Politicians 1945 1960 1st Edition:

Profiles in Character Joseph M. Hernon, 1997 Afterword A Note on Sources Notes Index Profiles in Character Joseph Martin Hernon, 2016-09-16 A take off of Kennedy's Profiles in Courage which argues that the best known US senators don't deserve their renown as much as some lesser known ones Over the course of ten biographical chapters this book tells the story of 16 men's lives in the Senate in relation to each other *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1972 **Manhood and Politics** Wendy L. Brown, 1998-09-20 Is politics gendered Wendy Brown thinks so and argues for this point with elegance imagination and pungent phrases Brown's book is challenging provocative and original it does force us to question the degree to which gender controls our politics THE REVIEW OF POLITICS *The Kennedy Family* S. J. Fuller, 2007 America has no official royalty by design Yet there have been the Roosevelts the Adams the Bushes the wannabee Clintons and most intriguing of all the Kennedys The Kennedys have so far only reached the presidency once but the assassination of JFK and his brother Robert and the trials and tribulations of the family members and society in general continue to fascinate the world This new book presents more than 1200 citations of books and related materials arranged by family member The accompanying CD ROM offers ready access and easy searching **In the Face of Diversity** Nathan D. Gardner Molina, 2025-05-01 The unity or uniformity of the Chinese Australian community has been frequently referenced in many recent political popular and even academic discussions The oneness of the community is often described as latent and inevitable if not already a fact Yet many Chinese Australians have also aspirationally used collective terms to refer to themselves there have been perennial calls to unite and advance the community or have it speak with one voice But has a united or unitary Chinese Australian community ever actually existed If so would a united community be a means to an end or an end in itself And where would this community sit in contemporary multicultural Australia I Am You Are We Are attempts to answer to these questions it is a history of more than a dozen Chinese Australian community organisations from across the country over five decades that draws on the English and Chinese language materials these organisations have produced over the years as well as interviews with ten past and present leaders Instead of a single community the evidence demonstrates the existence of many diverse Chinese Australian communities Consequently the book advances two ideas Chinese Australian unity presents itself as a chimera that inhabits the social space shared by Chinese Australians and has only ever been momentarily or partially grasped by community organisations Imagining the Chinese Australian community has nonetheless produced real world outcomes the most prominent being a highly participatory style of Australian multiculturalism These two ideas are woven through six moments in recent history that have been highly decisive for Chinese Australian communities I Am You Are We Are conveys Chinese Australian history in clear and evocative prose while remaining academically authoritative and socially conscious The result is a work that dismantles the prevailing myth of a single Chinese bloc to rebuild an appreciation of multiculturalism in Australia along with specific contributions

made by Chinese Australian communities **Performance Art in the Second Public Sphere** Katalin Cseh-Varga, Adam Czirak, 2018-02-01 Performance Art in the Second Public Sphere is the first interdisciplinary analysis of performance art in East Central and Southeast Europe under socialist rule By investigating the specifics of event based art forms in these regions each chapter explores the particular critical roles that this work assumed under censorial circumstances The artistic networks of Yugoslavia Hungary Latvia Lithuania Poland Romania East Germany and Czechoslovakia are discussed with a particular focus on the discourses that shaped artistic practice at the time drawing on the methods of Performance Studies and Media Studies as well as more familiar reference points from art history and area studies **No Turning Back** Estelle Freedman, 2003-01-01 On the situations of women around the world today this one book provides more illumination and insight than a dozen others combined Freedman s survey is a triumph of global scope and informed precision NANCY F COTT Professor of History Harvard University Repeatedly declared dead by the media the women s movement has never been as vibrant as it is today Indeed as Stanford professor and award winning author Estelle B Freedman argues in her compelling book feminism has reached a critical momentum from which there is no turning back Freedman examines the historical forces that have fueled the feminist movement over the past two hundred years and explores how women today are looking to feminism for new approaches to issues of work family sexuality and creativity Drawing examples from a variety of countries and cultures from the past and the present this inspiring narrative will be required reading for anyone who wishes to understand the role women play in the world Searching in its analysis and global in its perspective No Turning Back will stand as a defining text in one of the most important social movements of all time *Radical Politics in Modern Turkey* Jacob M. Landau, 2016-03-31 The fact that the active and organized involvement of radical movements in Turkish politics is a recent development renders its investigation difficult To be meaningful the terms Left Right and Islamist have to relate to specific situations and against a background of freedom of action In Turkey therefore the main field of study should be the years following the 1960 Revolution the period which is the main concern of this book first published in 1974 **Religion and Global Politics** Sheriff Folarin, Olusola Ogunnubi, 2022-06-21 Religion and Global Politics Soft Power in Nigeria and Beyond examines the deployment of religious soft power in African states and the potential it has for transforming perceptions of the continent The contributors refocus the attention on religion away from the misery discourse of conflict and violence towards the domain of international relations diplomacy and foreign policy in Africa Through this shift the contributors analyze the ways in which religion has impacted the external relations of African states Religion and Global Politics introduces the theme of religion to the discourse of African international relations and politics to provide a thorough examination of religion s influence on politics in the daily lives of African people *American Book Publishing Record Cumulative, 1950-1977* R.R. Bowker Company. Department of Bibliography, 1978 *Modern England, 1901-1984* Alfred F. Havighurst, 2004-07-08 The most comprehensive bibliography of printed books articles and standard texts on twentieth

