**The New Queer Aesthetic on Television** James R. Keller, Leslie Stratyner, 2005-11-18 Television is awash with newly embraced gay and lesbian themes that have crossed over into the collective pop culture of America Dramas like *Queer As Folk* and *The L Word* comedies like *Will Grace* and even reality shows including the popular *Queer Eye for the Straight Guy* signify a new commercial acceptance of homosexuality that has never been seen before in the United States However the increasing exposure has prompted critics to argue that the gay and lesbian representation on television is oversimplified and is rife with one dimensional characters Ultimately the viewers will decide the future of homosexuality and homosexual characters on television The text offers essays that explore such topics as the politics of representation and the clash of progressive and regressive social agendas in television and the emphasis on

the search for a space for gays lesbians bisexuals and the transgendered within the mainstream media The book contains criticisms of characters in such shows as Six Feet Under Queer As Folk Friends and Ellen

**Grant Wood** R. Tripp Evans, 2010-10-05 He claimed to be the plainest kind of fellow you can find There isn't a single thing I've done or experienced said Grant Wood that's been even the least bit exciting Wood was one of America's most famous regionalist painters to love his work was the equivalent of loving America itself In his time he was an almost mythical figure recognized most supremely for his hard-boiled farm scene American Gothic a painting that has come to reflect the essence of America's traditional values a simple decent homespun tribute to our lost agrarian age In this major new biography of America's most acclaimed and misunderstood regionalist painter Grant Wood is revealed to have been anything but plain or simple R. Tripp Evans reveals the true complexity of the man and the image Wood so carefully constructed of himself Grant Wood called himself a farmer painter but farming held little interest for him He appeared to be a self-taught painter with his scenes of farmlands farm workers and folklore but he was classically trained a sophisticated artist who had studied the Old Masters and Flemish art as well as impressionism He lived a bohemian life and painted in Paris and Munich in the 1920s fleeing what H. L. Mencken referred to as the booboisie of small town America We see Wood as an artist haunted and inspired by the images of childhood by the complex relationship with his father stern pious the manliest of men with his sister and his beloved mother Wood shared his studio and sleeping quarters with his mother until her death at seventy-seven he was forty-four We see Wood's homosexuality and how his studied masculinity was a ruse that shaped his work Here is Wood's life and work explored more deeply and insightfully than ever before Drawing on letters the artist's unfinished autobiography his sister's writings and many never before seen documents Evans's book is a dimensional portrait of a deeply complicated artist who became a National Symbol It is as well a portrait of the American art scene at a time when America's Calvinistic spirit and provincialism saw Europe as decadent and artists were divided between red-blooded patriotic men and hothouse aesthetes Thomas Hart Benton said of Grant Wood When this new America looks back for landmarks to help gauge its forward footsteps it will find a monument standing up in the midst of the wreckage This monument will be made out of Grant Wood's works

**Coming Together** Ryan Powell, 2019-07-15 In Coming Together Ryan Powell captures the social and political vitality of the first wave of movies made by for and about male desiring men in the United States between World War II and the 1980s From the underground films of Kenneth Anger and the Gay Girls Riding Club to the gay liberation era hardcore films and domestic dramas of Joe Gage and James Bidgood Powell illuminates how central filmmaking and exhibition were to gay socializing and worldmaking Unearthing scores of films and a trove of film-related ephemera Coming Together persuasively unsettles popular histories that center Stonewall as a ground zero for gay liberation and visibility Powell asks how this generation of movie making which defiantly challenged legal and cultural norms around sexuality and gender provided and may still provide meaningful models for living

**Interrogating Trauma** Mick Broderick, Antonio

Traverso,2013-09-27 Throughout the past century traumatic experiences have been re enacted frequently by evolving media and art forms Now there is a significant body of theory across academic disciplines focused on the representation of cataclysmic European and US historical events However less critical attention has been devoted to the representation of havoc outside the West even though depictions of Third World disasters saturate contemporary media and art around the globe This book considers traumatic histories internationally in a broad range of creative arts and visual media representations Deploying diverse applications of the conventional theories of trauma it examines the theoretical limitations at the same time as considering alternative methodologies Interrogating Trauma is concerned with the examination of the concept of trauma and how it is often unproblematically used to theorise the cultural representation of disaster and atrocity It offers a theorisation of trauma in order to reappraise the relationship between cultural representation and the socio historical processes which are marked by violence conflict and suffering This book was published as a special issue of Continuum Journal of Media and Cultural Studies

**Masked Voices** Craig M. Loftin,2012-04-02 Finalist for the 2013 Over the Rainbow Selection presented by the Gay Lesbian Bisexual and Transgendered Round Table GLBTRT of the American Library Association In this compelling social history Craig M Loftin describes how gay people in the United States experienced the 1950s and early 1960s a time when rapidly growing gay and lesbian subcultures suffered widespread discrimination The book is based on a remarkable and unique historical source letters written to ONE magazine the first openly gay publication in the United States These letters most of which have never before been published provide extraordinary insight into the experiences thoughts and feelings of gay men and lesbians nationwide especially as they coped with the anxieties of the McCarthy era The letters reveal how gay people dealt with issues highly relevant to LGBT life today including job discrimination police harassment marriage homophobia in families and persecution in churches and the military Loftin shows that gay men and lesbians responded to intolerance and bigotry with resilience creativity and an invigorated belief in their right to live their lives as gay men and lesbians long before this was accepted and considered safe Groundbreaking chapters address gay marriage and family life international gay activism and how antigay federal government policies reverberated throughout the country

