Summers in Squid Tickle Robert Finch, 2025-06-17 An acclaimed nature writer's moving recollection of his two decades as a summer resident of a Newfoundland fishing village originally known as Squid Tickle Robert Finch arrived in Newfoundland in the summer of 1995 heartsick directionless his old life on Cape Cod in tatters Burnside located in Newfoundland's rugged northeast seemed like a good place to heal The coastal village was home to just fifty year round residents and accessible only by a hundred mile ferry crossing Finch was drawn in by the landscape of low ridges and archipelagos of rocky islands but he returned to Burnside for its strong sense of community and the possibility that it might provide a new pattern for his own life Eventually Finch became a summer resident buying a house playing organ for the church and fishing the area's waters Offering a portrait of the Newfoundland character and culture *Summers in Squid Tickle* explores how three generations of the village have grappled with the changes of the past century from the rise and collapse of commercial cod fishing and the migration of young people away from the outport to the distant hope for tourism and new industries to sustain a disappearing way of life With characteristically elegant prose and deep sensitivity Finch introduces us to Squid Tickle's inhabitants a collection of hardy fishermen vigorous retirees and close neighbors as well as the woman who would become his wife Even as the fish in Squid Tickle's waters vanish Finch sketches the enduring relationship of a village with the sea for food work leisure and a rich community life in the midst of an unforgiving but stunning landscape *Summers in Squid Tickle* speaks to the desire we all have in our era to seek quiet and to reevaluate our connection to each other and the natural world

The Primal Place Robert Finch, 2007-05-09 From acclaimed author and naturalist Robert Finch a richly detailed observance of Cape Cod's seemingly vanished natural and human past as it clings to its present landscape This is a voyage of discovery a personal odyssey into the nature of a single Cape Cod neighborhood It is a rich portrait beautifully drawn of a landscape and a community whose essential character lies in their penetrating interface with the sea But it is also an individual quest a journey of the heart and mind in which the author seeks entrance or rather re entrance into that vast living maze stretching out beyond my lines of sight

Ptown Peter Manso, 2003-05-06 Rich with anecdotes about famous and infamous residents Norman Mailer Tennessee Williams Marlon Brando *Ptown* is a lively penetrating and occasionally

shocking look at Provincetown Massachusetts by writer Manso who has lived there for much of his life 16 page photo insert
The Iambics of Newfoundland Robert Finch, 2010-05-07 In these evocative sketches stories and essays one of our finest observers of the natural world explores the stunning but often dangerously inhospitable island of Newfoundland Channeling rather than overwhelming his subject Finch's caring hand
Nature Writing Robert Finch, John Elder, 2002 The first anthology to represent the full range of nature writing's rich and flourishing tradition from lyrical essays to thoughtful encounters with new ethical and ecological concerns

Nature and Culture in the Northern Forest Pavel Cenkl, 2010-03-15 Nearly 30 million acres of the Northern Forest stretch across New York Vermont New Hampshire and Maine Within this broad area live roughly a million residents whose lives are intimately associated with the forest ecosystem and whose individual stories are closely linked to the region's cultural and environmental history The fourteen engaging essays in *Nature and Culture in the Northern Forest* effectively explore the relationships among place work and community in this complex landscape Together they serve as a stimulating introduction to the interdisciplinary study of this unique region Each of the four sections views through a different lens the interconnections between place and people The essayists in *Encounters* have their hiking boots on as they focus on personal encounters with flora and fauna of the region The energizing accounts in *Teaching and Learning* question our assumptions about education and scholarship by proposing invigorating collaborations between teachers and students in ways determined by the land itself not by the abstractions of pedagogy With the freshness of Thoreau's irreverence the authors in *Rethinking Place* look at key figures in the forest's literary and cultural development to help us think about the affiliations between place and citizenship In *Nature as Commodity* three essayists consider the ways that writers from the nineteenth and early twentieth centuries thought about nature as a product and thus how their conclusions bear on the contemporary retailing of place The writers in *Nature and Culture in the Northern Forest* reveal the rich affinities between a specific place and the literature thought and other cultural expressions it has nurtured Their insightful and stimulating connections exemplify adventurous bioregional thinking that encompasses both natural and cultural realities while staying rooted in the particular landscape of some of the Northeast's wildest forests and oldest settlements
For Love of the World Sherman

