Eros for the Other Wendy Farley, 2010-11-01

Practising Feminism Nickie Charles, Felicia

Hughes-Freeland,2013-01-11 In Practising Feminism contributors drawn from a range of backgrounds in anthropology sociology and social psychology explore different ways of practising feminism and their effect on gendered identities The contributors examine feminism and gender identities in different cultures feminism as a politics of transformation the call for recognition of heterosexuality as a politicised identity the practical role of feminism in nationalist struggles power relations and gender differences and the methodological implications of feminist practices They all discuss identity difference and power and their importance to feminist political practice Practising Feminism is an important contribution to the neglected middle ground between post modern deconstructions of difference and identity and continued feminist concern with grounded power relations and the validity of experience **Intuitive Astrology** Elizabeth Rose Campbell,2007-12-18

Intuitive Astrology is simply wonderful I ve used and studied astrology for many years and this is one of the most accessible and practical guides ever written Christiane Northrup M D Author of Women s Bodies Women s Wisdom and The Wisdom of Menopause A user friendly gift of intelligence accessibility and depth ELIZABETH LESSER Co founder of Omega Institute and author of The Seeker s Guide Is astrology destiny Of course not Your birth chart does not foresee a future written in stone and predictive astrology is just a parlor game The original purpose of astrology was to help you tap into your inner wisdom ask yourself the right questions and find your own answers to life s challenges Now this unconventional and refreshing guide helps you reconnect with the sea of intuition that flows through each of us so you can discover your true purpose Based upon the author s nearly twenty years of experience as a professional astrologer this amazing book gives you a secure orientation in the basic principles of astrology and teaches you highly effective techniques for identifying your talent your passion your spiritual support and your connection to community Clear instructions on technically reading the planets signs and houses in your birth chart as well as a primer on the meaning of each Easy to follow intuitive exercises to connect with your cosmic database a wellspring of creativity that encourages you to trust your potential and to love who you are in the present Helpful ways to trust your own limits and use them as inner teachers Twelve true life stories that illustrate the inspiring and uniquely brilliant way in which each of us can bring an astrological script to life If you are drawn to astrology but are intimidated by its apparent complexities this generous comprehensive book is the book for you It presents the basics of astrology with crystal clarity and prepares you to use them with a subtle finely honed precision that no other source provides Even if you re an experienced astrologer you ll be enlightened and stimulated by Elizabeth Rose Campbell s affirmation When you follow your best instincts you follow the stars *Color of Privilege* Aida Hurtado,2005-08-18 This groundbreaking and important book explores how women of different ethnic racial groups conceive of feminism A da Hurtado advances the theory of relational privilege to explain those differing conceptions Previous theories about feminism have predominantly emphasized the lives and experiences of middle class white women A da Hurtado argues that the different responses to feminism by women of color are not so much the result of personality or cultural differences between

white women and women of color but of their differing relationship to white men For Hurtado subordination and privilege must be conceived as relational in nature and gender subordination and political solidarity must be examined in the framework of culture and socioeconomic context Hurtado s analysis of gender oppression is written from an interdisciplinary multicultural standpoint and is enriched by selections from poems by Sandra Cisneros Gloria Anzald a Lorna Dee Cervantes and Elba Sanchez and from plays by El Teatro Campesino the United Farm Workers theater group A final chapter proposes that progressive scholarship and especially feminist scholarship must have at its core a reflexive theory of gender oppression that allows writers to simultaneously document oppression while taking into account the writer s own privilege to analyze the observed as well as the observer A da Hurtado is Associate Professor of Psychology University of California Santa Cruz

Out of the Class Closet Julia Penelope,1994 *Facing the Other* Borbála Faragó, Moynagh Sullivan,2008-12-18 This collection offers a multi faceted investigation of the critical issue of the creation and place of the Other in Ireland The extraordinarily rapid recent economic development of Ireland has effected a profound transformation in the island s social and cultural life In the process old verities and assumptions concerning the nature of Irish society and culture have been called into question with a whole variety of new challenges coming to light The developments of the last two decades have transformed questions of what and who constitutes the Other within Irish society but in the process older societal faultlines based on gender disability and religious difference have not disappeared and historical processes of Othering continue to play a critical role in influencing and moulding the social contours of the new Ireland of the twenty first century Drawing on a number of different disciplinary perspectives this collection presents a number of key analyses of social and cultural practices and policies that reflect anxieties about and negotiations of these changes examining historical and contemporary representation of fears about the porousness of national borders the increasing racialization of the Irish state through social and juridical proscriptions and the popular and official narrative of progress **Hardship & Health Womens Lives** Hilary Graham,2014-01-21 First published in 1993 There are around 16 million women in Britain aged 16 to 59 A total of 6 400 000 live in households with children under 16 representing 40 per cent of all women under retirement age Employment Gazette 1990 The vast majority of women living in households with children are mothers looking after their own offspring *Hardship and Health in Women s Lives* explores the lives of these 6 million women It is particularly concerned with their domestic lives and with the responsibilities and routines that structure what they do at home Disability Reader Tom Shakespeare,1998-09-23 A collection of essays exploring the intellectual implications of a disability equality perspective Leading social scientists draw on current theory and research and offer an overview of contemporary debates
