Medievalism Louise D'Arcens, 2014 The role of laughter and humour in the postmedieval citation interpretation or recreation of the middle ages has hitherto received little attention a gap in scholarship which this book aims to fill Examining a wide range of comic texts and practices across several centuries from Don Quixote and early Chaucerian modernisation through to Victorian theatre the Monty Python films television and the experience of visiting sites of heritage tourism such as the Jorvik Viking Museum at York it identifies what has been perceived as uniquely funny about the Middle Ages in different times and places and how this has influenced ideas not just about the medieval but also about modernity Tracing the development and permutations of its various registers including satire parody irony camp wit jokes and farce the author offers fresh and amusing insight into comic medievalism as a vehicle for critical commentary on the present as well as the past and shows that for as long as there has been medievalism people have laughed at and with the middle ages Louise D Arcens is Associate Professor in English Literatures at the University of Wollongong

The Eisenstein Universe Ian Christie, Julia Vassilieva, 2021-04-22 Over the decades since he was first hailed by critics and filmmakers around the world Sergei Eisenstein has assumed many identities Originally cast as a prophet of revolution and the maestro of montage and later seen as both a victim of and apologist for Stalin's tyranny the scale and impact of Eisenstein's legacy has continued to grow If early research on Eisenstein focused on his directorial work from the legendary Battleship Potemkin and October to the still controversial Ivan the Terrible with time scholars have discovered many other aspects of his multifarious output In recent years multimedia exhibitions access to his vast archive of drawings and publication of his previously censored theoretical writings have cast Eisenstein in a new light Deeply engaged with some of the leading thinkers and artists of his own time Eisenstein remains a focus for many of their successors contested as well as revered Over half a century since his death in 1948 an ambitious treatise that he hoped would be his major legacy Method has finally been published Eisenstein's lifelong search for an underlying unity that would link archaic art with film's modernity individuals with their historic communities and humans as a species with the universe may have more appeal than ever today And among his many thwarted film projects those set in Mexico and what were once the Soviet Central Asian republics reveal complex and still intriguing realms of speculation In this ground breaking collection sixteen international scholars explore Eisenstein's prescient engagement with aesthetics anthropology and psychology his roots in diverse philosophical traditions and his gender politics What emerges has surprising relevance to contemporary media archaeology intermediality cognitive science eco criticism and queer studies as well as confirming Eisenstein's prestige within present day film and audiovisual media

Reel Spirituality Robert K. Johnston, 2006-12 A comprehensive study of theology and film that explores how the Christian faith is portrayed in film throughout history
