Dreiser to make the fire sign his metaphor for the city An actual Broadway sign might have inspired F Scott Fitzgerald's *The Great Gatsby* In *Manhattan Transfer* and *U S A* John Dos Passos portrayed America as just a spectacular sign William Faulkner's electric signs are full of sound and fury signifying modernity *The Last Tycoon* was a sign of Fitzgerald's decline The signs of noir can be traced to Poe's *The Man of the Crowd* Absence flickers in the neons of Raymond Chandler's *Los Angeles* The death of God haunts the neon wilderness of Nelson Algren Hitler's empire was an non intentional parody of Nathanael West's *California* The beats reinvented Times Square in their own image Jack Kerouac's search for the center of Saturday night was a quest for transcendence *Sacred Origins of Profound Things* Charles Panati,1996-12-01 In this enlightening and entertaining work Charles Panati explores the origins of hundreds of religious rituals customs and practices in many faiths the reasons for religious holidays and sacred symbols and the meanings of vestments sacraments devotions and prayers Its many revelations include Why the Star of David became the Jewish counterpart of the Christian cross What mortal remains of the Buddha are venerated today How the diamond engagement ring became a standard That the first pope was a happily married man How Hindu thinkers arrived at their concept of reincarnation Why Jews don't eat pork why some Muslims don't eat certain vegetables and how some Christians came to observe meatless Fridays *Sacred Origins of Profound Things* is an indispensable resource for all those interested in the history of religion and the history of ideas and an inspiring guide to those seeking to understand their faith *Approaching the Divine* Margaret Loewen Reimer,2018-05-14

Stone: Volume 2 J. Marc. Merrill, 2012-05-04 Like the Great Pyramid mysteries surround the other pyramids as well as other features found at the Giza plateau in Egypt For example Why does the second pyramid have two entrances both off center while the single entrance to the third pyramid is centered What was the purpose of the two lower chambers in the second pyramid Moreover why was the sarcophagus in this pyramid made to be wider than the passages that lead to the upper chamber In a related matter why were the bones of a bull placed in the sarcophagus And why was the sarcophagus sunk into the floor up to its lid At the third pyramid why were parts of a body dating to the Christian period wrapped in a coarse yellow woolen cloth and buried beneath three feet of rubbish in the upper chamber Why in the third pyramid was the lower vaulted chamber designed so that it would absorb both sound and light Out on the plateau what was the purpose of the so called trial passages On the south side of the Great Pyramid why was an ancient boat dismantled and buried in a pit east of that pyramids north south axis And what was stored in the other pit west of the axis Do the four so called air shafts in the Great Pyramid link the three major pyramids together And how are the compartments above the Kings Chamber related to the end time David Furlong author of The Keys to the Temple says the whole of the Giza complex was based on a coherent design intended to portray a spiritual theme page 89 Volume 2 of Books Written in Stone Enoch the Seer the Pyramids of Giza and the Last Days provides the evidence to support this thesis The Mysteries of the Great Cross of Hendaye Jay

Weidner, Vincent Bridges, 2003-12-10 Decodes the message inscribed on the Great Cross of Hendaye in France Uses the work of 20th century alchemist Fulcanelli to predict the date of the fatal season of the apocalypse Shows how periodic galactic alignments may cause catastrophes on Earth Examines how the secret of the center of the galaxy reveals the true location of the lost civilization of Atlantis Reveals the alchemical secret of the imperishable Light Body of ancient Egypt deep within our DNA The Mysteries of the Great Cross of Hendaye reveals one of Western occultism s deepest secrets The alchemical transformation of base metal into gold is also the transformation of the current Iron Age into the Golden Age Based on the work of the enigmatic 20th century alchemist Fulcanelli authors Weidner and Bridges show how the greatest alchemical secret is that of time itself and that coded into an obscure monument in southwestern France the cross in the town square of Hendaye is the imminent date of the apocalypse The authors explorations of this symbolism lead them from the cross of

