatory celibacy

Making Gender in the Intersection of the Human and the Divine Thomas Donlin-Smith, Muhammad Shafiq, 2019-02-07 This collection of essays challenges the traditional patriarchal approach to sacred literature by highlighting gender parity in sacred texts and envisioning the rise of the matriarchy in the future The authors redefine Biblical Greek words like *malakoi* and *arsenokoitai* used in condemnation of homosexuality and Quranic words like *darajah* and *qawwamun* used for establishing patriarchy One author reexamines the role of the Nepalese Teej festival of fasting and worship of the god Shiva in promoting male hegemony in Hinduism Other papers examine passages like Proverbs 31:1-31 the stories of Sarah and Rahab in the Bible the role of Mary in the Quran and the Dharmic conversion in chapter 27 of the Lotus Sutra This book makes it clear that sacred

literature is subject to human understanding as it evolves through space and time Today as more women are educated and actively engaged in political economic and social life religions are challenged to redefine gender roles and norms Women in Ministry Phyllis Zagano,2012 In this study theologian Phyllis Zagano examines three questions related to the possibility of women in the Catholic diaconate Is the inclusion women in the permanent diaconate part of the unfinished business of Vatican II What are the ecumenical implications of women ordained as deacons Did Pope Benedict XVI envision the inclusion of women in the diaconate From publisher description *Conscience and Calling* Anne E. Patrick,2013-06-20 This volume probes the meaning and ethical implications of the powerful symbol of vocation from the vantage of contemporary Catholic women with particular attention to the experiences of women religious Intended as a follow up to *Liberating Conscience* Feminist Explorations in Catholic Moral Theology the new book will benefit many readers including Catholic leaders laity and religious as well as persons interested in Christian ethics and American religious history more generally The work treats twentieth century history and more recent developments including tensions between the Vatican and progressive Catholics the development of lay ministries and the movement to ordain women deacons priests and bishops **The Politics of Power and the Ordination of Women** Adolphus Amadi-Azuogu,2007-08 The politics of power in the church hinders the ordination of women today Once ecclesiastical power is involved ruling is also involved Consequently the altar has also become the throne and this tempts men to suppress women The author argues that Jesus refrained from using any gender specific paradigms that would have excluded women from ritual leadership Christian **Scandal** Angela Senander,2012 The Boston Globe sPulitzer Prize winning coverage of clergy sexual abuse of minors in 2002 led to what few would hesitate to call the most significant scandal in the history of the Catholic Church in the United States In contrast Catholics themselves disagree about whether the voting records of some Catholic politicians or the particular policies and practices of Catholic institutions might be called scandalous Such questions often both reflect and intensify divisions within the Catholic community Whether understood as negative public relations or as an action attitude law or institution influencing another to sin scandal affects the Catholic Church s proclamation of the good news of God s saving love This makes theological reflection about scandal an essential aspect of being Catholic today Failure to engage in this reflection risks truncating the tradition and obscuring the Good News This book invites this reflection in order to understand differences in perception and judgment make appropriate courses of action more clear and enable Catholics to participate more effectively and authentically as a faith community in public life Encyclopedia of Women and Religion in North America: Native American creation stories Rosemary Skinner Keller,Rosemary Radford Ruether,Marie Cantlon,2006 A fundamental and well illustrated reference collection for anyone interested in the role of women in North American religious life Views from the Pew, Pulpit and Women Religious Koncel,2010-07-27 In his very personal account Ed Koncel a well read and thoughtful Catholic shares his recollections of the church past his frustrations with the church present and his hopes for Catholicism s more

matters produce more public interest and public anxiety than sex and religion Much of the political contention and division in societies across the world centres on sexual topics and one third of the global population is Christian in background or outlook The issue goes to the heart of present day religion This book seeks to calm fears and encourage understanding through telling a three thousand year long tale of Christians encountering sex gender and the family The message of Lower than the Angels is simple necessary and timely to pay attention to the complexity and contradictions in the history of Christianity The reader can decide from the story told here whether there is a single Christian theology of sex or many contending voices in a symphony that is not at all complete Oxford s Emeritus Professor of the History of the Church introduces an epic of ordinary and extraordinary Christians trying to make sense of themselves and of humanity s deepest desires fears and hopes
