## **Outplacement And Inplacement Counseling:**

**Outplacement and Inplacement Counseling** Lawrence M. Brammer, Frank E. Humberger, 1984      The Changing Outplacement Process John L. Meyer, Carolyn C. Shadle, 1994-10-21 With downsizing layoffs and other retrenchment measures afflicting both public and private sectors outplacement consulting has grown from a minor specialty among human resources HR firms and practitioners into an important industry Meyer and Shadle explore changes that have occurred in the outplacement process as well as its practice to provide a clearer understanding of what it is and what it offers organizations and their employees Clearly written and designed to assist management and their HR professionals the book provides not only an insight into the meaning of job loss and its devastating impact on workers and the organization but also a way to help lessen the blow to both Among the topics explored here are the seven dimensions of the new careerism an inclusive definition of outplacement a complete and objective review and analysis of the elements of the outplacement and career transition process and a description of the different kinds of assessment typically offered as part of outplacement It also provides an inside look into this multimillion dollar industry its organization and markets trends and the industry s burgeoning technology The authors answer such questions as Why does one need outplacement counseling Why do corporations pay for it and how much How do outplacement firms contact and contract with corporations How can the outplacement firm provide consultation to downsizing corporations This book is a well researched practical resource for all organizations and their employees in this economically difficult decade      The Complete Guide To Outplacement Counseling Alan J. Pickman, 2013-10-23 Recognized by business managers as a useful and practical tool to assist them in responding to a set of complex business challenges the need for outplacement counseling the process of assisting employees who have lost their jobs to develop effective career plans and to find new employment has grown dramatically during the past two decades Given this rapid expansion of the field assembling organizing and clarifying the body of knowledge and information available about outplacement has become critically important The first comprehensive effort in the field this book presents authoritative up to date information on an exhaustive range of outplacement topics A psychologist and experienced outplacement practitioner the author has recently been chosen as one of the charter fellows of the Outplacement Institute the sole certifying organization for outplacement practitioners Of value to all those interested in the field including current and future practitioners as well as human resources professionals this volume contains essential information for candidates receiving outplacement services counseling students and researchers involved in the study of counseling in business and industry With such a broad audience in mind it contains a wide range of information counseling theory and practical suggestions geared expressly to the needs of practitioners descriptive material on all topics and brief case histories of actual outplacement candidates Written in non technical language the volume brings to life the flavor of outplacement practice This unique volume covers topics not addressed elsewhere in the current outplacement literature including the psychological barriers to

a successful job search the behavioral and counseling implications of the outplacement setting the theoretical basis of outplacement counseling the relation between outplacement and psychotherapy the professional development opportunities for outplacement practitioners the supervision of outplacement practitioners the cross cultural issues to be considered in outplacement the relation of outplacement to other career development professionals and the marketing of outplacement services Also of importance the appendices offer data not previously disseminated to the general public including competencies standards for OPC practitioners as established by the International Association of Outplacement Professionals IAOP standards of ethical practice for outplacement professionals as established by the IAOP and listings of information resources for OPC practitioners and candidates featuring a section on computer based sources for conducting career related research *Resources in Education* ,1996 *Handbook of Stressful Transitions Across the Lifespan* Thomas W. Miller,2009-11-28 This volume provides a unique and valuable contribution to our understanding of the impact of stressful life events and mass trauma on the person the culture and society in the course of the life span It provides a comprehensive look at our psychological state of affairs at the beginning of the twenty first century There are several volumes that address some or most of these areas indivi ally but this volume is unique in that it has brought together theoreticians researchers and clinicians who address critical challenges in our lives But we are now several months into the global financial crisis requiring a transition not only for the western world but for the third world How on earth do families in trauma zones from Sri Lanka to Afghanistan New Orleans to Gaza cope with similar declining older relatives with added traumas and zero medical resources attempt to survive In news reports politicians and financiers denying the inevitable and struggling for solutions that cannot be relevant to the new reality that they have yet to discover **The International Forum for Logotherapy** ,1984