**Mapplethorpe and the Flower** Derek Conrad Murray, 2020-06-11 Mapplethorpe and the Flower *Radical Sexuality and the Limits of Control* is the first dedicated book length critical study of the late artist Robert Mapplethorpe s flower photographs The book is an interdisciplinary investigation into the symbolism of the flower as envisioned by a photographer whose production was mired in controversy triggered in large part by his thematic exploration of radical sexuality and queer subcultural life Mapplethorpe came into international prominence due to the public response to his polarizing retrospective exhibition *The Perfect Moment* 1989 1990 a ground breaking collection of images exploring three largely traditional genres of photography the still life the portrait and the human figure If there is one characteristic that unifies the artist s approach to these genres however it is his meticulous attention to the materiality of the photograph as object Mapplethorpe was a

dedicated formalist committed to locating what is most beautiful about his chosen subject producing work under carefully controlled studio conditions that enabled the development of a unique and singular aesthetic vision Bearing this in mind Mapplethorpe and the Flower is dedicated to unpacking how the artist's unique brand of formal sophistication and discipline combined with his conceptual bravado interpenetrates all of his photographs and reaches its formal and conceptual maturation in his flower images There has been significant critical attention paid to the artist's more notorious photographs namely the S M imagery and his now infamous persona as provocateur and sexual renegade Fixation on this dimension of the artist's mythology overshadows the formal details and interlocking representational and political commitments crosscutting the artist's oeuvre Mapplethorpe and the Flower is a recuperative effort one that seeks to locate persistent threads running through the artist's seemingly disparate aesthetic and conceptual investigations

Pop Trickster Fool Kelly M. Cresap, 2004 Analyzes Warhol's persona as a revolutionary performance artist

**Trans America** Barry Reay, 2020-05-07 Trans seems to be everywhere in American culture Yet there is little understanding of how this came about Are people aware that there were earlier periods of gender flexibility and contestability in American history How well known is it that a previous period of trans visibility in the 1960s and early 1970s faced a vehement backlash right at the time that trans in the form of what was then termed transvestism and transsexuality seemed to be so ascendant Was there transness before transsexuality was named in the 1950s and transgender emerged in the 1990s Barry Reay explores this history from a time before trans in the nineteenth century to the transsexual moment of the 1960s and 1970s the transgender turn of the 1990s and the so called tipping point of current culture It is a rich and varied history where same sex desires and identities cross dressing and transsexual and transgender identities jostled for recognition It is a history that is not at all flattering to US psychiatric and surgical practices Arguing for the complexity of a trans past and present Trans America will be a groundbreaking work for the trans community as well as anyone interested in the history of medicine sexuality psychology and psychiatry

**Body Language** Nick Mauss, Angela Miller, Anthony W. Lee, 2023-10-24 Examining this innovative collaboration as a turning point in the history of photography and in queer American culture Body Language is the first in depth study of the extraordinary interplay between photographer George Platt Lynes and PaJaMa painters Paul Cadmus Jared French and Margaret Hoening French These enigmatic photographs issuing from intimate private networks and queer sexualities helped ground friendships and also found their way into the public worlds of fashion and fame Nick Mauss and Angela Miller offer timely readings of how practices of staging collaboration and psychological enactment through the body arced across the boundaries of art and life private and public worlds anticipating contemporary social media For these audacious artists the camera was used not to capture but to actively perform Renouncing photography's conventional role as mirror of the real Lynes and PaJaMa energized forms of worldmaking via a new social framing of the self

After Sound G Douglas Barrett, 2016-08-11 After Sound considers contemporary art practices that reconceive music beyond the limitation of sound This book is called After

Sound because music and sound are in Barrett's account different entities. While musicology and sound art theory alike typically equate music with pure instrumental sound or absolute music, Barrett posits music as an expanded field of artistic practice encompassing a range of different media and symbolic relationships. The works discussed in *After Sound* thus use performance, text, scores, musical automata, video, social practice, and installation while they articulate a novel aesthetic space for a radically engaged musical practice. Coining the term critical music, this book examines a diverse collection of art projects which intervene into specific political and philosophical conflicts by exploring music's unique historical forms. Through a series of intimate studies of artworks surveyed from the visual and performing arts of the past ten years, Pussy Riot, Ultra red, Hong Kai Wang, Peter Ablinger, Pauline Boudry, and Renate Lorenz, and others, *After Sound* offers a significant revision to the way we think about music. The book as a whole offers a way out of one of the most vexing deadlocks of contemporary cultural criticism: the choice between a sound art effectively divorced from the formal historical coordinates of musical practice and the hermetic music that dominates new music circles today. **Getting the Picture** Jason E.

Hill, Vanessa R. Schwartz, 2020-09-08. Powerful and often controversial news pictures promise to make the world at once immediate and knowable. Yet while many great writers and thinkers have evaluated photographs of atrocity and crisis, few have sought to set these images in a broader context by defining the rich and diverse history of news pictures in their many forms. For the first time, this volume defines what counts as a news picture, how pictures are selected and distributed, where they are seen, and how we critique and value them. Presenting the best new thinking on this fascinating topic, this book considers the news picture over time, from the dawn of the illustrated press in the nineteenth century through photojournalism's heyday and the rise of broadcast news and newsreels in the twentieth century and into today's digital platforms. It examines the many kinds of images: sport, fashion, society, celebrity, war, catastrophe, and exoticism, and many mediums including photography, painting, wood engraving, film, and video. Packed with the best research and full-colour illustrations throughout, this book will appeal to students and readers interested in how news and history are key sources of our rich visual culture.
