Cortázar engages the notions of place and displacement as heuristic devices for literary analysis of Borges's and Cortázar's narratives. It maps out these authors' visions of place and displacement in some of their most famous texts, locates the place of Borges's texts within Cortázar's fictional universe and delineates new routes in communication between different literary traditions and philosophical and anthropological discourses. This book also suggests that the challenge of a strict opposition between place and displacement in Borges's and Cortázar's works is both representative and emblematic of a continuum of Latin American literature.

**Mexican Review**, 1917 *Amores Y Otros Cuentos Degénero...* Sida Andrea Saldaña, Andrea Saldaña, 2012-02. Sobre el libro *El libro es una propuesta literaria encaminada a visibilizar la perspectiva de género*. Dentro de los cuentos hay reflexiones con y sin esta herramienta transcurren en diversas pocas con historias reales o ficticias sobresale el anhelo por lo perdido o aún no encontrado sea el amor la responsabilidad la respuesta a las controversias en temas relevantes Encuentros y desencuentros de los amantes o situaciones de crisis de agonía de violencia la mayoría desde la perspectiva de las vidas de las mujeres en cuyas aristas se adivina un sello que separa y atrae a los protagonistas en una cotidianidad que a veces pasa desapercibida. Por ello su rescate analítico y a veces sensual para ofrecer al lector la posibilidad de reflexión sobre las situaciones que impiden o favorecen los cambios culturales dado que estos moldean el comportamiento de los personajes que en mucho se parecen a los de la vida real. The book is a literary proposal to make visible a gender perspective. Within the stories there are reflections with and without this tool. Elapse at different times with real or fictitious stories stands out the yearning for the lost or still not found is love responsibility response to controversies in relevant topics. Encounters and misunderstandings of lovers or crisis situations of agony of violence the majority from the perspective of the lives of women whose edges guess a seal that separates and attracts players in an everyday life that sometimes goes unnoticed. Therefore their rescue playful and sometimes sensual analysis to provide the reader the possibility of reflection on situations that prevent or favour cultural changes given that they shape the behavior of the characters that greatly resemble real life.
