Getting Hired in the '90s Vicki Spina,1995 Designed for job seekers at all levels this simply written straightforward book offers insiders secrets for fast results It's filled with forms charts checklists and tips that help job seekers stand out from the crowd in a competitive job marketplace Topics include recovering from a layoff or termination changing careers tips for relocating and much more

Managing Business Ethics Mel Fugate,2024-12-18 Formerly published by Chicago Business Press now published by Sage Using an applied and practical approach Managing Business Ethics And Your Career Second Edition focuses on the implications of business ethics on students careers and the organizations where they will work Author Mel Fugate's conversational tone makes his coverage of concise philosophical and historical foundations of ethics influential research and real world examples approachable for classroom discussion

Foundations of Psychological Testing Sandra A. McIntire,Leslie A. Miller,2007 I used McIntire and Miller's book on testing in my research course two years ago Students loved this book for its clarity and personality It is hard to imagine how the authors could have improved on the First Edition Nevertheless this new edition of the Foundations of Psychological Testing is better than any of its competitors The authors should be congratulated for making a topic that has been formidable to students in the past much more accessible to today's students Douglas Herrmann Emeritus Professor Indiana State University Director of Research Practical Memory Institute The Second Edition of Foundations of Psychological Testing is a scholarly yet pragmatic and easy to understand text for undergraduate students new to the field of psychological testing Using an engaging conversational format the authors aim to prepare students to be informed consumers as test users or test takers not to teach students to administer or interpret individual psychological tests New to the Second Edition

Incorporates new content This edition includes a new chapter on computerized testing and is updated throughout to reflect new research tests and examples Offers new learning strategies To further promote student comprehension new and enhanced learning aids include a blueprint of text material In the News and On the Web boxes Test Spotlights and an Engaging in the Learning Process section at the end of each chapter with learning activities study tips and practice test questions Encourages instruction through conversation In response to students requests to simplify complex concepts the authors use an easy to read conversational style This format clearly and concisely communicates the basics of psychological testing and relates these basics to practical situations that students can recognize and embrace Instructor Resources on CD are available to qualified adopters including chapter outlines discussion questions teaching tips review questions and more
