The Lodger Marie Adelaide Belloc Lowndes, 2022-01-06 In *The Lodger* Marie Adelaide Belloc Lowndes masterfully intertwines elements of psychological suspense and social commentary within a richly atmospheric narrative that reflects the anxieties of early 20th century London. The novel unfolds in the claustrophobic confines of a boarding house run by an anxious couple who take in a mysterious man whose peculiar habits and shadowy past evoke a palpable sense of dread. Lowndes employs a gripping gothic tone vividly portraying both the physical space and the psychological turmoil experienced by her characters, culminating in a tension-filled exploration of identity and societal expectations that echoes the fears of an era marred by urban violence and uncertainty. Lowndes, a prominent figure in her time, was deeply influenced by the socio-political landscape of her era, including the rampant fears surrounding Jack the Ripper's legacy. A prolific writer and a keen observer of human behavior, she brought her astute understanding of the complex interplay between personal and societal issues into her fiction. Her unique background, comprising both British and French heritage, enriched her narrative sensibilities and informed her portrayal of middle-class life and its undercurrents. *The Lodger* is highly recommended for readers who appreciate psychological thrillers steeped in historical context. It invites an exploration of ambiguous morality and societal norms through intricate character studies, making it a significant contribution to the genre of crime fiction. Lowndes's work remains strikingly relevant, resonating with contemporary themes of fear and alienation. **Overland**

Hedayat's Blind Owl as a Western Novel Michael Beard, 2014-07-14 The Iranian writer Sadeq Hedayat is the most influential figure in twentieth-century Persian fiction and the object of a kind of cult after his suicide in 1951. His masterpiece *The Blind Owl* is the most important novel of modern Iran. Its abrupt, tortured opening sentence, "There are sores which slowly erode the mind in solitude like a kind of canker," is one of the best-known and most frequently recited passages of modern Persian. But underneath the book's uncanniness and its narrative eccentricities, Michael Beard traces an elegant pastiche of familiar Western traditions. A work of advocacy for a disturbing and powerful

piece of fiction his comprehensive analysis reveals the significance of *The Blind Owl* as a milestone not only for Persian writing but also for world literature The international decentered nature of modernist writing outside the West typified by Hedayat's European education and wide reading in the Western canon suggested to Beard the strategy of assessing *The Blind Owl* as if it were a Western novel Viewed in this context Hedayat's intricate chronicle challenges the very notion of a national literature rethinking and reshaping our traditions until we are compelled through its eyes to see them in a new way Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