century England **"Painting, Politics and the Struggle for the ?ole de Paris, 1944?964 "** Natalie Adamson, 2017-07-05 Painting Politics and the Struggle for the ole de Paris 1944 1964 is the first book dedicated to the postwar or nouvelle ole de Paris It challenges the customary relegation of the ole de Paris to the footnotes not by arguing for some hitherto hidden merit for the art and ideas associated with this school but by establishing how and why the ole de Paris was a highly significant vehicle for artistic and political debate The book presents a sustained historical study of how this school was constituted by the paintings of a diverse group of artists by the combative field of art criticism and by the curatorial policies of galleries and state exhibitions By thoroughly mining the extensive resources of the newspaper and art journal press gallery and government archives artists writings and interviews with surviving artists and art critics the book traces the artists exhibitions and art critical debates that made the ole de Paris a zone of aesthetic and political conflict Through setting the ole de Paris into its artistic social and political context Natalie Adamson demonstrates how it functioned as the defining force in French postwar art in its defence of the tradition of easel painting as well as an international point of reference for the expansion of modernism In doing so she presents a wholly new perspective on the vexed relationships between painting politics and national identity in France during the two decades following World War II *Dictionary Catalog of the Department Library* United States. Department of the Interior. Library, 1969 *Northern Ireland at the Crossroads* M. Mulholland, 2015-12-22 Centred on the dramatic premiership of Terence O Neill Northern Ireland at the Crossroads examines the most hopeful decade for Ulster Unionism this century O Neill s bold ambition to reach out to catholics inspired optimism but also massive political instability Though concerned with the drama and personalities of high politics this book has much to say on popular attitudes in one of the world s most politicised societies New light is shed on Paisleyism discrimination and the civil rights movement *America's Political Class Under Fire* David A. Horowitz, 2013-12-02 While the clash between what has been called the modern and undeveloped worlds has led to America s military involvement in the Middle East and other places few people realize the tension between the modern and the traditional within the United States Beginning in the 1920 s professional intellectuals and academics began influencing the nation s public policy on matters as diverse as education economics and public health In this thoughtful work David A Horowitz analyzes the tension between the so called New Class of knowledge professionals and their critics who accused them of being out of touch with the common sense of everyday people strangers to the American Way even Communists America s Political Class Under Fire is organized over nine periods of 20th century history providing a window into everything from the Scopes evolution trial and McCarthyism to affirmative action and the Clinton health care fiasco Along the way the book explores the New Left populist conservatism and the mid 90 s reaction to political liberalism which saw Newt Gingrich rise to the top post in the House of Representatives In telling these stories Horowitz seeks to encourage a more balanced and fair minded assessment of the consequences of expertise and applied intellect to democratic existence in the

United States **New Books** National Defense University. Library,1985 Parakratos: Narratives of Political and Military Conspiracies in Modern Greek Historiography Nikola Tohma,2025-06-01 This book analyzes the conspiratorial concept of parakratos translated as deep state or parastate as a Cold War parallel power mechanism that exerted a profound influence on the political landscape in post civil war Greece 1949 1967 A well known phenomenon to the Greek domestic public the far right parakratos became the usual suspect for political murders election rigging and terrorism during this period Despite its notoriety for numerous outrageous incidents including the assassination of the left wing politician Grigoris Lambrakis in Thessaloniki in 1963 the structure of the parakratos has eluded a comprehensive understanding primarily due to the paucity of reliable sources and the absence of a scholarly consensus regarding its nature Parakratos endeavors to problematize the current conception of parakratos by underscoring the capacity of the concept to not only represent but also define and transform the Greek domestic Cold War politics and our perception of it Rather than seeking to explain the presumed conspiracies typically ascribed to the groups and members the book aims to demonstrate how these events influenced the domestic and international politics of the era and thereby contributed to the establishment of a legacy of conspiracy theories as a means of political struggle Moreover it connects the Greek parakratos to the broader debate on parapolitics as well as the concepts of the dual state the security state and the deep state in various national contexts Dialogues on Justice Helle Porsdam,Thomas Elholm,2012-04-02 The contributions presented in this volume are the result of research activities and interdisciplinary encounters organised by the Nordic Network of Law and Literature They focus on current discussions on justice in a Nordic and European context By expanding the focus to justice and humanities beyond law and literature the authors intend to not only cover law and literature in a traditional narrow sense but to embrace different perspectives closely linked to the research and debate about law and literature e g in cultural studies The volume specifically deals with four main themes each of which is described and analysed from different angles by a scholar with a background in the humanities and a scholar with a legal background or lawyer respectively Law and Humanities the Road Ahead History Memory and Human Rights Forgiveness and Law Justice Culture and Copyright Sport and the Home Front Matthew Taylor,2020-05-31 Sport and the Home Front contributes in significant and original ways to our understanding of the social and cultural history of the Second World War It explores the complex and contested treatment of sport in government policy media representations and the everyday lives of wartime citizens Acknowledged as a core component of British culture sport was also frequently criticised marginalised and downplayed existing in a constant state of tension between notions of normality and exceptionality routine and disruption the everyday and the extraordinary The author argues that sport played an important yet hitherto neglected role in maintaining the morale of the British people and providing a reassuring sense of familiarity at a time of mass anxiety and threat Through the conflict sport became increasingly regarded as characteristic of Britishness a symbol of the ordinary everyday lives in defence of which the war was being fought Utilised to support the welfare of war

workers the entertainment of service personnel at home and abroad and the character formation of schoolchildren and young citizens sport permeated wartime culture contributing to new ways in which the British imagined the past present and future Using a wide range of personal and public records from diary writing and club minute books to government archives this book breaks new ground in both the history of the British home front and the history of sport
