*Lenten Reflections* Milton E. Lopes, 2014-10-03 This book is written for those among us who have weathered life s storms yet sense a nagging emptiness in their spiritual well being *Lenten Reflections From the Desert to the Resurrection* is written for those of us who want to be more spiritual It is divided into four parts Part One sets the framework for a treatment of the study of our salvation It is devoted to the historical roots of Lent its purpose and its theology To that end this section also provides the reader with an overview of the creation story a discussion of evil and sin and a summary of the Trinity and the incarnation Part Two sets the stage for an initial reflection on Lent while Part Three introduces the disciplines needed to successfully pass through the desert to spiritual wholeness Four seminal questions are posed Where are we What are we Who are we Why are we Answers to these questions set the stage for what many spiritual masters call the purgative way in which the Twelve Step Program of Alcoholic Anonymous is suggested as a framework to one s first steps into spiritual wholeness At some point in their spiritual journey the reader moves into what these same spiritual masters call the illuminative and unitive ways Part Four is entitled *The Agony and Exultation* Here we join Jesus on the road to Calvary where he is crucified We know a mysterious joy as he rises from the tomb We end our reflections with his departure from his disciples the coming of the Paraclete and a new understanding of the meaning behind Jesus sacrifice and life on earth

REMEMBERING YOURSELF K. Akdeniz, The moment you take this book into your hands you are in fact stepping onto the threshold of your own journey Perhaps within you there has long been a question Who am I Or perhaps it was a sense of emptiness a subtle lack a quiet weariness that brought you here The Enneagram does not give a direct answer to this question Rather it offers you mirrors What you see in those mirrors may at times sting at times warm you Yet each time it will draw you a little closer to your Essence In the chapters ahead we will move through concepts stages and stories Yet

remember this book speaks less to your mind than to your heart You will not hear its message so much in the words themselves as in the silence they stir within you So let us begin not by knowing but by remembering For this journey will not teach you something new it will simply remind you of what your soul has always known yet quietly forgotten
