Students learn how to craft sentences and paragraphs for various purposes and even edit their own work. They receive instruction and practice in many key writing skills including grammar, punctuation, capitalization, spelling, combining and expanding sentences, and paragraph structure.      BBC Wildlife, 2009      *Surfing Tropical Beats* Sam Bleakley, J. S. Callahan, 2012 Sam Bleakley and the surf EXPLORE team take us on a roller coaster ride through Gabon, India, Vietnam, Algeria, China, and Haiti, drumming up a tropical beat. Combining Deep Travel, John Callahan's incredible photography, and Sam's performance writing, they capture the spirit of these turbulent coastscapes, blood racing, running on salt water fuel. The wide belt around the Equator, the tropics, has become an alluring path for travel, but a region often steeped in war and environmental disasters. Sam and surf EXPLORE go off the regular route, carving a niche, collaborating with locals, documenting the occasion poetically and with precision. Where waves transform from green glass to white foam, the surfboard is the frozen double of that transition, a rainbow bridge that allows you to step in the blink of an eye from inertia to adrenaline-fuelled ecstasy to the fear of the water, wrestling, hold down. The paradoxical red hot and cool blue of surfing and the often icy logic of preparation for challenging travel form a matrix from which springs a distinctive kind of writing as performance. By turns, surf EXPLORE gather their wits at the crossroads where lovers part and souls get taken by the lost high way, lured down the wrong route.      **Psalms 101-150** John William Rogerson, John William McKay, 1977-07-14 This volume follows the general pattern of the series, opening with a discussion of content, of authorship, and of the way the collection came to be put together, followed by a psalm by psalm presentation of the New English Bible text with commentary. Dr. Rogerson and Dr. McKay stress the richness and variety of the material in the Psalms and provide an analytical table of the predominant themes. They discuss the literary characteristics of Hebrew poetry with special reference to devices such as the acrostic and examine the problems faced by the New English Bible translators. Over the years, many different approaches have been made to the interpretation of the Psalms. The authors characterize these as the spiritual, the historical, the form critical, and the cultic approaches, and their own commentary strikes an effective balance between them. One of their primary purposes is to bring out the religious teaching that is of permanent value within the Psalms.      The Nature of Life Mark A. Bedau, Carol E. Cleland, 2018-11-22 Introduces a broad range of scientific and philosophical issues about life through the original historical and contemporary sources.
