Sea Longing:

Sea Longing, 1998 *The Celtic Breeze* Heather McNeil, 2001-10-15 Delve into a world of kelpies mermaids selkies ghosts warlords and fairies This collection gives you Celtic tales previously unrecorded or only found in obscure compilations Mostly collected by the author on her ancestral home of the Isle of Barra in the Hebrides these lesser known tales from Scotland Ireland and Wales are supported by a brief history of the Celts a glossary of the Gaelic integrated in the stories an appendix of superstitions about fairy protection and bibliographies that reflect the author's extensive research Seventeen ballads collected almost one hundred years ago and excerpts from the author's journal of travels in Scotland make this book a unique and valuable resource for anyone who tells stories *Lyra Celtica* J. Matthey, *The People of the Sea* David Thomson, 2020-01-16 Readers will be carried away on successive waves of pleasure and irresistible holistic beauty in this journey to uncover myths of Selchies Seamus Heaney from the introduction When author David Thomson travelled across the coasts of Scotland and Ireland to seek out the legend of the selchies mythological creatures who transform from seals into humans a magical world emerged before him Thomson was enchanted by tales of men rescued by seals in stormy seas and others who took seal women for their wives and had their children suckled by seal mothers The People of the Sea is Thomson's poetic record of his journey into this world and his encounters with people whose connection to the sea and its fertile lore runs deep Winner of the McVitie Prize for his memoir *Nairn in Darkness and Light* David Thomson offers a splendid resurrection of a life that has almost vanished Timeless and haunting The People of the Sea retains its spellbinding charm and brings to life the enchanting stories of these mysterious creatures of Celtic folklore Daily Telegraph UK I know of few books which so ably open a window on the Gaelic scene today or which so faithfully reflect the mind vigour and courtesy of its people Pounds on the imagination like surf on a reef Observer UK **The Philosophy of Tolkien** Peter

Kreeft, 2009-09-03 While nothing can equal or replace the adventure in reading Tolkien's masterwork *The Lord of the Rings* Peter Kreeft says that the journey into its underlying philosophy can be another exhilarating adventure Thus Kreeft takes the reader on a voyage of discovery into the philosophical bones of Middle earth He organizes the philosophical themes in *The Lord of the Rings* into 50 categories accompanied by over 1 000 references to the text of Lord Since many of the great questions of philosophy are included in the 50 theme outline this book can also be read as an engaging introduction to philosophy For each of the philosophical topics in Lord Kreeft presents tools by which they can be understood Illustrated

Lyra Celtica Elizabeth Amelia Sharp, J. Matthey, 1924 *Captain Jenny & the Sea of Wonders* Duncan Thornton, 2001 Young Captain Jenny and her crew search the Sea of Wonders for the Lost City and on the way they encounter danger and adventure **The Hero and the Goddess** Jean Houston, 2006-05-01 A blueprint for personal change inspired by Homer's classic shares empowering exercises that reflect every key stage of the story a process that invites readers to work through loss and suffering search for the divine Beloved and share in the joy of arriving home Original **"The" Life of Nelson the**

Embodiment of the Sea Power of Great Britain Alfred T. Mahan, 1897 **The Life of Nelson: The Embodiment of the Sea Power of Great Britain (Complete)** Alfred Thayer Mahan, The Life of Nelson has been written so often that an explanation almost an apology seems due for any renewal of the attempt but not to mention the attractiveness of the theme in itself it is essential to the completeness and rounding off of the author's discussion of the Influence of Sea Power that he present a study from his own point of view of the one man who in himself summed up and embodied the greatness of the possibilities which Sea Power comprehends the man for whom genius and opportunity worked together to make him the personification of the Navy of Great Britain the dominant factor in the periods hitherto treated In the century and a half embraced in those periods the tide of influence and of power has swelled higher and higher floating upward before the eyes of mankind many a distinguished name but it is not until their close that one arises in whom all the promises of the past find their finished realization their perfect fulfilment Thenceforward the name of Nelson is enrolled among those few presented to us by History the simple mention of which suggests not merely a personality or a career but a great force or a great era concrete in a single man who is its standard bearer before the nations Yet in this process of exaltation the man himself even when so very human and so very near our own time as Nelson is suffers from an association which merges his individuality in the splendor of his surroundings and it is perhaps pardonable to hope that the subject is not so far exhausted but that a new worker gleaning after the reapers may contribute something further towards disengaging the figure of the hero from the glory that cloaks it The aim of the present writer while not neglecting other sources of knowledge has been to make Nelson describe himself tell the story of his own inner life as well as of his external actions To realize this object it has not seemed the best way to insert numerous letters because in the career of a man of action each one commonly deals with a variety of subjects which bear to one another little relation except that at the moment of writing they all formed part of the multifold life the writer was then leading It is true life in general is passed in that way but it is not by such distraction of interest among minute details that a particular life is best understood Few letters therefore have been inserted entire and those which have have been chosen because of their unity of subject and of their value as characteristic The author's method has been to make a careful study of Nelson's voluminous correspondence analyzing it in order to detect the leading features of temperament traits of thought and motives of action and thence to conceive within himself by gradual familiarity even more than by formal effort the character therein revealed The impression thus produced he has sought to convey to others partly in the form of ordinary narrative daily living with his hero and partly by such grouping of incidents and utterances not always nor even nearly simultaneous as shall serve by their joint evidence to emphasize particular traits or particular opinions more forcibly than when such testimonies are scattered far apart as they would be if recounted in a strict order of time Find Me Francesca Riley, 2020-10-23 A magical love An ancient curse To free him she'll give her very soul Skye Sebastian knows he's dangerous Years after a childhood trauma seventeen year old Skye reluctantly returns to the seaside town of her
