The Sacred Text Ronald F. Satta,2007-07-15 The advances of geologic science Darwinism theological liberalism and higher textual criticism converged in the nineteenth century to present an imposing challenge to biblical authority The meteoric rise in secular knowledge exerted tremendous pressure on the Protestant theological elite of the time Their ruminations conversations quarrels and convictions offer penetrating insight into their world into their perspective on Scripture and authority and how their outlook was challenged defended and sometimes changed across time Moreover the nineteenth century imbroglis greatly illuminate a recent controversy over biblical authority Some influential modern scholars of American religion contend that the doctrine of the inerrancy of the original autographs is a recently contrived theory a theological aberration decidedly out of concert with mainline orthodoxy since the Reformation They argue that pressure from biblical critics incited late nineteenth century Princeton theologians to fabricate the notion as a way to quell criticism against Scripture American fundamentalists they insist unwittingly adopted inerrancy as orthodoxy being deceived

by this innovation This story has become standard scholarly currency in many quarters However The Sacred Text indicates that fundamentalists and conservative Protestants more generally are the standard bearers of the ascendant theory of biblical authority commonly endorsed among many of the leading Protestant elite in nineteenth century America *Merit and Moses* Andrew M. Elam, Robert C. Van Kooten, Randall A. Bergquist, 2014-07-10 What did writers in the Reformed tradition mean by suggesting that the Covenant of Works with Adam has been republished in the Mosaic Covenant Not all forms of this doctrine of republication are the same *Merit and Moses* is a critical evaluation of a particular version of the republication doctrine one formulated by Meredith G Kline and espoused in *The Law Is Not of Faith* 2009 At the heart of this discussion is the attribute of God's justice and the Reformed view of merit Has classic Augustinian theology been turned on its head Does or can God make a covenant at Sinai with fallen people by which Israel may merit temporal blessings on the basis of works Have merit and justice been redefined in the service of Kline's works merit paradigm The authors of *Merit and Moses* examine the positions of John Murray and Norman Shepherd with respect to the reactionary development of the Klinean republication doctrine Klinean teachings are shown to swing wide of the Reformed tradition when held up to the plumb line of the Westminster Standards which embody the Reformed consensus on covenant theology and provide a faithful summary of Scripture *A Critical Examination of the Doctrine of Revelation in Evangelical Theology* Carisa A. Ash, 2015-07-14 How God reveals himself is an important matter for Christians especially evangelicals For too long Carisa Ash contends evangelicals have rightly affirmed that God reveals through the created world but then they functionally neglect such revelation In this monograph Ash offers a corrective to this practice by presenting a theology of revelation that explores the commonalities between various forms of revelation world written and spoken word and Incarnate Word Particularly aimed at theologians interested in theological method Ash's study will also benefit people interested in faith and learning or interdisciplinary integration Ash argues that evangelicals must strive to align more closely their affirmations and their practice Her critique of current practices in theological method and integration along with the proposed theology of revelation are designed to help move the conversation forward *Studies in the Text of the Old Testament* Dominique Barthélemy, 2012-11-01 *Studies in the Text of the Old Testament* offers to the English speaking world the combined introductions to the first three volumes of Dominique Barthélemy's *Critique Textuelle de l'Ancien Testament* CTAT was the culmination of the Hebrew Old Testament Text Project launched by the United Bible Societies in 1969 and carried out by an international team of Old Testament textual critics under the leadership of Eugene Nida As Emanuel Tov has stated these introductions form an almost complete introduction to the textual criticism of the Hebrew Bible They hold an important place in Old Testament textual criticism and can stand alone apart from the detailed discussions of the textual problems found in the volumes Part one surveys the history of OT textual criticism from its origins to J D Michaelis and presents the Hebrew Old Testament Text Project and its goals Part two describes in detail the background of the modern versions that the HOTTP

took into account in its work Part three the most extensive section discusses the textual witnesses the different forms of the Hebrew text and the contribution of the ancient versions As his concluding program for a critical edition makes clear the groundbreaking work of Barth lemy and the HOTTP served as the basis for the new Biblia Hebraica Quinta which began publication in 2004 UBS undertook the HOTTP to offer Bible translators help in applying the results of textual criticism to their work but there is no doubt that many others will benefit from this work as well as the other volumes in the series

Textual Criticism and the Translator **Heaven in the American Imagination** Gary Scott Smith,2011-06-01 Does heaven exist If so what is it like And how does one get in Throughout history painters poets philosophers pastors and many ordinary people have pondered these questions Perhaps no other topic captures the popular imagination quite like heaven Gary Scott Smith examines how Americans from the Puritans to the present have imagined heaven He argues that whether Americans have perceived heaven as reality or fantasy as God s home or a human invention as a source of inspiration and comfort or an opiate that distracts from earthly life or as a place of worship or a perpetual playground has varied largely according to the spirit of the age In the colonial era conceptions of heaven focused primarily on the glory of God For the Victorians heaven was a warm comfortable home where people would live forever with their family and friends Today heaven is often less distinctively Christian and more of a celestial entertainment center or a paradise where everyone can reach his full potential Drawing on an astounding array of sources including works of art music sociology psychology folklore liturgy sermons poetry fiction jokes and devotional books Smith paints a sweeping provocative portrait of what Americans from Jonathan Edwards to Mitch Albom have thought about heaven Outline-history of Greek Religion Lewis Richard Farnell,1921 *John Courtney Murray & the Growth of Tradition* J.