Hendaye to the western facade of the cathedral of Notre Dame in Paris the Pyrenees ancient Egypt and the secret origins of Atlantis in Peru to reveal that we are indeed living in a fatal season and that this season is intimately connected to our solar system's alignment with the galactic center The authors in depth examination of alchemy's connection with the coming end days also reveals that this astro alchemical knowledge was part of the sacred science of the Egyptians and the Atlanteans whose coded messages are at last deciphered to guide humanity to its future destiny *Building Bridges of Time, Places and People: Volume I* J. Marc Merrill, 2012-05-03

Mysteries associated with ancient Egypt are not confined to the pyramids of Giza For example consider these One Egyptian hieroglyph is patterned after a bird known as the jabiru another is an image of a saguaro cactus Both the jabiru and the saguaro are found only in the Western Hemisphere so how did they become hieroglyphs Tutankhamen is referred to as the boy king by Egyptologists Why then were statues found in the tomb portraits of a young woman Hatshepsut is said to have been a female pharaoh who reigned for 22 years but then disappeared from the scene What happened to her And why was her image expunged from the walls of temples Senenmut a favorite of Hatshepsut wrote that he had access to all the writings of the prophets Which prophets did he mean Why does the face of the mummy of Ramesses II not match the statues of this great pharaoh Also why did the embalmers remove the stomach and place the heart on the right side of the thorax And why were diced tobacco leaves from the Western Hemisphere used to line the chest cavity Why was Yuya supposedly the father of the great Queen Tiy buried with three coffins while his wife had only two Moreover why did the mask that covered his face along with the face on the innermost coffin look totally different from the mummy and from each other Death masks were found not just in Egypt but in Greece as well The most famous of these came from grave 5 at Mycenae Each eye of this gold mask has double eyelids In addition like the Sphinx at Giza and the Shroud of Turin the left eye is higher than the right and the mouth is not centered How can such similarities be explained Turning to Italy on the underside of the right wrist of the Prima Porta statue of Augustus there is the distinct impression of the head of a spike According to historians this statue depicts the first emperor of Rome but what if it is instead a portrait of a man who was crucified These mysteries along with many others are examined in detail and then convincingly explained in this first of two volumes to explore crucial links between Egypt Israel Greece and Italy Powwowing Among the Pennsylvania Dutch David W. Kriebel, 2007

Known in Pennsylvania Dutch as brauche or braucherei the folk healing practice of powwowing was thought to draw upon the power of God to heal all manner of physical and spiritual ills Yet some people believed and still believe today that this power to heal came not from God but from the devil Controversy over powwowing came to a climax in 1929 with the York Hex Murder Trial in which one powwower from York County Pennsylvania killed another powwower who he believed had placed a hex on him In Powwowing Among the Pennsylvania Dutch David Kriebel examines the practice of powwowing in a scholarly light and shows that contrary to popular belief the practice of powwowing is still active today Because powwowing lacks extensive scholarly documentation David Kriebel's descriptions of powwowing as it was practiced in

years past compared with the practice today a discussion of the belief of powwowing as healing and a discussion of the future if any of powwowing and what it will take for powwowing to continue to survive *Russian Refuge* Susan Wiley

Hardwick,1993-12-15 In 1987 when victims of religious persecution were finally allowed to leave Russia a flood of immigrants landed on the Pacific shores of North America By the end of 1992 over 200 000 Jews and Christians had left their homeland to resettle in a land where they had only recently been considered the enemy Russian Refuge is a comprehensive account of the Russian immigrant experience in California Oregon Washington Alaska and British Columbia since the first settlements over two hundred years ago Susan Hardwick focuses on six little studied Christian groups Baptists Pentecostals Molokans Doukhobors Old Believers and Orthodox believers to study the role of religion in their decisions to emigrate and in their adjustment to American culture Hardwick deftly combines ethnography and cultural geography presenting narratives and other data collected in over 260 personal interviews with recent immigrants and their family members still in Russia The result is an illuminating blend of geographic analysis with vivid portrayals of the individual experience of persecution migration and adjustment Russian Refuge will interest cultural geographers historians demographers immigration specialists and anyone concerned with this virtually untold chapter in the story of North American ethnic diversity **The Church**
