Forgotten Scriptures Lee Martin McDonald, 2009-01-01 The early Christian church had a variety of Scriptures and other source material that informed their faith and shaped their thinking But after a few centuries the church decided to keep the twenty seven books of our present New Testament and to treat them as a canonical in faith and practice But what of the other books Many of them have survived and remain valuable for understanding the diversity of the early Christian church and the astounding claims of faith on which it was founded Learning about these ancient documents need not threaten the church s current orthodoxy and authority in fact learning about these texts can help today s Christians form a deeper understanding of the early church **The Book of Psalms** Julius Wellhausen, 1898 **Hitchcock's New and Complete Analysis of the Holy Bible** Roswell Dwight Hitchcock, 1870

What Is Scripture? Wilfred Cantwell Smith, 1994-07-01 W C Smith s vastly erudite work asks how it is that certain texts have so seeped in to human life in a rich complex and powerful way as to be deemed sacred Examining the history and use of scripture in the world s major religious traditions he shows how and why scripture continues to carry momentous and at time appalling power in human affairs The Complete Analysis of the Holy Bible: Nathaniel West, 1868 **How to Read the**

Indigenous Theology and the Western Worldview (Acadia Studies in Bible and Theology) Randy S. Woodley,2022-04-19 This volume by a Cherokee teacher former pastor missiologist and historian brings Indigenous theology into conversation with Western approaches to history and theology Written in an accessible conversational style that incorporates numerous stories and questions this book exposes the weaknesses of a Western worldview through a personal engagement with Indigenous theology Randy Woodley critiques the worldview that undergirds the North American church by dismantling assumptions regarding early North American histories and civilizations offering a comparative analysis of worldviews and demonstrating a decolonized approach to Christian theology Woodley explains that Western theology has settled for a particular view of God and has perpetuated that basic view for hundreds of years but Indigenous theology originates from a completely different DNA Instead of beginning with God created humanity it begins with God created place Instead of emphasizing individualism it emphasizes a corporateness that encompasses the whole community of creation And instead of being about the next world it is about the tangibility of our lived experiences in this present world The book encourages readers to reject the many problematic aspects of the Western worldview and to convert to a worldview that is closer to that of both Indigenous traditions and Jesus