Paul, 1992-10-01 Along with poets philosophers and deep ecologists nature writers who may be something of all three address the world alienation of Western civilization By example as well as with words they teach us to turn from the self to the world from ego to ecos In these deeply felt meditative essays Sherman Paul contemplates the cosmological homecoming of nature writers who show us how to reenter the world participate in it and recover respect for it In *For Love of the World* Sherman Paul considers Thoreau John Muir and Aldo Leopold major writers in the American tradition of nature writing Henry Beston and Loren Eiseley writers not yet so canonical and Richard Nelson and Barry Lopez our estimable contemporaries Paul's meditative mode follows the practice of naturalists who enter the field come into the open and relate their immediate

experiences In the most primary and direct way his essays belong to our moment in history when nothing is more essential than our reattachment to earthly existence They will reawaken our love of the world the necessary eros of ecos and our wonder at and gratitude for being This Luminous Coast Jules Pretty,2015-06-04 Over the course of a year Jules Pretty walked along the shoreline of East Anglia in southeastern England eventually exploring four hundred miles on foot and another hundred miles by boat It is a coast and a culture that is about to be lost not yet perhaps but soon to rising tides and industrial sprawl This Luminous Coast takes the reader with him on his journey over land and water over sea walls of dried grass beside stretched fields of golden crops alongside white sails gliding across the intricate lacework of invisible creeks and estuaries under vast skies that are home to curlews and redshanks and the outpourings of skylarks East Anglia s coastline is as much a human landscape as it is a natural one and Pretty is equally perceptive about the region s cultural heritage and its industrial wild fishing villages and the modern seaside resorts family farms and oil refineries pleasure piers and concrete seawalls cozy pubs and military installations Through words and photographs Pretty interweaves stories of the land and sea with people past and present He is a passionate and sensitive guide to a region in transition under stress and perhaps even doomed as finely attuned to its history as he is to its unique sensory world **The East Country** Jules

Pretty,2017-09-15 The East Country is a work of creative nonfiction in which the acclaimed nature writer Jules Pretty integrates memoir natural history cultural critique and spiritual reflection into a single compelling narrative Pretty frames his book around Aldo Leopold and his classic A Sand County Almanac bringing Leopold s ethic that some could live without nature but most should not into the twenty first century In The East Country Pretty follows the seasons through seventy four tales set in a variety of landscapes from valley to salty shore Pretty convinces us that we should all develop long attachments to the local observing that the land can change us for the better **Reasonable Doubt** Peter Manso,2017-12-19 In January 2002 forty six year old Christa Worthington was found stabbed to death in the kitchen of her Cape Cod cottage her curly haired toddler clutching her body A former Vassar girl and scion of a prominent local family Christa had abandoned a glamorous career as a fashion writer for a simpler life on the Cape where she had an affair with a married fisherman and had his child After her murder evidence pointed toward several local men who had known her Yet in 2005 investigators arrested Christopher McCowen a thirty four year old African American garbage collector with an IQ of 76 The local headlines screamed Black Trash Hauler Ruins Beautiful White Family and Black Murderer Apprehended in Fashion Writer Slaying while the sole evidence against McCowen was a DNA match showing that he d had sex with Worthington prior to her murder There were no fingerprints no witnesses and although the state medical examiner acknowledged there was no evidence of rape after a five week trial replete with conflicting testimony and accusations of crime scene contamination McCowen was condemned to three lifetime sentences with no parole Rarely has a homicide trial been refracted so clearly through the prism of those who engineered it Bestselling author and biographer Peter Manso dug deep into the case and the results were

explosive The Cape DA indicted the author threatening him with fifty years in prison In this exhaustively researched and vividly accessible book Manso bares the anatomy of a horrific murder a botched investigation rife with bias and one of the most grossly unjust verdicts in modern trial history Page 4 of cove
