Mission must never fail despite how each passing year adds complexity amidst a world plagued by endless wars and upheavals. The denizens of the North are not secluded from the human world's problems. The complex is not the utopia it was intended to be. Those who call this place home must come to terms with the turbulence of history and not allow personal issues to disrupt their commitments. Long before Mistletoe Green came along, there was another far sinister elf who used the marvels of the North Pole for her own agenda at the peril of both Santa and elf Anna. Tetsu and Hilda will each face challenges that threaten their legacies and centuries-old friendships. About the series: The Magi Charter. For over two thousand years, the legend of Santa Claus has endured. His is a Mission of peace as outlined in the Magi Charter given to the first Santa by the Child. From humble beginnings following that First Christmas, the Santa lineage has been passed down through the ages. This epic adventure tells the story of those Santas from the founding of the North Pole and the origin of the ancient elves to our modern times where the world's problems affect even those in the secluded complex of the North and concluding in the distant future which finds Santa and the elves committed to their mission on a galactic scale where Christmas traditions are barely recognizable. In every era, those committed to the Mission must find a way to deliver that which is needed most to those most deserving.
