Scyld And Scef:

Scyld and Scef Alexander M. Bruce, 2002 In a society where a comic equates with knockabout amusement for children the sudden pre eminence of adult comics on everything from political satire to erotic fantasy has predictably attracted an enormous amount of attention Adult comics are part of the cultural landscape in a way that would have been unimaginable a decade ago In this first survey of its kind Roger Sabin traces the history of comics for older readers from the end of the nineteenth century to the present He takes in the pioneering titles pre First World War the underground comix of the 1960s and 1970s fandom in the 1970s and 1980s and the boom of the 1980s and 1990s including graphic novels and Viz Covering comics from the United States Europe and Japan Adult Comics addresses such issues as the graphic novel in context cultural overspill and the role of women By taking a broad sweep Sabin demonstrates that the widely held notion that comics grew up in the late 1980s is a mistaken one largely invented by the media Adult Comics An Introduction is intended primarily for student use but is written with the comic enthusiast very much in mind Scyld and Scef Alexander M. Bruce, 2014-02-25 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **Anglo-Saxon England: Volume 29** Michael Lapidge, Malcolm Godden, Simon Keynes, 2001-02-08 The editorial policy of Anglo Saxon England has been to encourage an interdisciplinary approach to the study of all aspects of Anglo Saxon culture This approach is pursued in exemplary fashion by many of the essays in this volume Fresh light is thrown on the dating and form of Cynewulf's poem The Fates of the Apostles through a comprehensive study of the historical martyrologies of the Carolingian period on which Cynewulf is presumed to have drawn The literary form of Irfic's Preface to his translation of Genesis is illustrated through a wide ranging study of the rhetorical genre of preface writing in the early Middle Ages the genre which subsequently was known as the ars dictaminis and the problems which Irfic faced and solved in composing a Life of St thelthryth are illustrated through detailed comparison of the sources which he utilized The usual comprehensive bibliography of the previous year's publications in all branches of Anglo Saxon studies rounds off the book *Textual and Material Culture in Anglo-Saxon England* D. G. Scragg, 2003 Significant Anglo Saxon papers with postscripts illustrate advances in knowledge of life and culture of pre Conquest England Thomas Northcote Toller of the Bosworth Toller Anglo Saxon Dictionary is one of the most influential but least known Anglo Saxon scholars of the early twentieth century The Centre for Anglo Saxon Studies at Manchester where Toller was the first professor of English Language has an annual Toller lecture delivered by an expert in the field of Anglo Saxon Studies this volume offers a selection from these lectures brought together for the first time and with supplementary material added by the authors to bring them up to date They are complemented by the 2002 Toller Lecture Peter Baker's study of Toller commissioned specially for this book and by new examinations of Toller's life and work and his influence on the development of Old English lexicography The volume is therefore both an epitome of the best scholarship in Anglo Saxon studies of the last decade and a half and a guide for the modern reader through the major advances in our

cornerstone of Anglo Saxon narrative Satan's Garden E. Hoffman Price, 2016-06-01 It was long past the hour of tinkling glass and song to the guitar and crowded tables at the Caf du Th tre The gray walled city of Bayonne slept in the moonlight like an odalisque overcome with wine and lying bejewelled in a garden whence the musicians had departed It is thus that Bayonne has slept each night of the full moon for more than nineteen centuries at the junction of the Nive and the Adour guarding the road to Spain There were two who sat in a room on the second floor of a house that faced the street running along the city wall One was old and leathery with fierce upturned gray mustaches and eyes that smoldered beneath shaggy brows the other was not more than half his age a lean broad shouldered man whose bronzed features were rugged as the masonry of the fortress and seamed with a saber slash that ran from his cheek bone almost to the chin The younger emerged from the depths of his chair like a panther leaving his cage He paced the length of the room and paused at the window to stare out into the dazzling moon brightness that slowly marched from the rolling tree clustered parkway and invaded the shadows cast by the city wall across the dry moat that skirted it Then as he retraced his steps he glanced at his watch Later than usual tonight Pierre he observed His voice was weary from baffled wrath Do you suppose that It may skip a night Pierre d Artois shook his gray head and sighed Why should It fail to torment her We sit here like dummies you and I And to what purpose Look He indicated the seals on the door at his left It could get through neither door nor window without breaking those seals But It did by heaven exclaimed the younger And Glenn Farrell resumed his pacing the length of the Boukhara rug that carpeted the room He made a gesture of futile rage then resumed But how Pierre and why Pierre d Artois twisted his mustache shook his head again and struck light to a cigarette Farrell sank into the depths of his chair and retrieved the cigar butt he had laid on its arm We couldn t have slept on post without one of us being aware of it resumed Farrell His voice was monotonous from repetition of a statement so often made that he himself had begun to doubt it And if we had He regarded the waxen seals on the door Those seals couldn t have been duplicated with your die locked in a bank vault each night And she couldn t have escaped English literature ... to the Norman conquest Stopford Augustus Brooke, 1898 **A Critical**

The Origins of Beowulf Richard North, 2007-02-08 This book suggests that the Old English epic Beowulf was composed in the winter of 826-7 as a requiem for King Beornwulf of Mercia on behalf of Wiglaf the ealdorman who succeeded him The place of composition is given as the minster of Breedon on the Hill in Leicestershire now Derbyshire and the poet is named as the abbot Eanmund As well as pinpointing the poem's place and date of composition Richard North raises some old questions relating to the poet's influences from Vergil and from living Danes Norse analogues are discussed in order to identify how the poet changed his heroic sources while four episodes from Beowulf are shown to be reworked from passages in Vergil's Aeneid One chapter assesses how the poem's Latin sources might correspond with what is known of Breedon's now lost library while another seeks to explain Danish mythology in Beowulf by arguing that Breedon hosted a meeting with Danish Vikings in 809 This fascinating and challenging new study combines careful detective work with meticulous literary analysis to form a case that no future investigation will be able to ignore
